## **Putney Debates Of 1647 The Army The Levellers And The English State:**

*The Putney Debates of 1647* Michael Mendle, 2001-08-27 In the autumn of 1647 soldiers and officers of Oliver Cromwell's New Model Army held discussions near London on the constitution and future of England Would there be a king and lords or not Would suffrage be limited to property holders Would democratic changes lead to anarchy Three generations of scholars examine the debates in their multiple contexts the debates themselves the nature and history of the text that has come down to us the army's immediate concerns the role of Leveller and other democratic ideas the wider ramifications for politics and gender and the place of the debates and the Levellers in later historical consciousness The debates receive here their most sustained and varied scrutiny resulting in a much richer appreciation of the very words reported to have been spoken by Oliver Cromwell Henry Ireton Thomas Rainborough and the others during those three tense and exhilarating days **The Political Thought of the English Free State, 1649-1653** Markku Peltonen, 2022-10-20 Acknowledgements Introduction Changing the form of government Anti monarchism The free state Aristocracy Democracy Epilogue Bibliography Index

*The English Levellers* Andrew Sharp, 1998-06-11 The Levellers were a crucial component of a radically democratic movement during the civil wars in seventeenth century England This was to be democratic at a time when the very idea of democracy conjured up nothing good with its suggestion of anarchy and the levelling of distinctions in rank and of property even the holding of women in common This collection of thirteen fully annotated Leveller writings including their famous Agreements of the People is important as a contribution not only to the understanding of the English civil wars but also of democratic theory The editor's introduction sets the Leveller ideas in their context and together with a chronology short biographies of the leading figures and a guide to further reading will be of interest to students of the English civil wars the history of political thought and the history of democratic ideas **The Agreements of the People, the Levellers, and the Constitutional Crisis of the English Revolution** Elliot Vernon, 2012-12-15 The Agreements of the People were a series of written constitutions proposed variously by Levellers soldiers and citizens for the settlement of the nation at the height of the English Revolution The essays in this book explore the various Agreements in the context of the constitutional crisis that engulfed England in the late 1640s and 1650s Cromwell's Failed State and the Monarchy Timothy Venning, 2020-08-19 Regicide military dictatorship war and rumors of war opposition from all sides and collapse of a failed state such is the story of Oliver Cromwell's unique experiment in the governance of Britain following the English British Civil Wars The British state of the Three Kingdoms of England Scotland and Ireland were united in the Protectorate with Cromwell as Lord Protector 1649 to 1660 but collapsed under the weight of huge turbulence and problems from all sides political and religious constitutional foreign military and naval threat even from the Dutch the Protectorate's natural ally Finally with Cromwell's death in 1658 the heroic Cromwell and succession of the hapless Richard Cromwell the failed state collapsed with the restoration of the Stuart dynasty in 1660 and royal aristocratic and gentry rule *Mutiny and Maritime Radicalism in the*

*Age of Revolution* Clare Anderson, Niklas Frykman, Lex Heerma van Voss, Marcus Rediker, 2013-12-19 This volume explores mutiny and maritime radicalism in its full geographic extent during the Age of Revolution **Revolutionary Moments**

Rachel Hammersley, 2015-10-22 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) Since at least the mid seventeenth century the concept of revolution has been an important tool both for those seeking to bring about political change and for those trying to understand it And it is as relevant today as it has ever been This volume re evaluates our understanding of the history of revolutionary thought by examining a selection of key texts These range from the 17th to the 20th century and are carefully chosen to include both constitutional documents and theoretical works by figures such as James Harrington Jean Jacques Rousseau Maximilian Robespierre Peter Kropotkin and Deng Xiaoping Each chapter engages with a particular revolutionary moment via a specific text usually an extract of around 300 words and considers the significance of the text for the history of revolutionary thought The structure of the book allows readers to make connections and comparisons across the different revolutionary texts and moments thereby providing a broader deeper and more nuanced understanding of revolutions Stimulating accessible and interdisciplinary Revolutionary Moments will appeal to students and researchers in the history of political thought and intellectual history and beyond [Sources and Debates in English History, 1485 - 1714](#) Newton Key, Robert

