Roma Produttiva Tra Settecento E Ottocento

Ole Peter Grell

Roma Produttiva Tra Settecento E Ottocento:

Guilds, Markets and Work Regulations in Italy, 16th-19th Centuries Alberto Guenzi, 2016-12-05 The purpose of this volume is to provide a conspectus of current research on the history of guilds and corporations in Italy in the period from the Renaissance to the end of the 19th century Particular aims are to examine the relationship between guilds manufacturing entrepreneurship and economic development and their impact on urban society and social welfare The work derives from a major project set up in 1994 the results were discussed at a conference in Rome in September 1997 and formed the basis for a further presentation by Professor Carlo Poni at the 12th International Economic History Conference in Seville The papers are grouped into three sections dealing with the guild system in urban areas case studies of individual guilds and conflicts and their role in mutual aid and assistance Specially translated for this volume they trace for the English speaking world a rich picture of the history of the Italian guild system in the modern era and its movement from magnificence to decline

Health Care and Poor Relief in 18th and 19th Century Southern Europe Ole Peter Grell, 2017-07-05 In this volume various aspects of Southern European health care and poor relief are examined Issues of charity and medicine are discussed both in their national and wider European context By studying the crucial transitional period between the parish relief of the late medieval world and the state sponsored provision of the twentieth century much can be learned about how attitudes to the poor and sick changed over time and place

Imprenditori a Roma nel secondo dopoguerra AA.

VV., 2016-01-03T00:00:00+01:00 Il libro ripercorre cinquanta anni della storia produttiva di Roma ponendo al centro dell'analisi gli operatori economici L'autrice scompone la descrizione della formazione del tessuto produttivo della capitale nel secondo dopoguerra in due distinti periodi il primo dagli anni Cinquanta agli anni Settanta il secondo dagli Ottanta al Duemila La linea di demarcazione viene fissata negli anni Settanta quando si esaurisce la spinta industriale impressa dal regime fascista e gli investimenti a Roma cominciano a spostarsi verso il terziario più avanzato Mano a mano che la descrizione coinvolge i settori portanti dell'economia della capitale l'autrice evidenzia caratteristiche e tratti salienti dei percorsi professionali di quegli imprenditori che hanno creduto nelle possibilità di crescita di una città economicamente difficile particolarmente esposta alle fasi di congiuntura negativa molti di loro sono riusciti a mantenere nel tempo vive ed operative le aziende rinnovandole sfidando la concorrenza internazionale trasformandole in spa diversificando allargando il raggio d'azione oltre la frontiera nazionale L'analisi degli operatori economici tiene conto di un modello imprenditoriale che a partire dagli anni Cinquanta muta a favore di una classe di investitori che non è solo esogena proveniente dalle zone economicamente più avanzate della penisola e appartenente alla cultura del learning by doing ma istruita ed aperta al confronto internazionale In questo passaggio la transizione generazionale assume un ruolo centrale A partire dagli anni Ottanta l'affermazione nella capitale di un ramo del terziario altamente innovativo come quello dei business service si impone ai giovani una più aggiornata mentalità imprenditoriale ed una formazione professionale ad hoc per guidare le piccole e medie

aziende familiari la capacità di innovare grazie a competenze altamente qualificate ci che oggi serve all'impresa per sostenere le sfide del mercato globale Pia Toscano insegna Storia Economica e Storia dell'Impresa nella Facoltà di Economia dell'Università degli Studi di Cassino Il filone principale dei suoi studi ha riguardato la storia dell'industria a Roma coprendo il lungo arco di tempo che va dalla fase preunitaria alla seconda guerra mondiale Oltre a numerosi articoli e saggi ha dedicato all'argomento due monografie Roma produttiva tra Settecento e Ottocento Il caso del San Michele a Ripa Grande e Le origini del capitalismo industriale e nel Lazio Imprese e imprenditori a Roma dall'Unità alla Seconda guerra mondiale Recentemente ha rivolto i suoi studi ad un tema di attualità quale quello del confronto generazionale all'interno delle piccole e medie imprese familiari e alla ricostruzione su base archivistica della vicenda degli ebrei libici relativamente all'impatto economico che questa collettività ha avuto alla fine degli anni Sessanta del Novecento sulla comunità ebraica della capitale

