The People's Art Union. The Historic Gallery of Portraits and Paintings, with Brief Memoirs of the Most Celebrated Men of Every Age and Country, Etc ,1835      **Portraits in Character** Craig W. Tidball,2005-09 Learn from the lives of

exceptional people in this unique collection of tributes given to family friends and business colleagues by the author The recipients are as diverse as William Hudnet the mayor of Indianapolis IN Craig s father who received an honorary doctorate from Greenville College and several colleagues from Edward Jones Investments In Craig Tidball s words This book is about the masters the artists of life who work among us every day and their medium is the canvas fabric of our communities My hope in sharing these tributes is to prompt the reader to observe persons of character who enrich their own lives and who in turn challenge us to enrich others      **John Chrysostom on Divine Pedagogy** David Rylaarsdam,2014 Contrary to the portrayals

of Chrysostom as a theologically impaired moralizing sophist this book argues that his thinking is remarkably coherent when it is understood on his own terms and within his culture Chrysostom depicts God as a teacher of philosophy who adaptably guides people toward salvation Since the theme of divine adaptability influences every major area of Chrysostom s thought tracing this concept provides a thorough introduction to his theology It also explains at least in part several striking features of his homilies including his supposed inconsistencies his harsh rhetoric and apparent political naivete his intentionally abridged and exoteric theological discussions and his lack of allegiance to an Antiochene school In addition to illuminating such topics the concept of adaptability stands at one of the busiest intersections of Late Antique culture for it is an important idea found in rhetoric and discussions about the best methods of teaching philosophy Consequently adaptability is an ingredient in the classical project of paideia and Chrysostom is a Christian philosopher who seeks to transform this powerful tradition of formation He gives his Christianized paideia a theological foundation by adapting and seamlessly integrating traditional pedagogical methods into his reading and communication of Scripture David Rylaarsdam provides an in depth case study of one prominent leader s attempt to transform culture by forming a coherent theological discourse that was adapted to the level of the masses      Portrait of an Island Mark Hinchman,2015-01-01 The once famous trading center of

Gor e S n gal today lies in the busy harbor of the modern city of Dakar From its beginnings as a modest outpost Gor e became one of the intersections which linked African trading routes to the European Atlantic trade Then as now people of all nationalities poured into the island Dutch English French and Portuguese came to trade with the Mande Moor Tukor and Wolf tribes Trading parties brought gold horses firewood mirrors books and more They built houses of various forms using American lumber French roof tiles freshly cut straw and pulverized seashells and furnished them in as cosmopolitan a fashion as the city itself Mark Hinchman s Portrait of an Island The Architecture and Material Culture of Gor e S n gal 1758 1837 considers the houses portraits and furnishings of the island s early modern inhabitants Multiple features of eighteenth century Gor e its demographic diversity the prominence of women leaders the phenomenon of identities in flux and the

importance of commerce fashion and international trade argue for its place in the construction of an early global modernity
