Pursuit Of Leisure Victorian Depictions:

The Pursuit of Leisure Joanne Wright, Djanogly Art Gallery, 1997 Victorian genre painting remains a relatively under investigated field In the depictions of themselves and their surroundings the Victorians were aware that they were creating a new art for a new age by depicting scenes of contemporary activities in their everyday life The climate of social and political change encouraged the notion of personal choice and the choice of spare time pursuits reflected taste and personality The Pursuit of Leisure reviews paintings by artists such as Alma Tadema Frith Millais Holman Hunt Tissot and Lavery depicting varied activities from cricket croquet and card playing to race going dancing and even rat catching The paintings are complex markers of traditional divides between town and country as well as the social divides of class age and gender The challenge for the artist was to devise formats for new pursuits such as cycling and sea bathing and yet to keep within the traditional references of portraiture and landscape painting This study brings to light the ingenuity and sharpness of observation exhibited in these Victorian leisure pictures which are well worth rediscovery *Pleasures and Pastimes in Victorian Britain* Pamela Horn, 2011-06-15 Richly illustrated with artwork and contemporary cartoons this is a fascinating and engaging account of a neglected aspect of Victorian life

Charles Knight Valerie Gray, 2017-11-30 Charles Knight Educator Publisher Writer is the first modern book length study of this important nineteenth century educational reformer author and publisher Though he made significant contributions during his lifetime to the cause of popular education providing inexpensive but quality reading material for the newly literate working classes Knight has been largely ignored by scholars This neglect the author suggests may be related to Knight s association with the controversial Society for the Diffusion of Useful Knowledge and to the use scholars make of Knight s Penny Magazine and his two volumes on political economy to support their arguments on theories of social control and other issues The author argues that Knight s reputation has suffered as a result She reexamines the evidence to offer fresh assessments of Knight s life and work that illuminate his genuine achievements She concludes with an evaluation of Knight s role as an innovative publisher who used the latest techniques to provide the emerging mass readership with unique combinations of

text and image in his many pictorial books and periodicals

Consuming Angels Lori Anne Loeb, 1994-10-13 Timid and retiring the Victorian housewife was an angel in the house or so says the stereotype But when this angel picked up a popular magazine The Lady for instance she saw in its advertisements images of Grecian goddesses women warriors queens actresses adventurers These arrestingly sexual and surprisingly powerful images are the subject of Consuming Angels a major examination of how Victorian ads shaped social values Stylishly written and featuring 73 reproductions this book shows how ads used the hedonistic aspects of Victorian culture to sell their wares glorified consumerism and mythologized the middle class life Images of aggressive women Loeb shows played well to both men and women And ultimately these ads helped usher in the twentieth century with the creation of a new community the community of consumers

Women Musicians in Victorian Fiction, 1860-1900 Phyllis

Weliver, 2016-07-28 Over the first half of the nineteenth century writers like Austen and Bront confined their critiques to satirical portrayals of women musicians Later however a marked shift occurred with the introduction of musical female

characters were positively to be feared First published in 2000 this book examines the reasons for this shift in representations of female musicians in Victorian fiction from 1860-1900 Focusing on changing gender roles musical practices and the framing of both of these scientific discourses the book explores how fictional notions of female musicians diverged from actual trends in music making This book will be of interest to those studying nineteenth century literature and music

Imperial Women Writers in Victorian India Éadaoin Agnew, 2017-06-09 This book is about Victorian women's representations of colonial life in India These accounts contributed to imperial rule by exemplifying an idealized middle class femininity and attesting to the Anglicisation of the subcontinent Writers described familiarly feminine modes of experience focusing on the domestic environment household management the family hobbies and pastimes romance and courtship and their busy social lives However this book reveals the extent to which their lives in India bore little resemblance to their lives in Britain and suggests that the acclaimed transportation of the home culture was largely an ideological construct iterated by women writers in the service of the Raj In this way they subverted the constraints of Victorian gender discourses and were part of a growing proto feminism

Women's Albums and Photography in Victorian England Patrizia Di Bello, 2017-07-05 This beautifully illustrated study recaptures the rich history of women photographers and image collectors in nineteenth century England Situating the practice of collecting exchanging and displaying photographs and other images in the context of feminine sociability Patrizia Di Bello shows that albums express Victorian women's experience of modernity The albums of individual women and the broader feminine culture of collecting and displaying images are examined uncovering the cross references and fertilizations between women's albums and illustrated periodicals and demonstrating the way albums and photography itself were represented in women's magazines fashion plates and popular novels Bringing a sophisticated eye to overlooked images such as the family photograph Di Bello not only illustrates their significance as historical documents but elucidates the visual rhetorics at play In doing so she identifies the connections between Victorian album making and the work of modern day amateurs and artists who use digital techniques to compile and decorate albums with Victorian style borders and patterns At a time when photographic album making is being re-vitalised by digital technologies this book rewrites the history of photographic albums placing the female collector at its centre and offering an alternative history of photography focused on its uses rather than on its aesthetic or artistic considerations It is remarkable in elegantly connecting the history of photography with the fields of material culture and women's studies

Hawthorne's Visual Artists and the Pursuit of a Transatlantic Aesthetics Kumiko Mukai, 2008 Among Hawthorne's primary themes the visual arts have usually been regarded as an afterthought and have only been examined to elucidate his own personal philosophy Hawthorne's own contemporaries derided him for his mediocre aesthetics and that view has been taken as received wisdom up to the present day This study reexamines Hawthorne's aesthetics and suggests that he was much more familiar with the art and artists of the time than has previously been acknowledged by critics He developed his own eclectic

and transatlantic view of art a view which incorporated decorative arts like embroidery while maintaining a modest estimation of his own talents This book examines the full range of visual artists whom Hawthorne portrays It argues that these portrayals illuminate the artist s dilemma of being fettered by New England Puritanism while at the same time being attracted to the richness and depth of both Victorian aesthetics and the artistic sense of Old World Catholicism The ambiguous destinies of his artist characters include misunderstandings and disputes while at the same time they suggest a reconciliation of the conflicting sentiments and transatlantic perspectives of the writer himself

Bibliographie D'histoire de L'art ,1998 **History Today** Peter Quennell,1997 [A Comprehensive Summary and Analysis of John Leech's Pictures of Life and Character Volume 1 \(of 3\)](#) John Leech,2025-02-21 John Leech a prominent artist of the Victorian era masterfully captured the quirks follies and everyday absurdities of 19th century English society His pen and ink sketches imbued with wit and keen observation transcend mere illustration offering a satirical mirror to the era s social landscape This collection John Leech s Pictures of Life and Character presents a treasure trove of visual anecdotes revealing the humour hidden within the routines and relationships of Victorian life

Forthcoming Books Rose Arny,1998-06 **Rustic Simplicity** Christiana Payne,Djanogly Art Gallery,1998 This book examines the functions served by nineteenth century rustic genre paintings in their social and intellectual context It also deals with the issues raised by their contemporary popularity and subsequent neglect in the twentieth century This collection fills a gap in the historical analysis of nineteenth century art Rustic genre painting encompasses a variety of themes charity education family life and piety The book examines the political topicality of many of the paintings and their relationship to the extension of suffrage to campaigns to improve working class housing and to the roles prescribed for women The universal themes of these paintings have an immediate appeal to the viewer their closest analogy in contemporary society is probably television soap opera and their continuing popularity is shown by their use on greeting cards and stationery This book reproduces over 100 illustrations by artists such as William Mulready the Pre Raphaelites and the Newlyn School as well as examining the relatively neglected work of David Wilkie William Collins Thomas Webster Thomas Faed and Alfred Fripp
