## **Quantum Integral Medicine Towards A New:**

**Quantum Integral Medicine** Michael Wayne, 2005-03 Is there an innate healing system within the body capable of facilitating the healing process And if so what is the mechanism that triggers this potential Many scientists philosophers healers and spiritually minded people have asked these very same questions and Dr Michael Wayne has begun to address the answers Although billions of dollars fuel the modern healthcare system people are not getting healthier the contrary seems to be the case Modern medicine does not have a good track record with chronic ailments because these are more complicated diverse and unpredictable and do not fit in with modern medicine s more linear approach that requires patterns that follow set rules For this reason our current form of medicine has problems with many illnesses even those as commonplace as the common cold

**Quantum Integrative Medicine** Amit Goswami, Valentina R. Onisor, 2023-03-14 This guide to Integrative Medicine based on quantum science combines studies in consciousness with alternative systems of healing such as Ayurveda and Yoga to produce a new science of health which sees disease as a health disorder Required reading for health professionals and anyone looking for a deeper understanding of wellness Inspired by the Dalai Lama to apply the integrative ideas of quantum science to practical everyday problems in people s lives famed physicist Amit Goswami began working in 1999 in the field of health and healing His first task was to use the new quantum metaphysics to provide a basic science for the systems of alternative medicine and thus begin a tentative integrative medicine This was accomplished in The Quantum Doctor first published in 2004 What was still lacking was a unified theory of health leading to a new science of health which would treat disease as a health disorder Much more expertise in specifics was needed for such a project In 2016 Goswami partnered with Valentina Onisor MD trained in both allopathic and most systems of alternative medicine as well including Ayurveda yoga naturopathy aromatherapy and homeopathy This book is the culmination of their efforts to date It is intended for both laypeople and health professionals

**Decoding the Human Body-Field** Peter H. Fraser, Harry Massey, 2008-03-20 A revolutionary system that reestablishes the proper flow of information to the body s energetic fields to promote health Presents a new integrative model of the energetic physiology of the human body the human body field and its influence on health Shows that a root cause of disease is due to information blockages in the body field Introduces Infoceuticals liquid remedies that help the human body field process vital information to engage the physical body s self healing abilities After decades of research Peter Fraser has formulated a system that unites the meridian system of traditional Chinese medicine with quantum wave theory to provide the first comprehensive link between the human body s biochemistry and bioenergetics He explains that we each have a body field based on twelve meridian like channels that process and coordinate information throughout the body and that our health depends on the proper flow and communication of information through these channels In Decoding the Human Body Field Fraser and Massey describe in detail their revolutionary Nutri Energetics System which uses Infoceuticals liquids infused with organic colloidal minerals that are

imprinted with corrective quantum electrodynamic information to remedy distortions and blockages in the information flow of the body field The imprinted information acts as a magnetic signpost to engage the body's self healing ability *Shadow Medicine* John S. Haller, Jr., 2014-07-08 Can Evidence Based Medicine EBM and Complementary and Alternative Medicine CAM find common ground A distinguished historian of medicine John S Haller Jr explores the epistemological foundations of EBM and the challenges these conceptual tools present for both conventional and alternative therapies As he explores a possible reconciliation between their conflicting approaches Haller maintains a healthy scientific skepticism yet finds promise in select complementary and alternative CAM therapies Haller elucidates recent research on the placebo effect and shows how a new engagement between EBM and CAM might lead to a more productive medical practice that includes both the objectivity of evidence based medicine and the subjective truth of the physician patient relationship Haller's book tours key topics in the standoff between EBM and CAM how and why the double blinded randomized clinical trial RCT came to be considered the gold standard in modern medicine the challenge of postmodern medicine as it counters the positivism of evidence based medicine and the politics of modern CAM and the rise of the National Center for Complementary and Alternative Medicine He conducts an in depth case study of homeopathy explaining why it has emerged as a poster child for CAM and assesses CAM's popularity despite its poor performance in clinical trials Haller concludes with hope showing how new experimental protocols might tease out the evidentiary basis for the placebo effect and establish a foundation for some reconciliation between EBM and CAM **I Gave Myself Cancer, I Can Take It Away!** Linda Christina

**Creative Integrative Medicine** Dr. Paul Drouin, 2014-08-19 A family tragedy the loss of his youngest brother at age

eighteen from an osteosarcoma of the skull triggered Dr Drouins interest in studying medicine Unsatisfied with the model of healing he encountered in medical school he explored many other models of medicine that eventually led him to practice what is now called integrative medicine He soon realized that for these complementary medicines to be accepted and integrated into our health care system they must be scientifically recognized and become part of the curriculum in medical schools The entire foundation of our approach to health and disease must be redefined through a deeper understanding of reality as described by quantum physics Dr Drouins initial quest has evolved into the creation of a medical and natural medicine curriculum that embraces this new paradigm of healing and the foundation of the International Quantum University for Integrative Medicine Quantum University The cost of an incomplete model of understanding in medicine has enormous consequences in the management of chronic and mind related disease Creative integrative medicine addresses the real questions and offers a solution to the present crisis in health care Dr Paul Drouin is a true hero for writing this long overdue book Finally people are being told the truth about health healing and alternative treatments This book has sound scientific proof to empower you back to true health care instead of sick care Read and learn Joe Dispenza DC New York Times best selling author of You Are the Placebo and Evolve Your Brain
