John M. Olin Distinguished Professor of Economics, George Mason University

THOMAS J. DILORENZO

With a new afterword by the author

Real Lincoln A New Look At Abraham Lincoln His Agenda And An Unnecessary War

Jeff Rigenbach

Real Lincoln A New Look At Abraham Lincoln His Agenda And An Unnecessary War:

The Real Lincoln Thomas J. DiLorenzo, 2009-02-19 A New Look at Abraham Lincoln His Agenda and an Unnecessary War Most Americans consider Abraham Lincoln to be the greatest president in history His legend as the Great Emancipator has grown to mythic proportions as hundreds of books a national holiday and a monument in Washington D C extol his heroism and martyrdom But what if most everything you knew about Lincoln were false What if instead of an American hero who sought to free the slaves Lincoln were in fact a calculating politician who waged the bloodiest war in American history in order to build an empire that rivaled Great Britain's In *The Real Lincoln* author Thomas J DiLorenzo uncovers a side of Lincoln not told in many history books and overshadowed by the immense Lincoln legend Through extensive research and meticulous documentation DiLorenzo portrays the sixteenth president as a man who devoted his political career to revolutionizing the American form of government from one that was very limited in scope and highly decentralized as the Founding Fathers intended to a highly centralized activist state Standing in his way however was the South with its independent states its resistance to the national government and its reliance on unfettered free trade To accomplish his goals Lincoln subverted the Constitution trampled states rights and launched a devastating Civil War whose wounds haunt us still According to this provocative book 600 000 American soldiers did not die for the honorable cause of ending slavery but for the dubious agenda of sacrificing the independence of the states to the supremacy of the federal government which has been tightening its vise grip on our republic to this very day In *The Real Lincoln* you will discover a side of Lincoln that you were probably never taught in school a side that calls into question the very myths that surround him and helps explain the true origins of a bloody and perhaps unnecessary war *Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy* Jon D. Schaff, 2019-07-03 This bold groundbreaking study of American political development assesses the presidency of Abraham Lincoln through the lenses of governmental power economic policy expansion of executive power and natural rights to show how Lincoln not only believed in the limitations of presidential power but also dedicated his presidency to restraining the scope and range of it Though Lincoln's presidency is inextricably linked to the Civil War and he is best known for his defense of the Union and executive wartime leadership Lincoln believed that Congress should be at the helm of public policy making Likewise Lincoln may have embraced limited government in vague terms but he strongly supported effective rule of law and distribution of income and wealth Placing the Lincoln presidency within a deeper and more meaningful historical context *Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy* highlights Lincoln's significance in the development of American power institutions and social movement politics Using Lincoln's prepresidential and presidential words and actions this book argues that decent government demands a balance of competing goods and the strong statesmanship that Lincoln exemplified Instead of relying too heavily on the will of the people and institutional solutions to help prevent tyranny Jon D Schaff proposes that American democracy would be better served by a moderate and prudential

statesmanship such as Lincoln's which would help limit democratic excesses Schaff explains how Lincoln's views on prudence moderation natural rights and economics contain the notion of limits then views Lincoln's political and presidential leadership through the same lens He compares Lincoln's views on governmental powers with the defense of unlimited government by twentieth century progressives and shows how Lincoln's theory of labor anticipated twentieth century distributist economic thought Schaff's unique exploration falls squarely between historians who consider Lincoln a protoprogressive and those who say his presidency was a harbinger of industrialized corporatized America In analyzing Lincoln's approach Abraham Lincoln's Statesmanship and the Limits of Liberal Democracy rejects the idea he was a revolutionary statesman and instead lifts up Lincoln's own affinity for limited presidential power making the case for a modest approach to presidential power today based on this understanding of Lincoln's statesmanship As a counterpoint to the contemporary landscape of bitter uncivil politics Schaff points to Lincoln's statesmanship as a model for better ways of engaging in politics in a democracy

Canada's Holy Grail Jordan B. Goldstein, 2021-10-14 Canada's Holy Grail investigates the political motivations of Lord Stanley and sheds light on the Stanley Cup as a symbol of Canadian unity

