Hall, 2001-10-19 Using an interdisciplinary approach this book argues that American artistry in the 1960s can be understood as one of the most vital and compelling interrogations of modernity. James C Hall finds that the legacy of slavery and the resistance to it have by necessity made African Americans among the most incisive critics and celebrants of the Enlightenment inheritance. Focusing on the work of six individuals Robert Hayden William Demby Paule Marshall John Coltrane Romare Bearden and W E B DuBois *Mercy Mercy Me* seeks to recover an American tradition of evaluating the dialectic of the Enlightenment Power and Possibility Elizabeth Alexander, 2007 A volume in the Poets on Poetry series which collects critical works by contemporary poets gathering together the articles interviews and book reviews by which they have articulated the poetics of a new generation. Arnold Rampersad has called Alexander one of the brightest stars in our literary sky a superb invaluable commentator on the American scene. In this new collection of her essays reviews and interviews Alexander again focuses on African American artistic production particularly poetry and the cultural contexts in which it is created and experienced. Postcolonial Odysseys Maeve Tynan, 2011-05-25 Postcolonial Odysseys Derek Walcott's Voyages of Homecoming highlights the importance of the trope of voyaging in Derek Walcott's poetics primarily as it pertains to the poet's engagement with classical verse Focusing specifically on the engagement with Homeric myth and The Odyssey in particular it articulates the manner in which Walcott's postcolonial reconfigurations of epic verse both highlights the endurance of the classics as well as demonstrating how cultural practices can remake and transform ancient texts Concomitant with the poet's presentation of self as divided this study traces opposing forces in operation within this trope a centrifugal force that corresponds to the outward journey away from his island home in search of greater publishing opportunities and broader readerships and a centripetal force corresponding to the return journey or homecoming The enabling potential of Greek myth is marked by a similar to-ing and fro-ing in Walcott's verse as he repeatedly engages with and simultaneously disavows Homeric configurations Insisting on the reciprocal nature of poetic appropriation the act of rewriting also signalling new ways of rereading Walcott's appropriations effectively enter into a critical dialogue with Homeric verse Further depth to Walcott's rewriting of Homer is provided by an analysis of the mediating influence of Euro American modernism Through an examination of the postcolonial aftermath of modernism it challenges the perceived exclusivity of each illustrating this premise through case studies of Walcott's relation to both Romare Bearden and James Joyce This study is therefore interdisciplinary and inter artistic in nature transgressing the borderline between poetry and prose and that of literary and artistic disciplines Highlighting the permeability of such boundaries it investigates the journey of Odysseus as prototypical wanderer through time and space from oral to print culture from word to image
