Donald Fanger, 1998 Dostoevsky and Romantic Realism is Donald Fanger's groundbreaking study of the art of Dostoevsky and the literary and historical context in which it was created Through detailed analyses of the work of Balzac Dickens and Gogol Fanger identifies romantic realism the transformative fusion of two generic categories as a powerful imaginary response to the great modern city This fusion reaches its aesthetic and metaphysical climax in Dostoevsky whose vision culminating in Crime and Punishment is seen by Fanger as the final synthesis of romantic realism *Romantic Escapes in the Caribbean* Paris Permenter, 2010-09-14 Romance And The Caribbean go hand in hand How could they not with sunny days sultry nights perfect beaches tropical splendor and more fun than could be had in a lifetime Undecided on which island would best suit you Your dream vacation awaits in Romantic Escapes in the Virgin Islands which covers St Croix St John St Thomas Tortola Virgin Gorda Peter Island all of the US and British Virgin Islands Each island has a full section on its history activities and nightlife As well as scores of listings for lodging and restaurants Maps and photos throughout Local festivals shopping romantic activities nightlife beaches weddings sightseeing it's all here Victor Hugo and the Romantic Drama Albert W. Halsall, 1998-01-01 In this book Albert W Halsall presents the first complete treatment in English of Hugo's plays a history plot summary and detailed analysis of all the dramas from Cromwell and Torquemada to the juvenilia and the epic melodrama Les Burgraves Romantic Revisions in Novels from the Americas Lauren Rule Maxwell, 2013-03-15 Why are twentieth century novelists from former British colonies in the Americas preoccupied with British Romantic poetry In Romantic Revisions Lauren Rule Maxwell examines five novels Kincaid's Lucy Atwood's The Handmaid's Tale McCarthy's Blood Meridian Fitzgerald's The Great Gatsby and Harris's Palace of the Peacock that contain crucial scenes engaging British Romantic poetry Each work adapts figures from British Romantic poetry and translates them into an American context Kincaid relies on the repeated image of the daffodil Atwood displaces Lucy McCarthy upends the American arcadia Fitzgerald heaps Keatsian images of excess and Harris transforms the albatross In her close readings Maxwell suggests that the novels reframe Romantic poetry to allegorically confront empire revealing how subjectivity is shaped by considerations of place and power Returning to British Romantic poetry allows the novels to extend the Romantic poetics of landscape that traditionally considered the British subject's relation to place By recasting Romantic poetics in the Americas these novels show how negotiations of identity and power are defined by the legacies of British imperialism illustrating that these nations their peoples and their works of art are truly postcolonial While many postcolonial scholars and critics have dismissed the idea that Romantic poetry can be used to critique colonialism Maxwell suggests that on the contrary it has provided contemporary writers across the Americas with a means of charting the literary and cultural legacies of British imperialism in the New World The poems of the British Romantics offer postcolonial writers particularly rich material Maxwell argues because they characterize British influence at the height of the British empire In explaining how the novels adapt figures

from British Romantic poetry Romantic Revisions provides scholars and students working in postcolonial studies Romanticism and English language literature with a new look at politics of location in the Americas **Romantic**

Metropolis James Chandler, Kevin Gilmartin, 2005-10-13 This 2005 collection of essays challenges the traditional conception that British Romanticism was rooted in nature and rural life by showing that much of what was new about Romanticism was born in the city The essays examine the works and events of the Romantic period from the point of view of the urban world where rapid developments in population industry communication trade and technology set the stage and the tone for many of the great achievements in literature and culture The great metropolis appears as both fact and figure London is its paradigm but the metropolitan perspective is also borrowed and projected elsewhere In this volume some of the most exciting critics of Romanticism explore diverse cultural productions from poems and paintings to exhibition sites panoramas and political organizations to do long overdue justice to the place of the city both as topic and as location in British Romanticism
