Romantic Love:

The Psychology of Romantic Love Nathaniel Branden, 2008-01-31 What love is why love is born why it sometimes grows and why it sometimes dies Have you ever wondered how romantic love evolves What the difference is between mature and immature love What role sex plays in romantic love and whether love necessarily implies sexual exclusivity And most important how can we make love last Originally published in 1980 this updated edition of The Psychology of Romantic Love explores the nature of romantic love on many levels the philosophical the historical the sociological and the physiological Nathaniel Branden explains why so many people say that romantic love is just not possible in today's world and drawing on his experience with thousands of couples finds that such love is still a possibility for anyone who understands its essence and is willing to accept its challenges Branden sees it as a pathway not only to extraordinary joy but also to profound self discovery His vision of love is thoroughly appropriate to our time and grounded in our humanness

Kelly,2018-08-06 In the first half of the nineteenth century rural New England society underwent a radical transformation as the traditional household economy gave way to an encroaching market culture Drawing on a wide array of diaries letters and published writings by women in this society Catherine E Kelly describes their attempts to make sense of the changes in their world by elaborating values connected to rural life In her hands the narratives reveal the dramatic ways female lives were reshaped during the antebellum period and the women s own contribution to those developments Equally important she demonstrates how these writings afford a fuller understanding of the capitalist transformation of the countryside and the origins of the Northern middle class Provincial women exalted rural life for its republican simplicity while condemning that of the city for its aristocratic pretension The idyllic nature of the former was ascribed to the financial independence that the household economy had long provided those in the farming community Kelly examines how the juxtaposition of rural virtue to urban vice served as a cautionary defense against the new realities of the capitalist market society She finds that women responded to the transition to capitalism by upholding a set of values which point toward the creation of a provincial bourgeoisie Visualizing Psychology Siri Carpenter,Karen R. Romance in Post-Socialist Chinese Television Huike Wen,2020-07-13 This book is about how the representations of romantic love in television reflect the change and the dilemma of the dominant values in post socialist Chinese mainstream

culture These values mainly center on the impact of individualism consumerism capitalism and neoliberalism often referred to as western culture on the perception of romantic love and self realization in China The book focuses on how romantic love which plays a vital role in China s ideologically highly restricted social environment by empowering people with individual choice change and social mobility must struggle and compromise with the reality specifically the values and problems emerging in a transitional China The book also examines how the representation of romantic love celebrates ideals individual freedom passion and gender equality and promises changes based on individual diligence and talent while simultaneously obstructing the fulfillment of these ideals *The Psychology of Love* Robert J. Sternberg, Michael L. Barnes, 1988-01-01