Lincoln's American Dream Kenneth L. Deutsch, 2012 Despite the voluminous literature on the central figure in American history no other book in the field of political science compares to Lincoln's American Dream It addresses comprehensively the overarching themes of Lincoln's political thought and leadership through provocative and divergent interpretations from leading scholars Each chapter is devoted to one of these major themes about Lincoln The Declaration and equality Political ambition Race and slavery His democratic political leadership Executive power Religion and politics The Union and the role of the state The book's thirty three contributors include such respected Lincoln scholars and political commentators as Harry V Jaffa Stephen B Oates Mark E Neely Richard C Current Herman Belz and Frank J Williams With an introduction by Kenneth L Deutsch and Joseph R Fornieri Lincoln's American Dream will be of enduring interest to scholars students teachers and Lincoln aficionados alike and will attract interest in the fields of American history leadership religion and culture American studies and African American studies

American Memory Hole Donald Jeffries, 2024-08-27 Donald Jeffries takes another deep dive down the historical rabbit holes with American Memory Hole How the Court Historians Promote Disinformation You will discover how cancel culture was born during the administration of Franklin D Roosevelt And how our interventionist foreign policy was established during the Woodrow Wilson presidency Jeffries documents the tragically common atrocities committed by US troops beginning with the Mexican American War which became official policy under the total war and scorched earth strategy of Abraham Lincoln's bloodthirsty generals He recounts the shocking abuses of our military forces in countries like Mexico Haiti the Philippines and elsewhere Jeffries builds on his groundbreaking investigation into the murder of John F Kennedy Jr uncovering even more evidence of conspiracy and cover up He talked to people no researcher has talked to before in a powerful new section on the assassination of President John F Kennedy Jeffries explores the Kennedy

family in general and finds that the establishment especially the Left continues to treat them unfairly The events of September 11 2001 and the Oklahoma City Bombing are investigated in depth as never before There is stunning new information on much maligned Senator Joseph McCarthy who emerges here not as some irredeemable monster but as a genuine American patriot who has been demeaned in death even more than he was in life The reader will never look at the supposed heroes and villains of American history the same way again after reading this book History is written by the victors

Aspects of American History Simon Henderson,2009-01-26 Aspects of American History examines major themes personalities and issues across American history using topic focused essays Each chapter focuses on key events and time periods within a broad framework looking at liberty and equality the role of government and national identity The volume engages with its central themes through a broad ranging examination of aspects of the American past including discussions of political history foreign policy presidential leadership and the construction of national memory In each essay Simon Henderson introduces fresh angles to traditional topics consolidates recent research in themed essays analyzes views of different historians offers an interpretive rather than narrative approach gives concise treatment to complex issues Including an introduction which places key themes in context this book enables readers to make comparisons and trace major thematic developments across American history

Lincoln and the Politics of Christian Love Grant N. Havers,2009-11-13 America has seen faith based initiatives and the audacity of hope in twenty first century politics but few participants in our political scene have invoked the other Christian virtue of charity as a guiding principle Abraham Lincoln extolled the merit of loving thy neighbor as thyself especially as a critique of the hypocrisy of slavery but a discussion of Christian love is noticeably absent from today s debates about religion and democracy In this provocative book Grant Havers argues that charity is a central tenet of what Lincoln once called America s political religion He explores the implications of making Christian love the highest moral standard for American democracy showing how Lincoln s legacy demands that a true democracy be charitable toward all and that only a people who lived according to such ideals could succeed in building democracy as Lincoln understood it Havers argues that it is simplistic to conflate Lincoln s invocation of with charity for all with his abiding support for the ideal of human equality The ethic of charity in his view also brought a uniquely Christian realism to the universalism of democracy He also describes how since World War I intellectuals and political leaders have denied that there exists a necessary relation between democracy and Christian love proposing that democracy is sufficiently ethical without reliance on a specific religious tradition Today s neoconservatives and liberals instead posit a universal yearning for democracy that requires no foundation in the ethic of charity Havers shows that this democratic universalism espoused by those who believe a chosen people should uphold the natural rights of humanity is alien to the sober thought of both the founders and Lincoln This carefully argued work defends Lincoln s understanding of charity as essential to democracy while emphasizing the difficulty of fusing this ethic with the desire to spread democracy to people who do not