Bucholz, 2009-02-02 Designed to accompany the survey text *Early Modern England 1485 1714* this updated and expanded Sourcebook brings together an impressive array of Tudor Stuart documents and illustrations as well as extensive bibliographies and research and discussion guides New edition contains 50 new documents more explanatory text illustrations biographical background and study questions Wide range of documents from both manuscript and print sources and from transcripts of private and public life Editorial material introduces students to the critical context chapter bibliographies and questions allow ready integration into classroom and research and source analysis assignments Bibliography of Historians Debates with the latest articles and essays Accompanies the survey text *Early Modern England 1485 1714* Click here for more discussion and debate on the authors blogspot <http://earlymodernengland.blogspot.com> Wiley disclaims all responsibility and liability for the content of any third party websites that can be linked to from this website Users assume sole responsibility for accessing third party websites and the use of any content appearing on such websites Any views expressed in such websites are the views of the authors of the content appearing on those websites and not the views of Wiley or its affiliates nor do they in any way represent an endorsement by Wiley or its affiliates **Reader's Guide**

**to British History** David Loades, 2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as

well as the emphasis and point of view espoused in each publication      *A Guide to British Military History* Ian F. W. Beckett, 2016-06-30 What exactly is military history Forty years ago it meant battles campaigns great commanders drums and trumpets It was largely the preserve of military professionals and was used to support national history and nationalism Now though the study of war has been transformed by the war and society approach by the examination of identity memory and gender and a less Euro centric and more global perspective Generally it is recognised that war and conflict must be integrated into the wider narrative of historical development and this is why Ian Beckett's research guide is such a useful tool for anyone working in this growing field It introduces students to all the key debates issues and resources While European and global perspectives are not neglected there is an emphasis on the British experience of war since 1500 This survey of British military history will be essential reading and reference for anyone who has a professional or amateur interest in the subject and it will be a valuable introduction for newcomers to it      **Social Thought in England, 1480-1730** A.L.

Beier, 2016-02-05 Authorities ranging from philosophers to politicians nowadays question the existence of concepts of society whether in the present or the past This book argues that social concepts most definitely existed in late medieval and early modern England laying the foundations for modern models of society The book analyzes social paradigms and how they changed in the period A pervasive medieval model was the body social which imagined a society of three estates the clergy the nobility and the commonalty conjoined by interdependent functions arranged in static hierarchies based upon birth and rejecting wealth and championing poverty Another model the book describes as social humanist that fundamentally questioned the body social advancing merit over birth mobility over stasis and wealth over poverty The theory of the body social was vigorously articulated between the 1480s and the 1550s Parts of the old metaphor actually survived beyond 1550 but alternative models of social humanist thought challenged the body concept in the period advancing a novel paradigm of merit mobility and wealth The book's methodology focuses on the intellectual context of a variety of contemporary texts

**Philip Skippon and the British Civil Wars** Ismini Pells, 2020-03-06 Philip Skippon was the third most senior general in parliament's New Model Army during the British Civil Wars A veteran of European Protestant armies during the period of the Thirty Years War and long serving commander of the London Trained Bands no other high ranking parliamentarian enjoyed such a long military career as Skippon He was an author of religious books an MP and a senior political figure in the republican and Cromwellian regimes This is the first book to examine Skippon's career which is used to shed new light on historical debates surrounding the Civil Wars and understand how military events of this period impacted upon broader political social and cultural themes      **God's Fury, England's Fire** Michael Braddick, 2008-02-28 A brilliantly researched and vividly written history of the English Civil Wars from one of Britain's most prominent Civil War historians The sequence of civil wars that ripped England apart in the seventeenth century was the single most traumatic event in this country between the medieval Black Death and the two world wars Indeed it is likely that a greater percentage of the population

