Bowie Boulevard Juliet George, 2013-09-16 In the early 1890s Humphrey Barker Chamberlin installed a lifeline to his namesake suburb west of the city. A trolley connected to Arlington Heights Boulevard at the Trinity Rivers Clear Fork and chugged across prairie land to reach Chamberlin Arlington Heights Camp Bowie, a soldiers city sprawled over both sides of the road from 1917 until 1919. At the Great Wars end, the stretch west of present day University Drive became the commemorative Camp Bowie Boulevard. The 1920s brought twin ribbons of cordovan colored brick pavement, the prestige of inclusion in the Bankhead Highway network, and westering developers of another elite village. Ridglea. Midway through the Great Depression, the Will Rogers complex arose on a farm tract visible from the thoroughfare to host Texas Centennial celebrations and a special livestock exposition. Museums began claiming adjacent space in the 1950s. By the second decade of the 21st century, Camp Bowie Boulevard bisected a built environment both modern and historic. **Show Town** Holly

George, 2016-10-26 Like many western boomtowns at the turn of the twentieth century, Spokane, Washington, enjoyed a lively theatrical scene ranging from plays, concerts, and operas to salacious variety and vaudeville shows. Yet even as Spokaneites took pride in their city's reputation as a good show town, the more genteel among them worried about its Wild West atmosphere. In *Show Town*, historian Holly George correlates the clash of tastes and sensibilities among Spokane's theater patrons with a larger shift in values occurring throughout the Inland West and the nation during a period of rapid social change. George begins this multifaceted story in 1890 when two Spokane developers built the lavish Auditorium Theater as a kind of advertisement for the young city. The new venue catered to a class of people made wealthy by speculation, railroads, and mining. Yet the refined entertainment the Auditorium offered conflicted with the rollicking shows that played in the town's variety theaters designed to draw in the migratory workers, primarily single men who provided labor for the same industries that made the fortunes of Spokane's elite. As well to do Spokaneites attempted to clamp down on the variety theaters' performances, at even the city's more respectable legitimate playhouses began to reflect a movement away from Victorian sensibilities to a more modern desire for self fulfillment, particularly among women. Theaters joined the debate over modern femininity by presenting plays on issues ranging from woman's suffrage to shifting marital expectations. At the same time, national theater monopolies transmitted to the people of Spokane new styles and tastes that mirrored larger cultural trends. Lucidly written and meticulously researched, *Show Town* is a groundbreaking work of cultural history. By examining one city's theatrical scene in all its complex dimensions, this book expands our understanding of the forces that shaped the urban American West. Fort Worth between the World Wars Harold Rich, 2020-09-25 From its early days as a nineteenth century

army outpost through the boom years of cattle drives culminating with the arrival of Armour and Swift in the twentieth century to secure the community's economic base, Fort Worth established itself as a major city that to many was where the West began.
