Molalla Judith Sanders Chapman, Lois E. Helvey Ray, 2008 Molalla is a small community on the edge of the Willamette Valley where some of the first Oregon Trail settlers arrived in the 1840s Thirty miles south of Portland and north of Oregon's capital at Salem Molalla rests snugly against the foothills of the Cascade Mountains watched over by snowcapped Mount Hood Though close to the region's first capital at historic Oregon City Molalla is an independent Western town famous for its annual Fourth of July Buckaroo rodeo and parade Molalla grew as an important agricultural trade center but is best known for its logging operations and abundant lumber mills People had long visited summer resorts along the Molalla River and rejuvenated at the now vanished Wilhoit Mineral Springs resort Molalla retains its small town atmosphere and independent spirit not unlike the pioneer forebears who made the Molalla Prairie their home **Portland's Multnomah Village** Nanci

Hamilton, 2007 Once rolling countryside and bucolic dairy farmland the area that became Multnomah Village was transformed when the Oregon Electric railroad line connecting Portland to Salem placed a station here in 1908 and brought Multnomah within 15 minutes of Portland's downtown core The electric train opened the way for individual families to build the charming homes of their dreams Over the next 20 years as the rise of the automobile transformed transportation options the village continued to grow and thrive with its own post office grocery stores pharmacy movie house churches school and bank to meet the needs of those living nearby The subsequent rise of shopping centers and large retail grocery chains led to a change in the character of the village which was annexed piecemeal by the city of Portland beginning around 1950 The former village center is now an eclectic yet dynamic mix of shops restaurants and galleries tucked into the storefronts of a generation ago The bones of the village as it was in the past remain visible **A Country Strange and Far** Michael C.

McKenzie, 2022 A Country Strange and Far considers how and why the Methodist Church failed in the Pacific Northwest and how place can affect religious transplantation and growth **Between Bohemia and Suburbia** William J.

Weston, 2019-04-16 This book identifies a distinctive kind of urban neighborhood that is on the rise throughout the USA the dense walkable mixed use bourgeois bohemian suburb or the boburb It looks at case studies of areas to live in Louisville Kentucky Based on scores of interviews with college graduates backed by survey data and Census figures it provides a clear historical account of how these spaces arose Chapters depict analyze and compare the Highlands neighborhood with other Louisville boburbs contrasting them with the ephemeral bohemian quarters and the many suburban subdivisions The Highlands are also compared with five other boburbs around the USA Attention is given to the influence of transportation systems in shaping residential community and commercial spaces Deeper cultural reasons for choosing the boburbs or the suburbs are also explored including the political big sort between liberal and conservative places and Bourdieu's account of how the distinction between economic and cultural capital shapes how people choose to live where they live This book will appeal to those interested in the evolution and distinctions among urban neighborhoods It is ideal for academics and

students within urban geography urban gentrification cities and population *Portland's Goose Hollow* Tracy J. Prince, 2011

One of Portland's oldest neighborhoods Goose Hollow is steps from downtown and beloved for its quirky character historic homes spectacular views and walkability Over a century ago the actual hollow was dramatically altered when the meandering Tanner Creek in a deep gulch with several trestle bridge crossings was diverted underground and infilled The creek's presence is still felt in the ravine carved through the Tualatin Mountains spanned by the Vista Bridge and in the neighborhood's identity This book provides definitive answers to how Goose Hollow got its name and how Tanner Creek Gulch was filled Stories are also told of the Great Plank Road City Park's slow moving landslide and famous residents such as Daniel Lowndale C E S Wood Dr Marie Equi John Reed and Bud Clark Historic institutions such as Civic Stadium Multnomah Athletic Club Lincoln High School and Washington Park are also featured Portland's Woodlawn Neighborhood Anjala Ehelebe, 2008 Portland's Woodlawn neighborhood has transformed from a small autonomous city at the end of the streetcar line to a large firmly middle class district of mostly midsize World War II homes and a few notable Victorian gingerbread trimmed houses former farmhouses that once sat on muddy streets Woodlawn's quirky angled streets remind residents of a time when the streetcar depot was a major feature of the city Today an excellent bus service has replaced the streetcars but most neighbors still enjoy the sounds of the trains at the bottom of the bluff bringing grain to the shipyards and the sweet fragrances wafting down from the cookie factory The movie theater and firehouse are still standing but both now serve different purposes This is a neighborhood where new families are made welcome by the current ones and where a new generation of volunteers is planning a vital and compassionate neighborhood *Sebago Lake, West Shore* Jack Barnes, Diane Barnes, 2000-01-01 The four Cumberland County towns A a Standish Baldwin Sebago and Naples A a along the west shore of Maine A a a second largest freshwater body of water Sebago Lake form the core of the latest work by Diane and Jack Barnes Sebago Lake West Shore Even at a time when the vast hinterland of Maine was plagued by raids from Native Americans allied to the French intrepid woodsmen and settlers ventured into the rugged primeval wilderness via the Presumpscot and Saco rivers as far as Standish But by 1830 the Cumberland Oxford Canal was completed and the four towns in this volume and several others in the area were linked to Portland and beyond For the next 40 years the area was well served by this 17 mile canal In 1870 the Portland Ogdensburg Railroad reached the west shore of Sebago Lake This gave birth to the colorful steamboat era invited sportsmen excursionists and vacationers to flock to the area and encouraged many enterprising farmers to open their doors to boarders Hotels however soon replaced many of the boarding houses and a strong tourism industry had begun in earnest Through precious old photographs and extensive research Sebago Lake West Shore chronicles the time of the earliest settlement of Standish Baldwin Sebago and Naples to the grand hotel era and more recent times These pages are replete with common and unfamiliar images that combine to regale the history of the west shore The First to Cry Down Injustice Ellen Eisenberg, 2008-01-01 Although American Jews had already embraced the

principle of fighting prejudice in all forms western Jews often did not apply it to specific local issues involving Japanese Americans during World War II In *The First to Cry Down Injustice* Eisenberg analyzes the range of Jewish responses including silence opposition to and support for the policy to the mass removal of Japanese Americans as the product of a distinctive western ethnic landscape [Hidden History of Cambridge & Harvard](#) Jane Merrill,2023 Hasty Pudding meetings were enlivened with mock trials spoofing happenings in Cambridge and among the faculty by 1860 the trials had evolved into shows In a corner of the Cambridge Common across from Harvard Yard a Gilded Age statue of a Puritan has been toppled several times Letters home from Robert Kennedy were found stashed on a high shelf in a college room he occupied over 30 years after he graduated **Seaside: 1920-1950** Susan L. Glen,2007-07-01 Following the great fire of 1912 through the Daddy Train era Seaside grew as a holiday and summer resort The opening of the Oregon Coast Highway from Astoria to California in the late 1920s and of Wolf Creek Highway Sunset Highway in the late 1930s made Seaside accessible from Portland by automobile Reconstruction of the boardwalk the era of the big bands saltwater swimming pools and lumber riots kept Seaside in the news Seaside survived the crash of the stock market and World War II brought about an era of reconstruction along with the Miss Oregon pageant Seaside 19201950 documents the citys growth and the people and businesses that helped it flourish
