## **Romanticism And Ideology:**

**The Romantic Ideology** Jerome J. McGann, 1985-02-15 Claiming that the scholarship and criticism of Romanticism and its works have for too long been dominated by a Romantic ideology by an uncritical absorption in Romanticism's own self-representations Jerome J. McGann presents a new critical view of the subject that calls for a radically revisionary reading of Romanticism. In the course of his study McGann analyzes both the predominant theories of Romanticism those deriving from Coleridge, Hegel and Heine and the products of its major English practitioners Wordsworth, Coleridge, Shelley and Byron are considered in greatest depth but the entire movement is subjected to a searching critique. Arguing that poetry is produced and reproduced within concrete historical contexts and that criticism must take these contexts into account McGann shows how the ideologies embodied in Romantic poetry and theory have shaped and distorted contemporary critical activities.

Romanticism and Ideology Morse Peckham, 1985 A preeminent critic's classic collection available for the first time in paper.

**Romanticism and Ideology** David Aers, Jonathan Cook, David Punter, 2016-03-31 First published in 1981. The primary purpose of this book is to serve as an introduction to writing in the late eighteenth and early nineteenth centuries. In addition to major Romantic poets Blake, Wordsworth, Coleridge and Shelley the authors discuss writers such as Austen, Hazlitt and Burke who are usually studied in a different context and genres such as fiction and political writing which are often cut off from the central body of poetry. An original and highly stimulated study this book will appeal to all those who are dissatisfied with the conventional categories into which writers and literary movements are usually placed.

Wright, 2016-01-19 The Handbook to Romanticism Studies is an accessible and indispensable resource providing students and scholars with a rich array of historical and up-to-date critical and theoretical contexts for the study of Romanticism. Musical Genre and Romantic Ideology Matthew Gelbart, 2022 Musical Genre and Romantic Ideology charts the workings and legacies of Romantic artistic values such as originality and anti-commercialism in relation to musical genre. In case studies from across nineteenth-century Europe author Matthew Gelbart explores the processes through which composers, performers, critics and listeners gave sounds and themselves a sense of belonging.
