Richard Wortman

Romanov I Krym:

Patrimonialization on the Ruins of Empire Maximilian Hartmuth, Ayse Dilsiz Hartmuth, 2024-08-02 After the failed Siege of Vienna of 1683 the Ottoman Empire gradually withdrew from Europe Even so monumental reminders of its former presence survived across the continent The contributors to this volume show that the various successor states adopted substantially different approaches towards their Ottoman architectural inheritance Even within the same countries different policies appear to have been pursued in different periods in keeping with differing circumstances Case studies inquire from diverse vantage points how this heritage has been coped with discursively and materially Importantly readers will find that it is almost impossible to disentangle these two levels of action

The Flight Of The Romanovs John Curtis Perry, Constantine V Pleshakov, 2008-08-05 A saga of love and lust personal tensions and rivalries antagonisms and hatreds The Flight of the Romanovs describes the last century of the Russian imperial dynasty the Romanovs from the youth of the future tsar Alexander III in the 1860s until the death in 1960 of his daughter Olga Alexandrovna the last grand duchess John Curtis Perry and Constantine V Pleshakov use a wealth of previously untapped sources including unpublished diaries of many of the principal characters interviews with people who knew them well and never before published photographs to create a history of a family and a time Along the way we learn of the relationships between Alexander III and his children the conspiracy against Rasputin Duke Dimitrie's affair with Coco Chanel the hostile behavior of the House of Windsor toward the Romanovs and the war between the Romanovs and the secret police Concluding with a discussion of the imperial restoration movement in Russia today The Flight of the Romanovs is a must read for anyone interested in the Romanov family Russian history and the history of European royalty

The Romanov Sisters Helen Rappaport, 2014-06-03 Historian Helen Rappaport brings the four daughters of the last Tsar to life in their own words illuminating the opulence of their doomed world and their courage as they faced a terrible end

Scenarios of Power: From Alexander II to the abdication of Nicholas II Richard Wortman, 1995 V 1 From Peter the Great to the death of Nicholas I

Self and Story in Russian History Laura Engelstein, Stephanie Sandler, 2018-08-06 Russians have often been characterized as people with souls rather than selves Self and Story in Russian History challenges the portrayal of the Russian character as selfless self effacing or self torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years ranging from westernized nobles to simple peasants from such famous people as Tolstoy Dostoyevsky Akhmatova and Nicholas II to lowly religious sectarians Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how since the eighteenth century Russians have used expressive genres including diaries novels medical case studies films letters and theater to make political and moral statements The first book to examine the narration of self as idea and ideal in Russia this vital work contemplates the shifting historical manifestations

of identity the strategies of self creation and the diversity of narrative forms Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one associated with the West *A History of Crimea* Kerstin S. Jobst,2024-12-12 With the Russian annexation of Crimea in March 2014 160 years after the Crimean War the peninsula has come to the geopolitical fore once more on the global stage This book provides a comprehensive history of the region that until now has been missing one that stretches from ancient times through to the present and which explores various aspects and inhabitants through the ages Kerstin S Jobst examines the complex history of the multi ethnic and pluri religious Crimea and not only from a political perspective Jobst deals with the manifold cultural and historical interdependencies that are central to the territory The book presents myths and legends about the Crimea as well as the various peoples for whom the Crimea was a settlement and transit area and who shaped the fate of the peninsula These included Greek colonists Eurasian nomads Crimean Tatars and others *A History of Crimea* shows the importance of Crimea as a place of early Christianity but also as a contact zone between different religions Christianity Judaism and Islam It also emphasizes the role of the peninsula as a peripheral area of various great powers the Roman Empire Byzantium the Golden Horde and the Ottoman and Russian Empires With this overview of 2 000 years of Crimea s history Kerstin S Jobst places the most recent explosive events on the peninsula in their historical context and shows how the Crimea has become for the majority of Russians a highly emotionalized space since the first Russian annexation in 1783 *Chekhov* Rosamund Bartlett,2004 Rosamund Bartlett is steeped in Chekhov s writings having worked as a translator and in the culture and history of 19th century Russia She has written not simply another biography of Chekhov but brought new understanding to the writings and character of Chekhov set amidst the landscape of Russia This is a book of enormous detail about the places Chekhov visited and lived in which is vital for a good understanding of the character of this unusual and complex man Examining these locations also informs and widens interpretation of the short stories The author examines with careful precision Chekhov s genius and shows that he is not simply the gloomy writer of popular myth but one with profound humanity and humour *Scenarios of Power* Richard S. Wortman,2013-10-31 This new and abridged edition of *Scenarios of Power* is a concise version of Richard Wortman s award winning study of Russian monarchy from the seventeenth century until 1917 The author breaks new ground by showing how imperial ceremony and imagery were not simply displays of the majesty of the sovereign and his entourage but also instruments central to the exercise of absolute power in a multinational empire In developing this interpretation Wortman presents vivid descriptions of coronations funerals parades trips through the realm and historical celebrations and reveals how these ceremonies were constructed or reconstructed to fit the political and cultural narratives in the lives and reigns of successive tsars He describes the upbringing of the heirs as well as their roles in these narratives and relates their experiences to the persistence of absolute monarchy in Russia long after its demise in Europe *Towers of Crim Tartary* Charles Edward Bainbridge Brett,2005 *The Crimea Question* Gwendolyn Sasse,2007 Crimea s multiethnicity is the most

colorful and politically relevant expression of Ukraine's regional diversity. History, memory, and myth are deeply inscribed in Crimea's landscape. These cultural and institutional echoes from different historical periods have played a crucial role in post-Soviet Ukraine. In the early to mid-1990s, the Western media, policymakers, and academics alike warned that Crimea was a potential center of unrest and instability in the aftermath of the Soviet Union's dissolution. However, large-scale conflict in Crimea did not materialize, and Kyiv has managed to integrate the peninsula into the new Ukrainian polity. This book traces the imperial legacies in particular identities and institutions of the Russian and Soviet period and post-Soviet transition politics. Both frame Crimea's potential for conflict and the dynamics of conflict prevention. As a critical case in which conflict did not erupt despite a structural predisposition to ethnic, regional, and even international enmity, the Crimea question is located in the larger context of conflict and conflict prevention studies.
