Romantic Periodicals And Print Culture:

Romantic Periodicals and Print Culture Kim Wheatley, 2004-11-23 Building on a revival of scholarly interest in the cultural effects of early 19th century periodicals the essays in this collection treat periodical writing as intrinsically worthy of attention not a mere backdrop to the emergence of British Romanticism but a site in which Romantic ideals were challenged modified and developed Contributors to the volume discuss a range of different periodicals from the elite Quarterly and Edinburgh Reviews through William Cobbett's populist weekly newspaper Two Penny Trash to the miscellaneous monthly magazines typified by Blackwood's While some contributors to the volume approach the phenomenon of Romanticism within periodical culture from a more materialist standpoint than others several elaborate upon recent intersections between Romantic studies and gender studies

Romantic Periodicals and Print Culture, 2003 Politics and Emotions in Romantic Periodicals Jock Macleod, William Christie, Peter Denney, 2019-12-20 This book comprises eleven essays by leading scholars of early nineteenth century British literature and periodical culture The collection addresses the many and varied links between politics and the emotions in Romantic periodicals from the revolutionary decade of the 1790s to the 1832 Reform Bill In so doing it deepens our understanding of the often conflicted relations between politics and feelings and raises questions relevant to contemporary debates on affect studies and their relation to political criticism The respective chapters explore both the politics of emotion and the emotional register of political discussion in radical reformist and conservative periodicals They are arranged chronologically covering periodicals from Pigs Meat to Blackwood's Edinburgh Magazine and the Spectator Recurring themes include the contested place of emotion in radical political discourse the role of the periodical in mediating action and performance the changing affective frameworks of cultural politics especially concerning gender and nation and the shifting terrain of what constitutes appropriate emotion in public political discourse

Romanticism and Blackwood's Magazine R. Morrison, D. Roberts, 2013-02-01 This collection of essays throws vast new light on the most significant literary political journal of the Romantic age Its chapters analyze Blackwood's wide ranging contributions on some of the most topical issues in Romantic studies including celebrity British versus Scottish nationalism and the rise of terror and detective fiction

Romantic Periodicals in the Twenty-First Century Mason Nicholas Mason, 2020-09-04 Maps a coherent subfield of Romantic periodical studies through studying the trailblazing Blackwood's Edinburgh Magazine An introduction by two established scholars that articulates a case for the more sustained systematic study of Romantic periodicals and justifies the volume's focus by retracing Blackwood's emergence as the era's most innovative influential and controversial literary magazine Features eleven essays modelling how the wide ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-37 might meaningfully inform many of the most vibrant contemporary discussions surrounding British Romanticism Contributes to field wide bicentenary celebrations and reappraisals both of Blackwood's and the authors and works including Shelley's Frankenstein Byron's Don Juan and Keats's

Poems whose reputations the magazine helped shape This book pioneers a subfield of Romantic periodical studies distinct from its neighbours in adjacent historical periods Eleven chapters by leading scholars in the field model the range of methodological conceptual and literary historical insights to be drawn from careful engagements with one of the age's landmark literary periodicals Blackwood's Edinburgh Magazine Engaging with the research potential unlocked by new digital resources for studying Romantic periodicals they argue that the wide ranging commentary reviews and original fiction and verse published in Blackwood's during its first two decades 1817-37 should inform many of the most vibrant contemporary discussions surrounding British Romanticism Book-Men, Book Clubs, and the Romantic Literary Sphere Ina

Ferris, 2015-08-29 This book re-reads the tangled relations of book culture and literary culture in the early nineteenth century by restoring to view the figure of the bookman and the effaced history of his book clubs As outliers inserting themselves into the matrix of literary production rather than remaining within that of reception both provoked debate by producing writing and circulating books in ways that expanded fundamental points of literary orientation in lateral directions not coincident with those of the literary sphere Deploying a wide range of historical archival and literary materials the study combines the history and geography of books cultural theory and literary history to make visible a bookish array of alternative networks genres and locations that were obscured by the literary sphere in establishing its authority as arbiter of the modern book

A Handbook of Romanticism Studies Joel Faflak, Julia M. Wright, 2016-01-19 The Handbook to Romanticism Studies is an accessible and indispensable resource providing students and scholars with a rich array of historical and up to date critical and theoretical contexts for the study of Romanticism Focuses on British Romanticism while also addressing continental and transatlantic Romanticism and earlier periods Utilizes keywords such as imagination sublime poetics philosophy race historiography and visual culture as points of access to the study of Romanticism and the theoretical concerns and the culture of the period Explores topics central to Romanticism studies and the critical trends of the last thirty years

Colonial Australian Women Poets Katie Hansord, 2021-01-08 My book traces the significant poetic and political contributions made by non canonical women poets situating women's poetry both in colonial Australian print culture and in wider imperial and transnational contexts Women poets in colonial Australia have tended to be represented as marginal and isolated figures or absent This study intervenes by demonstrating an alternative networked tradition of transnational feminist poetics and politics beyond and around emergent masculine nationalism particularly within newspapers and periodical print culture Without the inclusion of periodical literature women's poetry in Australia during the colonial period would appear to have been fairly limited When periodical literature is taken into account this picture is radically altered and poets emerge as consistent contributors often across a variety of newspapers and journals who were well known influential and connected with political figures and literary circles In examining this poetry in the original context of the newspapers and journals the political intervention and the reception of that poetry is made much more apparent *Minor Literature in Late Romanticism*

James Najarian, 2025-07-31 This book intervenes in the current discussion concerning so called minor English literature of the late 1820s and early 1830s Writing in the late Romantic period this study charts the declining economic market for individual poetry volumes as other markets were developing It examines selected authors over a short time period who consciously placed their works as minor arguing that minor is not only a category that has been used to classify the literary reputation of authors long after their deaths but a position that authors adopt themselves Minor poets turn from long ambitious works to shorter lyrics on a limited number of subjects They respond to the Romantic ideology and its emphasis on individual vision achievement and reputation but choose instead the minor This book explores the work of Charles Lamb as a theorist of the minor as well as Thomas Hood Felicia Hemans Winthrop Mackworth Praed and Mary Mitford as exemplars of this style It links their work to literary Romanticism and yet responds to it in a strategically self limited way by posing as ancillary
