Cooper, Terry TenBrink, 2003. This guide explains the purposes of educational assessment and evaluation, especially the forms of assessment that teachers use to obtain information and make decisions. Topics covered in the guide include authentic assessment, information gathering techniques, and instruments. Judgments and decisions teachers are asked to make and grading student performance.

Basics of Assessment Oralie McAfee, Deborah Leong, Elena Bodrova, 2004. Overviews basic child assessment concepts.

Assessment is Essential Susan Green, Robert L. Johnson, 2009-05-27. *Assessment is Essential* offers a novel approach for educational assessment courses. Stressing a practical approach that encourages students to think critically about designing the appropriate assessment for a wide range of situations, Green provides students with tools they can use in their future classrooms.

Creating a Classroom Community of Young Scientists Jeffrey W. Bloom, 2006-07-20. *Creating a Classroom Community of Young Scientists* helps teachers both pre-service and in-service to develop exciting science programs in their classrooms. This book provides the groundwork for designing and implementing a science program that takes into account the latest research in teaching and learning. It provides an approach that will capture children's imaginations, stimulate their curiosity, and create a strong foundation for their continued interest in and appreciation of science and the world in which they live. The book is designed to be user-friendly and offers an approach to teaching science that is exciting for teachers as well. This thoroughly revised second edition focuses on making inquiry more explicit both in terms of the process of inquiry and teaching in ways that capitalize on children's curiosity and questions. New material has also been added on U.S. and Canadian science standards as well as professional standards for teachers.

Teacher Learning with Classroom Assessment Heng Jiang, Mary F. Hill, 2018-04-19. This book discusses the interwoven themes of teacher learning and classroom assessment, highlighting the complexity and intricacy of these processes in a range of very different classroom contexts. The case studies demonstrate how classroom assessment is needed for teachers to learn about teaching and for them to be able to grow professionally and improve student learning. Although this volume is mainly situated in the unique and varied contexts of the Asia Pacific region, it addresses the key issues of quality teaching, assessment, and accountability in a global context.

Classroom Teaching Skills Susan R. Goldman, James Michael Cooper, 2006. Designed for beginning teachers, this text introduces the teacher as reflective decision maker responsible for planning, implementing, evaluating, and making management decisions in the classroom. Each chapter considers a particular teaching skill, first discussing the theory behind it and then presenting the reader with practice situations in which knowledge about the skill can be applied and evaluated. The Eighth Edition continues to address the importance of core INTASC standards and highlights developing issues, including the Digital Divide, the use of personal digital assistants (PDAs) in and outside of the classroom, cooperative learning, and dealing

with behavioral issues Core INTASC standards are addressed in regard to each chapter s objectives A correlation table between chapter and standard is located on the inside front cover of the text to facilitate documentation of where and how INTASC standards are addressed New Marginal notations appear throughout the text to call out key concepts and assist students with comprehension and review New Two color design helps to organize the information more clearly for students Chapter 10 focuses on assessment and includes extended discussion of rubrics with additional examples as well as a new section on electronic portfolios Chapter 9 has been revised to include a focus on cooperative learning and other strategies brought back from the Sixth Edition of Classroom Teaching Skills Chapter 8 focuses on issues of behavior management in the classroom including parental involvement and the role of record keeping in resolving behavioral issues Chapter 7 Teaching and Learning with Technology has been completely updated Among the topics covered are the Digital Divide using personal digital assistants in and outside of the classroom micro media and simulation technology and new productivity tools for teachers The opening chapters have an increased emphasis on decision making teaching models and determining one s own teaching goals
