Quantum Lyrics From Atlantis:

Quantum Lyrics from Atlantis William Holman,1991 *Poetry* Harriet Monroe,1991 A New Quantum Scientific Method Phil Petersen Ph.D.,2018-01-05 Quantum theory forces us to consider the usual scientific method invalid in several ways It even questions the basis of scientific logic cause and effect The current scientific method ignores individual experience and the different states of awareness we go through in the sleep states of the brain Phil Petersen Ph D explores how to open science to study these states and better understand how the uncertainty of quantum theory applies to them and our waking state He asserts that this helps us understand how to enable positive possibilities for our lives The book will appeal to those who meditate or believe in the power of positive thinking as well as those who are open to questioning the very foundations of science Readers will learn what history's greatest thinkers including Francis Bacon Stephen Hawking Thomas Kuhn Albert Einstein and others have said about the reality of the world in which we live Discover an intriguing argument for reconsidering and replacing the scientific method to explore different realms of consciousness and enjoy spiritual awareness and healing with the insights in *A New Quantum Scientific Method* *Paperbound Books in Print* ,1992

Power in the Blood Richard Porter,2014-02-21 *Power in the Blood* revised version is an adventure in ideas that explores many interrelated aspects of philosophy faith and science in order to highlight the true dimensions of human nature and of the Magnum Mysterium thus called in mediaeval times in which we are embodied and imbedded Those dimensions of body and soul of science and spirit are revealed by a nonreductive philosophy of broader reach than what any gospel of godless oblivion as the ultimate arbiter of human fate would have us to believe *Power in the Blood* is a metaphor referring in part to the transformative mysteries of Nature especially shown in life science of whose strangest marvels many gleaned from

sources rare and obscure plentiful examples are offered These biological puzzlements tend to support rather than contradict a faith as the book seeks to explain that our full human nature has not only sprang from abyssal depths of evolutionary time but also flowers in Eternity There are many multi associative ideas such as the subjective objective dichotomy that Power in the Blood examines on a journey whose pursuit may encourage readers to entertain a deeper measure of existential meaning in all its aspects real and ideal objective and subjective And that measure may also urge their concluding for example that consciousness is not simply a magic trick of blindly impersonal physics To affirm such concepts that surely favor better than their opposites the long term continuance of our self endangered species provided one motive to construct the most promising and least prejudicial world view enlisting philosophy faith and science in a trinity of mutual support that for the author seemed humanly possible An enriching immersive experience for anyone interested in exploring the foundation of life

Kirkus Reviews **The Earth Walkers** Helen Goldstein,2019-08-25 The Earth Walkers is a story of the relationship of horses humans and planet earth It is a simple story that over time we as humans have complicated Once all three lived in harmony but humans viewed this as primitive savage or wild And so we began to make our existence together more civilized In our interference we began to lose respect for our planet and all that lived upon it including ourselves One of the three though remained steadfast throughout the story Horses except in their physical appearance have neither changed nor tried to change anything just being themselves constantly at our sides Tracing the story of the relationship from the beginning of time the unique bond between humans and horses is explored through different civilizations and cultures up to present day It tracks the journey of the two species and the effect they had on earth as they walked around it It also tells the story of how when in times of disruption chaos and imbalance earth has spoken to us giving us signs and horses have always been there guiding us to a path back home It is a path to a home on earth where all can live in harmony and at peace a path that we will hopefully choose to walk together once again