share America's Christian heritage In considering the prospect of America's leaders rediscovering a moral foreign policy based on charity rather than the costly idolization of democracy Lincoln and the Politics of Christian Love makes a timely contribution to the wider debate over both the meaning of religion in American politics and the mission of America in the world and opens a new window on Lincoln's lasting legacy *Citizen Lincoln* Ward McAfee, 2004 In modern times some critics have belittled Abraham Lincoln's antislavery resolve as shallow Some have portrayed him as a passive president waiting upon the bold initiatives of others *Citizen Lincoln* regards him differently First it portrays Lincoln's animus against slavery as rooted in the highest ideals of the American Revolution which he saw as being corrupted in his own time Second it analyses Lincoln's supposed passivity as more aptly defined as wise caution Lincoln learned as a legislator first in Illinois and later in the United States Congress that bold initiatives often backfire and fail to fulfil original intentions In the state legislature Lincoln supported a dramatic internal improvements project that collapsed in the midst of a national depression Lincoln also boldly opposed the Mexican War in Congress only to see his cause evaporate as soon as a peace treaty was drafted with Mexico In both instances his timing was faulty He had rushed into taking rigid policy positions when greater caution would have reaped better results But in both instances he learned lessons that would hold him in good stead later Lincoln as president was wisely cautious knowing that bold action could only disrupt the delicate coalition that kept the Union cause moving forward to victory Harriet Beecher Stowe described Lincoln's unique strength as swaying to every influence yielding on this side and on that to popular needs yet tenaciously and inflexibly bound to carry its great end She wisely added that no other kind of strength could have seen the nation through the worst trial in its history In filling this role Abraham Lincoln fulfilled that which he had long regarded as his personal mission within the larger context of his nation's providential destiny

Dred Scott's Revenge Andrew P. Napolitano, 2009-04-20 Racial hatred is one of the ugliest of human emotions And the United States not only once condoned it it also mandated it wove it right into the fabric of American jurisprudence Federal and state governments legally suspended the free will of blacks for 150 years and then denied blacks equal protection of the law for another 150 How did such crimes happen in America How were the laws of the land even the Constitution itself twisted into repressive and oppressive legislation that denied people their inalienable rights Taking the Dred Scott case of 1857 as his shocking center Judge Andrew P. Napolitano tells the story of how it happened and through it builds a damning case against American statesmen from Lincoln to Wilson from FDR to JFK Born a slave in Virginia Dred Scott sued for freedom based on the fact that he had lived in states and territories where slavery was illegal The U.S. Supreme Court ruled against Scott denied citizenship to blacks and spawned more than a century of government sponsored maltreatment that destroyed lives suppressed freedom and scarred our culture Dred Scott's Revenge is the story of America's long struggle to provide a new context one in which All men are created equal and government really treats them so

Lincoln and Liberty Lucas E. Morel, 2015-01-20 Since Abraham Lincoln's death generations of Americans have studied his

life presidency and leadership often remaking him into a figure suited to the needs and interests of their own time This illuminating volume takes a different approach to his political thought and practice Here a distinguished group of contributors argue that Lincoln s relevance today is best expressed by rendering an accurate portrait of him in his own era They seek to understand Lincoln as he understood himself and as he attempted to make his ideas clear to his contemporaries What emerges is a portrait of a prudent leader who is driven to return the country to its original principles in order to conserve it The contributors demonstrate that far from advocating an expansion of government beyond its constitutional limits Lincoln defended both the Declaration of Independence and the Constitution In his introduction Justice Clarence Thomas discusses how Lincoln used the ideological and structural underpinnings of those founding documents to defeat slavery and secure the liberties that the Republic was established to protect Other chapters reveal how Lincoln upheld the principle of limited government even as he employed unprecedented war powers Featuring contributions from leading scholars such as Michael Burlingame Allen C Guelzo Fred Kaplan and Matthew Pinsker this innovative collection presents fresh perspectives on Lincoln both as a political thinker and a practical politician Taken together these essays decisively demonstrate that the most iconic American president still has much to teach the modern day student of politics

