Rommels Desert War:

Rommel's Desert War Martin Kitchen,2009-09-03 At the height of his power in January 1941 Hitler made the fateful decision to send troops to North Africa to save the beleaguered Italian army from defeat Martin Kitchen s masterful history of the Axis campaign provides a fundamental reassessment of the key battles of 1941 3 Rommel s generalship and the campaign s place within the broader strategic context of the war He shows that the British were initially helpless against the operational brilliance of Rommel s Panzer divisions However Rommel s initial successes and refusal to follow orders committed the Axis to a campaign well beyond their means Without the reinforcements or supplies he needed to deliver a knockout blow Rommel was forced onto the defensive and Hitler s Mediterranean strategy began to unravel The result was the loss of an entire army which together with defeat at Stalingrad signalled a decisive shift in the course of the war

Rommel's Desert War Samuel W. Mitcham,1990 Marshal Erwin Rommel smashed through the Gazala line in that fateful year of 1942 and leading his troops to El Alamein The Desert Fox crushed six British commanders before his Afrika Korps were finally overcome by Allied Troops Rommel's Desert War Samuel W. Mitcham,1984-06-01 **Rommel's Desert**

War (the Life And Death Of The Afrika Korps) Jr. Samuel W. Mitcham,2008 **With Rommel in the Desert** David Mitchelhill-Green,2017-04-30 This WWII pictorial history illustrates Nazi Germany s North African campaign showing life under Rommel through vivid wartime photographs Prior to the outbreak of World War II the German Army had focused exclusively on preparations needed to wage war in continental Europe The threat of an Italian collapse in North Africa in early 1941 however prompted Hitler to aid his ally by sending an armored blocking force to Libya Not content to merely thwart the British from capturing Tripoli Lieutenant General Erwin Rommel harried his inexperienced expeditionary force eastward towards the Nile Delta With Rommel in the Desert presents a pictorial narrative of the unfolding conflict from the arrival of the Deutsches Afrikakorps until Rommel s departure from the battlefield in March 1943 These rare wartime photographs show daily life in the desert war with its shifting fortunes and unique challenges Primarily viewed from the perspective of ordinary combatants this is their personal record of serving with Rommel in the desert *South Africans versus Rommel* David Brock Katz,2017-11-15 After bitter debate South Africa a dominion of the British Empire at the time declared war on Germany five days after the invasion of Poland in September 1939 Thrust by the British into the campaign against Erwin Rommel s German Afrika Korps in North Africa the South Africans fought a see saw war of defeats followed by successes culminating in the Battle of El Alamein where South African soldiers made a significant contribution to halting the Desert Fox s advance into Egypt This is the story of an army committed somewhat reluctantly to a war it didn t fully support ill prepared for the battles it was tasked with fighting and sent into action on the orders of its senior alliance partner At its heart however this is the story of men at war Rommel's Desert War Samuel W. Mitcham,1982 **Rommel's Desert Army** Martin Windrow,1976-06-15 The desert war produced commanders of dash and originality on both sides and the

memory of the German commanding general Erwin Rommel has endured as the epitome of skill daring and soldierly integrity His victories in World War II were brilliant until he was bested by poor health lack of reinforcements and an opposing commander who was his equal The contribution of his various troops is detailed in a full order of battle which includes his veteran Afrika Korps and Italian allies and their uniforms are shown in full color artwork Rommel's Desert Commanders Samuel W. Mitcham Jr.,2007-02-28 Perhaps the most famous and admired soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 During this campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more aircraft on the ground and captured 12 additional planes It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Colonel Erich von Unger who would no doubt have become a general had he not been killed in action while commanding a motorized rifle brigade on the Eastern Front in 1941 as well as Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book remedies that deficiency **Rommel's Lieutenants** Samuel W. Mitcham Jr.,2006-11-30 Perhaps the most famous soldier to fight in World War II was Field Marshal Erwin Rommel who achieved immortality as the Desert Fox He is also one of the most admired Rommel's first field command during the war was the 7th Panzer Division also known as the Ghost Division which he led in France in 1940 Rommel had a great deal of help in France much more than his published papers suggest His staff officers and company battalion and regimental commanders were an extremely capable collection of military leaders that included 12 future generals two of them SS and two colonels who briefly commanded panzer divisions but never reached general rank They also included Karl Hanke a Nazi gauleiter who later succeeded Heinrich Himmler as the last Reichsfuehrer SS No historian has ever recognized the talented cast of characters who supported the Desert Fox in 1940 No one has ever attempted to tell their stories This book will surely remedy

that oversight During the Desert Fox campaign the 7th Panzer suffered more casualties than any other division in the German Army at the same time inflicting a disproportionate number of casualties upon the enemy It took 97 486 prisoners captured 458 tanks and armored vehicles 277 field guns 64 anti tank guns and 4 000 to 5 000 trucks and destroyed dozens of others in each category It captured or destroyed hundreds of tons of other military equipment shot down 52 aircraft destroyed 15 more on the ground and captured 12 more It destroyed the French 1st Armored Division and the 4th North African Division punched through the Maginot Line extension near Sivry and checked the largest Allied counteroffensive of the campaign at Arras When France surrendered the Ghost Division was within 200 miles of the Spanish border No doubt about it Rommel had proven himself a great military leader who was capable of greater things His next command in fact would be the Afrika Korps where the legend of the Desert Fox was born