were killed in the civil wars than in the First World War This sense of overwhelming trauma gives this major new history its title *God's Fury England's Fire* The name of a pamphlet written after the king's surrender it sums up the widespread feeling within England that the seemingly endless nightmare that had destroyed families towns and livelihoods was ordained by a vengeful God that the people of England had sinned and were now being punished As with all civil wars however God's fury could support or destroy either side in the conflict Was God angry at Charles I for failing to support the true protestant religion and refusing to work with Parliament Or was God angry with those who had dared challenge His anointed Sovereign Michael Braddick's remarkable book gives the reader a vivid and enduring sense both of what it was like to live through events of uncontrollable violence and what really animated the different sides *God's Fury England's Fire* allows readers to understand once more the events that have so fundamentally marked this country and which still resonate centuries after their bloody ending

**Major-General Hezekiah Haynes and the Failure of Oliver Cromwell's Godly Revolution, 1594-1704** David Farr, 2020-05-27 Hezekiah Haynes was shaped by the Puritanism of his father's network and experienced emigration to New England as part of a community removing themselves from Charles I's Laudianism Returning to fight in the British Civil Wars Haynes rose to become Cromwell's ruler of the east of England tasked with bringing about a godly revolution and in rising to prominence he became the centre of his own developing political and religious network which included a kin link to Cromwell himself As one of Cromwell's Major Generals Haynes was tasked with security and a reformation of manners but he was hampered by the limits of the early modern state and Cromwell's own contradictory political and religious ideas The Restoration saw Haynes imprisoned in the Tower before emerging to return to the community in which he had been raised and continuing the links with some of those he had worked with for Cromwell and the kin he had left behind in New England in dealing with the norms of early modern life This book will appeal to specialists in the area and students taking courses on early modern English and American history as well as those with a more general interest in the period

*A False Tree of Liberty* Susan Marks, 2019-12-05 This book is concerned with the history of the idea of human rights It offers a fresh approach that puts aside familiar questions such as Where do human rights come from and When did human rights begin for the sake of looking into connections between debates about the rights of man and developments within the history of capitalism The focus is on England where at the end of the eighteenth century a heated controversy over the rights of man coincided with the final enclosure of common lands and the momentous changes associated with early industrialisation Tracking back still further to sixteenth and seventeenth century writing about dispossession resistance and rights the book reveals a forgotten tradition of thought about central issues in human rights with profound implications for their prospects in the world today

Political Jurisprudence Martin Loughlin, 2017-12-08 Political jurisprudence is the branch of jurisprudence that treats law as an aspect of human experience called the political This is an approach that many contemporary jurists those whose work presupposes the autonomy of legal order tend to

suppress In this book Martin Loughlin assesses the contribution made by political jurists and explains its contemporary significance Political jurists maintain that the essential characteristics of modern legal order can only be revealed by considering how political authority is constituted The political is orientated to the fact that people are organized into territorially bounded units within which authoritative governing arrangements have been established but the authority of this way of viewing the world is strengthened only through institution building Law may be an aspect of the political but to perform its authority generating functions effectively it must operate relatively autonomously The political and the legal operate relationally without one being reduced to the other Loughlin introduces the rich literature of political jurisprudence through essays on innovative political jurists such as Hobbes Burke Constant Romano and Schmitt and on such central themes as political right institutionalism constitutional legality and reason of state Building on his earlier books *The Idea of Public Law* OUP 2003 and *Foundations of Public Law* OUP 2010 this collection extends his account of this influential strand of European legal thought

