A Hero in His Time Arthur A. Cohen, 1988 All his life Yuri Maximovich Isakovsky a minor Russian poet editor of a journal of folk music sometime English translator has assiduously avoided power and politics in fact attention of any kind How can it be then that the Soviet government has chosen him to attend a conference in the fabled land of bourgeois temptation itself New York City And not only that but to do a piece of work for the KGB to deliver a code message embedded in the text of a certain poem to be read in public along with his own Cohen has achieved here a tour de force bringing the idea of poetry to life in a messy little man no hero at all not even that much of a poet The novel is stately as well as funny an authentically noble account of a celebrant It is the true article Geoffrey Wolff New York Times Book Review Arthur Cohen catches fire *A Hero in His Time* represents for him a great imaginative leap for we are shown the interior mental landscape of a middle aged Russian Jewish minor poet and most astonishing is that we believe without question in this poet Doris Grumbach Village Voice A tremendous achievement To have made this tremendous imaginative leap from the heart of American Jewishness to the heart of Russian Jewishness was a daring thing to do and it has been accomplished with absolute conviction The Sunday Times London A rich compound of high seriousness and robust comedy Newsweek

Writing at Russia's Border Katya Hokanson, 2008-01-01 It is often assumed that cultural identity is determined in a country's metropolitan centres Given Russia's long tenure as a geographically and socially diverse empire however there is a certain distillation of peripheral experiences and ideas that contributes just as much to theories of national culture as do urban centred perspectives *Writing at Russia's Border* argues that Russian literature needs to be reexamined in light of the fact

that many of its most important nineteenth century texts are peripheral not in significance but in provenance Katya Hokanson makes the case that the fluid and ever changing cultural and linguistic boundaries of Russia's border regions profoundly influenced the nation's literature posing challenges to stereotypical or territorially based conceptions of Russia's imperial military and cultural identity A highly canonical text such as Pushkin's Eugene Onegin 1831 which is set in European Russia is no less dependent on the perspectives of those living at the edges of the Russian Empire than is Tolstoy's The Cossacks 1863 which is explicitly set on Russia's border and has become central to the Russian canon Hokanson cites the influence of these and other peripheral texts as proof that Russia's national identity was dependent upon the experiences of people living in the border areas of an expanding empire Produced at a cultural moment of contrast and exchange the literature of the periphery represented a negotiation of different views of Russian identity an ingredient that was ultimately essential even to literature produced in the major cities Writing at Russia's Border upends popular ideas of national cultural production and is a fascinating study of the social implications of nineteenth century Russian literature

Byron and Orientalism Peter Cochran, 2009-03-26 Of all the English Romantic poets Byron is often thought of as the one who was most familiar with the East His travels it is claimed give him a huge advantage with which contemporaries like Southey Moore Shelley and Coleridge who had comparable orientalist ambitions could not compete Byron and Orientalism sets out to examine this thesis Based on a conference held in 2005 at Nottingham Trent University it looks at Byron's knowledge of the East and of its religions in particular in greater detail than ever before Essays are included on Byron's Turkish Tales Edward Said's attitude to Byron Byron's version of Islam Byron's Hebrew Melodies and Byron's influence on the orientalist writings of Pushkin and Lermontov There is a massive introduction setting Byron's eastern poetry in the contexts both of European literature English literature and the poet's own confused and disorientated existence

Love and its Critics Michael Bryson, Arpi Movsesian, 2017-07-10 This book is a history of love and the challenge love offers to the laws and customs of its times and places as told through poetry from the Song of Songs to John Milton's Paradise Lost It is also an account of the critical reception afforded to such literature and the ways in which criticism has attempted to stifle this challenge Bryson and Movsesian argue that the poetry they explore celebrates and reinvents the love the troubadour poets of the eleventh and twelfth centuries called fin amor love as an end in itself mutual and freely chosen even in the face of social religious or political retribution Neither eros nor agape neither exclusively of the body nor solely of the spirit this love is a middle path Alongside this tradition has grown a critical movement that employs a hermeneutics of suspicion in Paul Ricoeur's phrase to claim that passionate love poetry is not what it seems and should be properly understood as worship of God subordination to Empire or an entanglement with the structures of language itself in short the very things it resists The book engages with some of the seminal literature of the Western canon including the Bible the poetry of Ovid and works by English authors such as William Shakespeare and John Donne and with criticism that stretches from the earliest readings of the Song of Songs to

contemporary academic literature Lively and enjoyable in its style it attempts to restore a sense of pleasure to the reading of poetry and to puncture critical insistence that literature must be outwitted It will be of value to professional graduate and advanced undergraduate scholars of literature and to the educated general reader interested in treatments of love in poetry throughout history
