the Italian eternal city in a visual way through stunning high resolution photographs including 2 pages spreads arranged in a fascinating tour book Rome a photographic tour is both a picture book and a travel guide Each photograph is accompanied by descriptive text about the landmark or place depicted in the image The profile of Rome is thus constructed both through pictures and informative text creating the complete portrait of the city that has fascinated people for centuries The photos capture the spirit the essence and the magic of both ancient and modern Rome This photo album will take you to a city of breathtaking beauty will guide your steps through the labyrinth of small streets from the city center and will give you inside information about the most famous landmarks found here Rome a photographic tour is a remarkable photo guide suitable for both the tourist planning to visit Rome and the visitor that just returned from the trip It makes for a wonderful photography book in any library and an interesting coffee table book It entertains and guides the reader on an imaginary trip to the city of Rome If you like traveling photography and ancient history this book is for you Here Come The Romans John

Powell,2019-08-23 Here Come the Romans is a progressive survey on the historical influence of Rome and how it influenced the times events customs religious institutions and specifically the life of Jesus the Jewish people and the New Testament Its progressive style guides the reader through a six hundred and seventy five year period of selected history to educate how Rome fitted the biblical narrative and story The Bible ascribes divine inspiration to the Scriptures but we often forget the human side The birth of prophecy or all Scriptures originated out of human struggles circumstances and situations This book will teach and inform Bible readers on the origins of parties sects authorities and the backgrounds of the times that influenced the writers as they wrote the New Testament books Rome had its starting point before 605 BC viz 753 BC but its presence in the land of Judea and Jerusalem was not solidified until a little more than a half century before the birth of Christ It emerged from a simple monarchy to a senate ruled republic into the world's first major superpower ruled by Caesars and Procurators The presence of Rome with Jews and Christians vastly affected the writings of all twenty seven books of the New Testament as we have them today The Photographic News Sir William Crookes,George Wharton Simpson,1859

Coherent Chiastic Oeuvre in the Unity of Luke-Acts John M. Powell,2025-06-20 This book expands on scholarly arguments that the Gospel of Luke and Acts of the Apostles was originally intended as a single unified work It offers fresh insights by addressing overlooked perspectives and further exploring the literary theological and historical connections between the two volumes Central to this study is the argument that the ascension narratives at the end of Luke and the beginning of Acts form a chiastic structure uniting and conjoining both volumes Rather than redefining Luke Acts as First and Second Luke this study affirms their distinct literary genres Luke's Gospel rightly belongs among the canonical Gospels and Acts bridges the Gospels with the Epistles acting similar to a historical narrative It does not seek to alter their canonical separation but asserts that Luke deliberately composed them as a continuous interdependent account By examining how this pivotal event structures the text it provides compelling evidence of Luke's intentional design demonstrating that the

ascension is the hinge that seamlessly connects both volumes *The Victor Journey Through the Bible* Victor Gilbert
Beers, 1996 A unique book that explores 250 famous Bible stories each accompanied by intriguing background information