Nexus Network Journal 11,2 Kim Williams, 2009-12-05 The title of this issue of the Nexus Network Journal Architecture Mathematics and Structure is deliberately ambiguous At first glance it might seem to indicate the relationship between what buildings look like and how they stand up This is indeed one aspect of what we are concerned with here But on a deeper level the fundamental concept of structure is what connects architecture to mathematics Both architecture and mathematics are highly structured formal systems expressed through a symbolic language For architecture the generating structure might be geometrical musical modular or fractal Once we understand the nature of the structure underlying the design we are able to read the meaning inherent in the architectural forms The papers in this issue all explore themes of structure in different ways *Resilience in Papal Rome, 1656-1870* Marina Formica, Donatella Strangio, 2023-09-23 This book analyses the

evolution of the city of Rome in particular papal Rome from the plague of 1656 until 1870 when it became the capital of the Kingdom of Italy The authors explore papal Rome as a resilient city that had to cope with numerous crises during this period By focusing on a selection of different crises in Rome the book combines cultural political and economic history to examine key turning points in the city's history The book is split into chapters exploring themes such as diplomacy and international relations disease environmental disasters famine public debt and unravels the political economic and social consequences of these transformative events All the chapters are based on untapped original sources chiefly from the State Archive in Rome the Vatican Archives the Rome Municipal Archives the Colosseum Library the National Library and the Capitoline Library

La Fabbrica di San Pietro in Vaticano Renata Sabene, 2012-02-21 T00:00:00+01:00 Studiata ampiamente dal punto di vista storico artistico la Basilica di San Pietro non ha sino ad ora ricevuto sufficiente attenzione per quanto riguarda la complessa struttura amministrativa e organizzativa che da cinque secoli presiede alla sua costruzione ricostruzione e manutenzione la Fabbrica di San Pietro in Vaticano Voluta da Papa Giulio II la Fabbrica di San Pietro si presenta come un corpo estremamente articolato di cui la ricerca condotta da Renata Sabene tenta per la prima volta un'esauritiva ricostruzione storica basata su di un vastissimo apparato documentario pressoché inedito nella sua duplice dimensione locale

e di proiezione internazionale Analizzate nel loro divenire nel corso dei secoli le forme di gestione e organizzazione della Fabbrica disegnano gradualmente l'immagine di un organismo economico e amministrativo efficiente capace di capitalizzare le conoscenze in campo edile presenti a Roma di generarne di nuove cos come di elaborare una politica del lavoro del tutto innovativa rispetto alle consuetudini del tempo Vengono qui ricostruiti l'ambiente e le condizioni di vita dei lavoratori in forza alla Fabbrica le consuetudini riguardo al loro arruolamento le retribuzioni e la politica assistenziale tutti elementi che mettono in luce una precoce modernit organizzativa della Fabbrica frutto del connubio tra progettualit attenta selezione delle competenze pratica della solidariet La disamina delle modalit di raccolta dei finanziamenti necessari alla costruzione della Basilica pone poi in evidenza la proiezione internazionale degli interessi della Fabbrica aprendo nuove prospettive di osservazione sulla questione della vendita delle indulgenze In effetti l'evoluzione delle esigenze economiche della Fabbrica si accompagn non solo a quella degli organi direttivi generando un'amministrazione tecnicamente capace di sostenere gli enormi oneri del cantiere basilicale ma anche all'accorto utilizzo dei pi efficaci strumenti finanziari in uso nell'et moderna L'essenza della Fabbrica appare fondarsi dunque nella duttilit degli organi direttivi alle esigenze in fieri del cantiere nella capacit di coniugare il cambiamento con il consolidamento nell'attenta gestione delle finanze in un percorso proiettato al raggiungimento dell'obiettivo indicato da Giulio II nel 1506 costruire e conservare la Basilica di San Pietro nel tempo **II**

governo dei papi nell'et moderna Antonio Menniti Ippolito, 2010-12-30T00:00:00+01:00 Quali furono i percorsi di carriera dei papi dell'et moderna Perch essi furono con poche eccezioni tutti italiani e quale era il ruolo e la funzione dei cardinali Come and ad organizzarsi la Curia Quanto e se operarono i pontefici perch Roma divenisse degna capitale papale e non solo un luogo che evocava una antica e gloriosa memoria che poco o quasi nulla aveva da spartire col cristianesimo Ancora dove risiedettero i papi in Roma prima che il 20 settembre 1870 li riducesse infine in quel Vaticano che avevano fino ad allora trascurato Come era organizzata la loro giornata di lavoro e quale era la loro disponibilit economica Di questo e d'altro tratta il volume affrontando questioni che di per s non sono tali da ambire a spiegare da sole che cosa furono i papi nell'et moderna ma che possono far luce questo l'auspicio su taluni elementi anche assai rilevanti legati all'attivit dei pontefici romani non sempre ben considerati o conosciuti Elementi riguardanti i papi e ancora e forse soprattutto il controverso rapporto tra la Santa Sede e l'Italia C'una forte coerenza nell'atteggiamento del papato verso la realt italiana motivazioni storiche che non hanno ancora consentito di tracciare una linea definita tra le due sponde del Tevere **Il Cimitero**