Claiming Lincoln Jason Jividen,2011-01-18 Abraham Lincoln is clearly one of the most frequently cited figures in American political rhetoric especially with regard to issues of equality But given the ubiquity of Lincoln s legacy many references to him even on the presidential level are often of questionable accuracy In Claiming Lincoln Jividen posits that in much twentieth century presidential rhetoric especially from progressive leaders Lincoln s understanding of equality is slowly divorced from its grounding in the natural rights thinking of the American Founding and reinterpreted in light of progressive history Claiming Lincoln examines the manner in which rhetoricians have appealed to Lincoln s legacy only to distort that legacy in the process Focusing on Theodore Roosevelt Woodrow Wilson Franklin Roosevelt and Lyndon Johnson and touching on Barack Obama Jividen argues that presidential rhetorical use and abuse of Lincoln has profound consequences not only for how we understand Lincoln but also for how we understand American democracy Jividen s original take on Lincoln and the Progressives will be of interest to scholars of American politics and all those invested in Lincoln s legacy

The Wars of Reconstruction Douglas R. Egerton,2014-01-21 A groundbreaking new history telling the stories of hundreds of African American activists and officeholders who risked their lives for equality in the face of murderous violence in the years after the Civil War

The Dis Unite States of America Julio Camino,2024-03-28 If you think that you know what happen with the economic political chaos of the Century 21th this new book of Julio Camino is certainly not for you But if on the contrary you have doubts questions and concerns rather than elaborated opinions or if you are not very sure about them this book is for you Especially if you want to learn about what is going on in the USA and some parts of the world what is happening and why Generally in the United States upon hearing the word secession most people think of Abraham Lincoln the deep South

and the Civil War But there are currently other secessionist movements gaining strength in the U S and not only in the South but in the entire territory because the same Big Government federal emerged from the War of Secession has gone out of control causing many States huge frustration and discontent Along these pages you will find something that you need even if you are not very conscious of what is missing information good information from not well known but truthful and liable authors

Lincoln the Lawyer Brian R. Dirck, 2008-12-12 What the law did to and for Abraham Lincoln and its important impact on his future presidency Despite historians focus on the man as president and politician Abraham Lincoln lived most of his adult life as a practicing lawyer It was as a lawyer that he fed his family made his reputation bonded with Illinois and began his political career Lawyering was also how Lincoln learned to become an expert mediator between angry antagonists as he applied his knowledge of the law and of human nature to settle one dispute after another Frontier lawyers worked hard to establish respect for the law and encourage people to resolve their differences without intimidation or violence These were the very skills Lincoln used so deftly to hold a crumbling nation together during his presidency The growth of Lincoln s practice attests to the trust he was able to inspire and his travels from court to court taught him much about the people and land of Illinois *Lincoln the Lawyer* explores the origins of Lincoln s desire to practice law his legal education his partnerships with John Stuart Stephen Logan and William Herndon and the maturation of his far flung practice in the 1840s and 1850s Brian Dirck provides a context for law as it was practiced in mid century Illinois and evaluates Lincoln s merits as an attorney by comparison with his peers He examines Lincoln s clientele his circuit practice his views on legal ethics and the supposition that he never defended a client he knew to be guilty This approach allows readers not only to consider Lincoln as he lived his life it also shows them how the law was used and developed in Lincoln s lifetime how Lincoln charged his clients how he was paid and how he addressed judge and jury

