Romance Of The Rose Illuminated:

The Romance of the Rose Illuminated Alcuin Blamires, Gail C. Holian, 2002 A central work in medieval culture and modern scholarship the Romance of the rose was among the most consistently illustrated of medieval secular texts Consequently interpretation of the visual evidence has played a significant part in elucidating the poem and its derivatives This volume reproduces in color with commentary and full contextual discussion all the miniatures from five unpublished illuminated manuscripts of Le Roman de la rose in the National Library of Wales

Approaches to Teaching the Romance of the Rose Daisy Delogu, Anne-Hélène Miller, 2023-03-21 One of the most influential texts of its time the Romance of the Rose offers readers a window into the world view of the late Middle Ages in Europe including notions of moral philosophy and courtly love Yet the Rose also explores topics that remain relevant to readers today such as gender desire and the power of speech Students however can find the work challenging because of its dual authorship by Guillaume de Lorris and Jean de Meun its structure as an allegorical dream vision and its encyclopedic length and scope The essays in this volume offer strategies for teaching the poem with confidence and enjoyment Part 1 Materials suggests helpful background resources Part 2 Approaches presents contexts critical approaches and strategies for teaching the work and its classical and medieval sources illustrations and adaptations as well as the intellectual debates that surrounded it

Wandering Women and Holy Matrons Leigh Ann Craig, 2009 This book explores women's experiences of pilgrimage in Latin Christendom between 1300 and 1500 C E Later medieval authors harbored grave doubts about women's mobility literary images of mobile women commonly accused them of lust pride greed and deceit Yet real women commonly engaged in pilgrimage in a variety of forms both physical and spiritual voluntary and compulsory and to locations nearby and distant Acting within both practical and social constraints such women helped to construct more positive interpretations of their desire to travel and of their experiences as pilgrims Regardless of how their travel was interpreted those women who succeeded in becoming pilgrims offer us a rare glimpse of ordinary women taking on extraordinary religious and social authority

The Pygmalion Effect Victor I. Stoichita, 2008-06-15 Pygmalion's sculpture which the gods endowed with life marks according to this book perhaps the first instance in Western art of an image that exists on its own terms rather than simply imitating something else Stoichita delivers this image and its avatars from the shadow cast by art that merely replicates reality

Shades of Meaning: Shadows in Medieval Manuscript Illumination Dominique DeLuca, 2025-03-27 Are there shadows in medieval art Studies on the role of shadows in art history have either glanced over or ignored the medieval period yet people of the Middle Ages certainly saw and thought about shadows and recorded their ideas about these phenomena in texts and images This book examines references to shadows in science religion and folklore of the Middle Ages Through the lens of fifteenth century manuscript painting it investigates visual metaphorical and supernatural shadows in art to discover what shadows meant to the medieval viewer

Water in Medieval Literature

Albrecht Classen, 2017-08-15 Ecocritical thinking has sensitized us more than ever before to the tremendous importance of water for human life as it is richly reflected in the world of literature. The great relevance of water also in the Middle Ages might come as a surprise for many readers but the evidence assembled here confirms that also medieval poets were keenly aware of the importance of water to sustain all life, to provide understanding of life's secrets, to mirror love and to connect the individual with God. In eleven chapters major medieval European authors and their works are discussed here taking us from the world of Old Norse to Irish and Latin literature to German, French, English and Italian romances and other narratives.

Mirrors and Mirroring from Antiquity to the Early Modern Period Maria Gerolemou, Lilia Diamantopoulou, 2020-01-09

This volume examines mirrors and mirroring through a series of multidisciplinary essays especially focusing on the intersection between technological and cultural dynamics of mirrors. The international scholars brought together here explore critical questions around the mirror as artefact and the phenomenon of mirroring. Beside the common visual registration of an action or inaction in a two-dimensional and reversed form, various types of mirrors often possess special abilities which can produce a distorted picture of reality, serving in this way illusion and falsehood. Part I looks at a selection of theory from ancient writers demonstrating the concern to explore these same questions in antiquity. Part II considers the role reflections can play in forming ideas of gender and identity. Beyond the everyday we see in Part III how oracular mirrors and magical mirrors reveal the invisible, divine prosthetics that allow us to look where the eye cannot reach. Finally, Part IV considers mirrors' roles in displaying the visible and invisible in antiquity and since.

Castration and Culture in the Middle Ages Larissa Tracy, 2013 Essays exploring medieval castration as reflected in archaeology, law, historical record and literary motifs. Castration and castrati have always been facets of western culture from myth and legend to law and theology from eunuchs guarding harems to the seventeenth and eighteenth century castrati singers. Metaphoric castration pervades a number of medieval literary genres particularly the Old French fabliaux, exchanges of power predicated upon the exchange or absence of sexual desire signified by genitalia but the plain literal act of castration and its implications are often overlooked. This collection explores this often taboo subject and its implications for cultural mores and custom in Western Europe seeking to demystify and demythologize castration. Its subjects include archaeological studies of eunuchs, historical accounts of castration in trials of combat, the mutilation of political rivals in medieval Wales, Anglo-Saxon and Frisian legal and literary examples of castration as punishment, castration as comedy in the Old French fabliaux, the prohibition against genital mutilation in hagiography and early modern anxieties about punitive castration enacted on the Elizabethan stage. The introduction reflects on these topics in the context of arguably the most well-known victim of castration in the middle ages, Abelard. LARISSA TRACY is Associate Professor of Medieval Literature at Longwood University. Contributors: Larissa Tracy, Kathryn Reusch, Shaun Tougher, Jack Collins, Rolf H. Bremmer Jr., Jay Paul Gates, Charlene M. Eska, Mary A. Valante, Anthony Adams, Mary E. Leech, Jed Chandler, Ellen Lorraine Friedrich, Robert L. A. Clark, Karin Sellberg, Lena W. Nggren. **"Saints,**

Sinners, and Sisters " JaneL. Carroll,2017-07-05 A collection of original essays Saints Sinners and Sisters showcases the diverse questions currently being asked by gender scholars dealing with French Netherlandish and German art from the medieval and early modern periods Moving beyond the reclamation of personalities and oeuvres of lost female artists the contributors pose questions about gender and sex within specific historical contexts addressing such issues as intended audience use of the object and patronage These avenues of inquiry intersect with larger cultural questions concerning societal control of women The book s three sections Saints Sinners and Sisters Wives Poets are each preceded by a concise introductory essay detailing themes and offering reflective comparisons of theses and information In Saints contributors look at women who were positive exemplar used by society to uphold standards In the second section the essays focus on the power of women s sexuality The third section expands beyond the customary dichotomous division of the first two to examine women in diverse roles not widely studied as positions of women in those times This final section expands our definitions of women s responsibilities and realigns them historically it argues that women and thus gender need to be understood within a much broader historical context and beyond simplistic approaches sometimes superimposed by present day readers on past times This volume answers an acute need for research on the art of Northern Europe prior to the 20th century and highlights the possibilities of new directions in the field The effect of the new scholarship presented here is to broaden the discursive field allowing fluidity of disciplinary boundaries resulting in a volume that is illuminating to historians of more than art alone

Medieval Mythography, Volume Three Jane Chance,2019-11-15 With this volume Jane Chance concludes her monumental study of the history of mythography in medieval literature Her focus here is the advent of hybrid mythography the transformation of mythological commentary by blending the scholarly with the courtly and the personal No other work examines the mythographic interrelationships among these poets and their unique and personal approaches to mythological commentary