**Democracy and Anti-Democracy in Early Modern England 1603-1689** Cesare Cuttica, Markku Peltonen, 2019-07-18 Listen to the podcast here This cross disciplinary collection of essays examines for the first time and in detail the variegated notions of democracy put forward in seventeenth century England It thus shows that democracy was widely explored and debated at the time that anti democratic currents and themes have a long history that the seventeenth century is the first period in English history where we nonetheless find positive views of democracy and that whether early modern writers criticised or advocated it these discussions were important for the subsequent development of the concept and practice democracy By offering a new historical account of such development the book provides an innovative exploration of an important but overlooked topic whose relevance is all the more considerable in today's political debates civic conversation academic arguments and media talk Contributors include Camilla Boisen Alan Cromartie Cesare Cuttica Hannah Dawson Martin Dziedzic Rachel Foxley Matthew Growhoski Rachel Hammersley Peter Lake Gaby Mahlberg Markku Peltonen Edward Vallance and John West

**Reading the Nation in English Literature** Elizabeth Sauer, Julia M. Wright, 2009-09-10 This volume contains primary materials and introductory essays on the historical critical and theoretical study of national literature focusing on the years 1550 1850 and the impact of ideas of nationhood from this period on contemporary literature and culture The book is helpfully divided into three comprehensive parts Part One contains a selection of primary materials from various English speaking nations written between the early modern and the early Victorian eras These include political essays poetry religious writing and literary theory by major authors and thinkers ranging from Edmund Spenser Anne Bradstreet and David Hume to Adam Kidd and Peter Du Ponceau Parts Two and Three contain critical essays by leading scholars in the field Part Two introduces and contextualizes the primary material and Part Three brings the discussion up to date by discussing its impact on contemporary issues such as canon formation and globalization The volume is prefaced by an extensive introduction to and overview of recent studies in nationalism the history

and debates of nationalism through major literary periods and discussion of why the question of nationhood is important

Reading the Nation in English is a comprehensive resource offering coherent accessible readings on the ideologies discourses and practices of nationhood Contributors Terence N Bowers Andrea Cabajsky Sarah Corse Andrew Escobedo Andrew Hadfield Deborah Madsen Elizabeth Sauer Imre Szeman Julia M Wright      **The Ashgate Research Companion to Popular Culture in Early Modern England** Andrew Hadfield,Matthew Dimmock,Abigail Shinn,2016-03-23 The Ashgate Research Companion to Popular Culture in Early Modern England is a comprehensive interdisciplinary examination of current research on popular culture in the early modern era For the first time a detailed yet wide ranging consideration of the breadth and scope of early modern popular culture in England is collected in one volume highlighting the interplay of low and high modes of cultural production while also questioning the validity of such terminology The authors examine how popular culture impacted upon people s everyday lives during the period helping to define how individuals and groups experienced the world Issues as disparate as popular reading cultures games food and drink time textiles religious belief and superstition and the function of festivals and rituals are discussed This research companion will be an essential resource for scholars and students of early modern history and culture      Royalists and Royalism during the English Civil Wars Jason McElligott,David L. Smith,2007-09-06 Much ink has been spent on accounts of the English Civil Wars of the mid seventeenth century yet royalism has been largely neglected This volume of essays by leading scholars in the field seeks to fill that significant gap in our understanding by focusing on those who took up arms for the king The royalists described were not reactionary absolutist extremists but pragmatic moderate men who were not so different in temperament or background from the vast majority of those who decided to side with or were forced by circumstances to side with Parliament and its army The essays force us to think beyond the simplistic dichotomy between royalist absolutists and constitutionalists and suggest instead that allegiances were much more fluid and contingent than has hitherto been recognized This is a major contribution to the political and intellectual history of the Civil Wars and of early modern England more generally

### **Putney Debates Of 1647 The Army The Levellers And The English State Introduction**

In today's digital age, the availability of Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Putney Debates Of 1647 The Army The Levellers And The English State versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Putney Debates Of 1647 The Army The Levellers And The English State books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Putney Debates Of 1647 The Army The Levellers And The English State books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free

access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Putney Debates Of 1647 The Army The Levellers And The English State books and manuals for download and embark on your journey of knowledge?

### **FAQs About Putney Debates Of 1647 The Army The Levellers And The English State Books**