How Capitalism Saved America Thomas J. DiLorenzo, 2005-08-23 Here s the real history of our country *How Capitalism Saved America* explodes the myths spun by Michael Moore the liberal media Hollywood academia and the rest of the anticapitalist establishment Whether it s Michael Moore or the New York Times Hollywood or academia a growing segment in America is waging a war on capitalism We hear that greedy plutocrats exploit the American public that capitalism harms consumers the working class and the environment that the government needs to rein in capitalism and on and on Anticapitalist critiques have only grown more fevered in the wake of corporate scandals like Enron and WorldCom Indeed the 2004 presidential campaign has brought frequent calls to re regulate the American economy But the anticapitalist arguments are pure bunk as Thomas J DiLorenzo reveals in *How Capitalism Saved America* DiLorenzo a professor of economics shows how capitalism has made America the most prosperous nation on earth and how the sort of government regulation that politicians and pundits endorse has hindered economic growth caused higher unemployment raised prices and created many other problems He propels the reader along with a fresh and compelling look at critical events in American history covering everything from the Pilgrims to Bill Gates And just as he did in his last book

The Real Lincoln DiLorenzo explodes numerous myths that have become conventional wisdom How Capitalism Saved America reveals How the introduction of a capitalist system saved the Pilgrims from starvation How the American Revolution was in large part a revolt against Britain's stifling economic controls How the so called robber barons actually improved the lives of millions of Americans by providing newer and better products at lower prices How the New Deal made the Great Depression worse How deregulation got this country out of the energy crisis of the 1970s and was not the cause of recent blackouts in California and the Northeast And much more How Capitalism Saved America is popular history at its explosive best

The ^AGlobal Lincoln Richard Carwardine, Jay Sexton, 2011-08-05 More than any other American historical figure Abraham Lincoln towers over the global landscape a leader who spoke and continues to speak to people around the world The Global Lincoln tells the unknown and remarkable story of this great president's worldwide legacy Edited by acclaimed Lincoln biographer Richard Carwardine and Jay Sexton this fascinating volume brings together leading historians from around the globe to explore the image and influence of Lincoln in places ranging from Germany to Japan India Ireland Africa and Argentina

Sic Semper Tyrannis William L. Richter, 2009-09 From Richard Lawrence to John Wilkes Booth to John Hinckley Jr Americans have preferred their presidential assassins whether failed or successful to be more or less crazy Seemingly this absolves us of having to wonder where the American experiment might have gone wrong John Wilkes Booth has been no exception to this rule But was he In a new provocative study comprising three essays historian William L Richter delves into the psyche of Booth and finds him far from insane Beginning with a modern less adulating interpretation of President Abraham Lincoln Richter is the first scholar to examine Booth's few known often unfinished speeches and essays to draw a realistic mind picture of the man who intensely believed in common American political theories of his day and acted violently to carry them out during the time of America's greatest war

America Transformed Ronald J. Pestritto, 2023-12-05 The America of the modern administrative state is not the America of the original Constitution This transformation comes not only from the ordinary course of historical change and development but also from a radical new philosophy of government that was imported into the American political tradition by the Progressives of the late nineteenth century The new thinking about the principles of government and open hostility to the American Constitution led to a host of concrete changes in American political institutions Our government today reflects these original Progressive innovations even if they are often unrecognized as such because they have become ingrained in American political culture This book shows the nature of these changes both in principles and in the nuts and bolts of governing It also shows how progressivism was often at the root of critical developments subsequent to the Progressive Era in more recent American political history how it was different than the New Deal the liberalism of the 1960s and today's liberalism but also how these subsequent developments could not have transpired without the ground laid by the original Progressives

Civic Myths Brook Thomas, 2007 As questions of citizenship generate new debates for this generation of Americans Thomas argues for

revitalizing the role of literature in civic education He considers 4 case studies in which individuals are presented in literature as the good citizen **Peninsula Campaign and the Necessity of Emancipation** Glenn David Brasher,2012
The Peninsula Campaign and the Necessity of Emancipation

Eventually, you will unconditionally discover a new experience and skill by spending more cash. yet when? realize you take on that you require to get those all needs taking into account having significantly cash? Why dont you try to acquire something basic in the beginning?