acattolico di Roma Antonio Menniti Ippolito, 2014-07-09T00:00:00+02:00 Oggetto fuori d'Italia di una venerazione forse sconosciuta agli italiani la vicenda del Cimitero acattolico romano la cui origine risale a circa tre secoli fa merita di essere approfondita per pi aspetti Sotto il profilo della storia della citt di Roma capitale del papato che ospit tale singolare realt al l'interno delle proprie mura ma anche sotto quello della storia delle relazioni della Santa Sede con i paesi protestanti e del rapporto tra la Chiesa e gli eretici che in sempre maggior numero e con sempre pi spiccata disinvoltura presero a visitare la

penisola e l'Urbe Scopo di questo volume basato su una ricca ricerca d'archivio che non trascura le fonti del l'Inquisizione romana non solo quello di ampliare ma anche di contestualizzare l'analisi di correggere inesattezze e leggende di cercare di definire tanti aspetti poco chiari Il sepolcreto ai piedi della Piramide di Caio Cestio si sviluppò quale realtà sostanzialmente abusiva che pot'imporsi con la connivenza delle autorità romane Come avvenne tutto questo Quando fu che gli stranieri protestanti morti nel l'Urbe poterono essere sepolti ai piedi della Piramide di Caio Cestio Quale il contesto che ne consentì la creazione e perché la Santa Sede permise tutto ci Quale il rapporto tra questo cimitero e quello ebraico o quello degli impenitenti al Muro Torto e quale con il moderno cimitero del Verano E ancora quali sono le differenze tra questo sepolcreto e altre analoghe aree sepolcrali in Italia e fuori dalla penisola Lo studio del sepolcreto della comunità protestante romana diviene una chiave per entrare nel meccanismo del potere papale ma ci dice anche di molte altre cose *L'editoria a Napoli nel Decennio francese. Produzione libraria e stampa periodica tra Stato e imprenditoria privata (1806-1815)* Vincenzo Trombetta, 2011-09-15T00:00:00+02:00 1615 53

La prisión y las instituciones punitivas en la investigación histórica Pedro Oliver Olmo, Jesús Carlos Urda Lozano, 2014-09-23 La Historia Social de las Instituciones Punitivas es necesitada en España de encuentro y debate de confrontación y colaboración entre investigadores e investigadoras Solo así lograr hacerse visible e inteligible como tendencia historiográfica y sobre todo como apuesta teórica metodológica porque de hecho ya es más que creíble como práctica historiográfica Aquí en este libro junto a los logros también se perfilan las carencias y los retos más acuciantes Lejos de buscar una autonomía extemporánea la Historia Social de las Instituciones Punitivas quiere buscar su propia viabilidad a base de intersecciones y buenas mezclas Esos objetivos se planteaba el Grupo de Estudio sobre la Historia de la Prisión y las Instituciones Punitivas GEHPIP un equipo interuniversitario y con sede en la Universidad de Castilla-La Mancha UCLM al organizar lo que de forma homónima decidió titular I Congreso Internacional sobre Historia de la Prisión y las Instituciones Punitivas celebrado en Ciudad Real entre el 10 y el 12 de abril de 2013 El libro electrónico que aquí se presenta es una buena muestra de lo que allí se comunicó y discutió Social History of Punitive Institutions in Spain needs meetings and discussions comparison and collaboration between researchers Only then it will become visible and intelligible as a historiographical trend and above all as a theoretical methodological hope because in fact now it is more than conceivable as a historiographical practice Here in this book are outlined along with the achievements the shortcomings and the most pressing challenges Far from seeking an extemporaneous autonomy Social History of Punitive Institutions wants to try to find its own feasibility based on intersections and good mixings Those objectives were considered by the Study Group about History of Prison and Punitive Institutions Grupo de Estudio sobre la Historia de la Prisión y las Instituciones Punitivas GEHPIP an interuniversity team and with central office at Universidad de Castilla-La Mancha UCLM when organising what it decided to name in an homonymous way 1st International Congress on History of Prison and Punitive Institutions I Congreso Internacional sobre Historia de la Prisión y las Instituciones Punitivas held in Ciudad Real Spain from 10 to 12 April 2013 The

electronic book here presented is a good example of what it was told and discussed there
