

PUTTING AWAY CHILDISH THINGS

A NOVEL OF MODERN FAITH

"A superb way of involving the reader emotionally and imaginatively. At the end of the novel, Borg is able to lead his readers to the crucial insight that religious commitment is more than belief."

God will bring us to a place of surrender The Holy Spirit desires that we walk in integrity and humility in order to have an encounter with God He must be properly introduced Many know of him yet they do not know him as the giver of life The enemy has cast a spirit of seduction and self destruction on this generation and this peoplea generation that has been written off as hopeless and lost plagued with fear addiction and abuse What we fail to see is the invisible cry from within Somebody help me with this Is there hope for me Sometimes words are difficult to express And sometimes there is no one to listen Questions Will God accept me in my sin Is there a place for me in the church What if Im a homosexual or lesbian and struggling searching for a way out Can you look past my dress code and see whats in my heart or at least ask This is not working for me I really need some help over here *Subpersonalities* John Rowan,2013-04-15 We all have had the experience of being divided of being in two minds about something one part of us wants to do this another wants to do that Subpersonalities is the first book to do justice to the phenomenon as a normal feature of our psychological life John Rowan argues that we all have a number of personalities that express themselves in different situations and that by recognising them we can come to understand ourselves better and improve our relationships with others Anyone reading this book will run the risk of making quite new discoveries about themselves In looking at where subpersonalities come from John Rowan explores the work of psychologists and psychotherapists from Jung and Freud onwards and adds insights gained from his own work as a therapist and counsellor He relates the journey of discovery that he himself undertook in search of his own subpersonalities The result is a fascinating book that challenges our accepted view of ourselves and provides an intriguing picture of how human beings work and why communication between them so often goes wrong Subpersonalities is a book for anyone interested in their own personality and how it helps or hinders their everyday life **Poems of the Rt.
