Ronald Bladen 1918-1988 Drawings And Sculptural Models:

Ronald Bladen (1918-1988) Ronald Bladen, 1995 **Ronald Bladen, 1918-1988 : Drawings and Sculptural Models (Exhibition : Dec. 10, 1995-Mar. 23, 1996).** Ronald Bladen, Dreishpoon Art Gallery, Weatherspoon Art Gallery, Sculpture Center (New York, N.Y.), *Ronald Bladen, Drawings and Sculptural Models* Douglas Dreishpoon, 1996-01 Ronald Bladen (1918-1988) Weatherspoon Art Gallery, 1995 **Ronald Bladen** Ronald Bladen, 2007 The sculptural works of the American Minimalist Ronald Bladen seem like three dimensional bodily signs that have been reduced to their most elementary stereometric forms Often called the father of Minimal art Bladen emerged along with Andre Flavin Judd LeWitt Morris and Tony Smith in the mid 1960s This book presents works from the renowned Marzona Collection **The Grove Encyclopedia of American Art** Joan M. Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **Modern Sculpture** Douglas Dreishpoon, 2022-10-25 Artists of any ilk can be extremely opinionated when it comes to what they do how they do it and what it might mean Sculptors are no exception *Modern Sculpture Artists in Their Own Words* presents a selection of manifestos documents statements articles and interviews from more than ninety subjects including an ample selection of contemporary sculptors With this book editor Douglas Dreishpoon defers to sculptors whose varied points of view illuminate the medium's perpetual transformation from object to action concept to phenomenon over the course of two centuries Each chapter progresses in chronological sequence to highlight the dominant stylistic philosophical and thematic threads that unite each kindred group The result is a distinctive artist centric history and survey of sculpture that showcases the expansive dimensions and malleability of the medium *Ronald Bladen Sculpture* Ronald Bladen, Thomas Kellein, 1998 One of the characteristics I think of all my pieces is that they have a front and they have a back They seem very human to me they always do In much abstract sculpture it does not matter where you see it from but I want my pieces read in sequence you see them from the front first then around and the back is another identity The white and black are philosophically opposed The white of the inside of the piece is well it's acceptance it's love it's gentle it's very moving and the black becomes slightly forbidding totally different in experience The curve was just worked out by eye It was not drawn it was simply laid out on the floor and it seemed a very nice curve and that was it As you approach the piece as you are drawn into it you find there is really nothing for the eye to relate to except for an expanse of light that's involving you And there is the quality of flowing into the piece and not quite being able to determine where the piece begins or stops You reach a point of stillness in the white Going around the black outside is really very nice because it is disappearing in front of your eyes You can only see a little bit of it at a time and it takes quite a long while to walk around And the other interesting thing is that the back is the same template curve as the front though the structure is different that's hard to realize because the experience of walking on the outside is so different **New York Magazine** , 1996-11-25 New York magazine was born in 1968 after a run as an insert of the New York Herald

Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **New York Magazine** ,1996-11-11
