

"Mr. Wallison is a superb writer with a knack of making White House policy and power struggles as gripping as the best who-done-it."—*Washington Times*

RONALD REAGAN

THE POWER OF CONVICTION AND
THE SUCCESS OF HIS PRESIDENCY

PETER J. WALLISON

Former White House Counsel to President Reagan

Ronald Reagan The Power Of Conviction And The Success Of His Presidency

Geoffrey Kabaservice

Ronald Reagan The Power Of Conviction And The Success Of His Presidency:

Ronald Reagan's Journey Edward Yager,2006-05-08 In this new work Edward Yager examines Ronald Reagan s political development from New Deal liberal to conservative Republican Yager assesses the influences that provoked Reagan s transformation beginning with the core values that he acquired during his youth and their relationship to his later political development Throughout his lifetime Reagan s family and friends played a significant role in debating political ideas and advancing Republican arguments Ronald Reagan s Journey focuses on these important relationships as well as the intellectual influences on Reagan s politics during the 1950s In tracing Reagan s political development Yager argues that Reagan s presidency cannot be fully understood and evaluated without significant attribution to the spiritual political and economic beliefs that he formed during his journey from Democrat to Republican *Ronald Reagan* Peter J. Wallison,2003 A first hand account of Reagan s presidency by a former White House counsel describes the president s commitment to key principles and noting his success in such areas as the economy arms reduction and the Iran Contra affair *Ronald Reagan* Peter Wallison,2009-04-28 An icon of the twentieth century Ronald Reagan has earned a place among the most popular and successful U S presidents In this compelling firsthand account of Reagan s presidency Peter J Wallison former White House Counsel to President Reagan asserts that Reagan took office with a fully developed public philosophy and strategy for governing that was unique among modern presidents I am not a great man Reagan once said just committed to great ideas Wallison shows how Reagan s unyielding attachment to certain key ideas communicated through his speeches created a cohesive administration and revived the spirit of the nation Reagan limited his personal efforts to those issues he considered central to his presidency choosing to delegate to his cabinet and staff those matters he viewed as secondary to his agenda This leadership style was responsible for Reagan s accomplishments but also for his missteps and the criticism he received from his detractors During his presidency Reagan experienced both enormous success in the unprecedented growth of the economy the first arms reduction agreement with the former Soviet Union and the revival of confidence in America and near disaster in the Iran Contra affair In Ronald Reagan Wallison describes what it was like to be on Reagan s White House staff and how Reagan s attachment to principle produced both the best and worst days of his presidency **A Companion to Ronald Reagan** Andrew L. Johns,2015-02-10 A COMPANION TO RONALD REAGAN Ronald Reagan s life 1911 2004 spanned some of the most important domestic and international events of the last century Moreover his administration 1981 1989 represents a pivotal point in American history when the pattern of US domestic and foreign policy was fundamentally and permanently changed As perhaps the key political figure in the last quarter of the twentieth century Reagan s legacy continues to exercise significant influence on contemporary politics Providing a systematic and definitive examination of Reagan s life and legacy in its entirety A Companion to Ronald Reagan evaluates the events policies politics and people of his administration and assesses the scope and influence of his various careers sportscaster actor political activist governor and

political icon within the context of the times Finally it grapples with Reagan s evolving historical and popular legacy in the twenty first century Providing the most comprehensive coverage of Ronald Reagan his administration and his legacy currently available this unique companion is the definitive resource for undergraduate and graduate students as well as scholars

Ronald Reagan and the 1980s C. Hudson,G. Davies,2008-10-27 By the end of the 1980s many Americans looked at the state of the nation with a renewed optimism which was personified by an enduring American president Ronald Wilson Reagan The essays in this volume revisit the 1980s in order to examine the factors that contributed to his political and cultural triumphs and assess his legacy

Ronald Reagan Jacob Weisberg,2016-01-05 The conservative icon who reshaped American politics and laid the groundwork for the end of the Cold War In the second half of the twentieth century no American president defined his political era as did Ronald Reagan He ushered in an age that extolled smaller government tax cuts and strong defense and to this day politicians of both political parties operate within the parameters of the world he made His eight years in office from 1981 to 1989 were a time of economic crisis and recovery a new American assertiveness abroad and an engagement with the Soviet Union that began in conflict but moved in surprising new directions Jacob Weisberg provides a bracing portrait of America s fortieth president and the ideas that animated his political career offering a fresh psychological interpretation and showing that there was more to Reagan than the usual stereotypes Reagan he observes was a staunch conservative but was also unafraid to compromise and cut deals where necessary And Reagan espoused a firm belief just as firm as his belief in small government and strong defense that nuclear weapons were immoral and ought to be eliminated Weisberg argues that these facets of Reagan were too often ignored in his time but reveal why his presidency turned out to be so consequential In the years since Reagan left office he has been cast in marble by the Republican Party and dismissed by the Democrats Weisberg shows why we need to move past these responses if we wish truly to appreciate his accomplishments and his legacy

Voices of Mental Health Martin Halliwell,2017-10-02 This dynamic and richly layered account of mental health in the late twentieth century interweaves three important stories the rising political prominence of mental health in the United States since 1970 the shifting medical diagnostics of mental health at a time when health activists advocacy groups and public figures were all speaking out about the needs and rights of patients and the concept of voice in literature film memoir journalism and medical case study that connects the health experiences of individuals to shared stories Together these three dimensions bring into conversation a diverse cast of late century writers filmmakers actors physicians politicians policy makers and social critics In doing so Martin Halliwell s *Voices of Mental Health* breaks new ground in deepening our understanding of the place politics and trajectory of mental health from the moon landing to the millennium

Wars on Terrorism and Iraq Thomas George Weiss,Margaret E. Crahan,John Goering,John M. Goering,2004 If I had the power to do so I would make this book compulsory reading for all who exercise political power in our world today Instead I will keep my fingers crossed that it will be read by as many members of Congress

and of the current US administration as possible and by a wide cross section of policy analysts diplomats academics and human rights defenders Mary Robinson Former UN High Commissioner for Human Rights Wars on Terrorism and Iraq provides a timely and critical analysis of the impact of the wars on terrorism and Iraq on human rights particularly internationally as well as related tensions between unilateralism and multilateralism in US foreign policy The distinguished contributors examine the consequences for international relations and world order of the traditional standard bearer for human rights and democracy the United States appearing not to be championing the rule of law and negotiated conflict resolution The authors also suggest effective policies to promote greater fulfilment of human rights in order to achieve peaceful accord within nations and stability internationally

Change Richard Gerver, 2013-06-27 During a time of great change this book will give you everything you need to understand change to adapt to change and to inspire others to do the same To be successful you have to be able to adapt to change Sir Alex Ferguson The pace of change is greater than ever We all face new challenges every day in our jobs and in our personal lives Those who can handle change are the most fulfilled Those who fear change will find it hardest to thrive As a head teacher Richard Gerver famously transformed a failing school into one of the most acclaimed learning environments in the world in just two years He inspired staff and teachers to reach their full potential As a hugely popular speaker and author he now helps individuals and companies to embrace change This book is his powerful personal reflection on change Full of wisdom and practical insights it will help you in any situation you face Whether you are leading a company through change or looking for a new direction in life let Richard Gerver be your guide Filled with memorable stories and jammed with useful actionable approaches to befriending dealing with and profiting from change Seth Godin author of *Purple Cow* and *The Icarus Deception* In this perceptive and heartfelt book Gerver helps us see change as an opportunity for creative reinvention Sir Ken Robinson author of *The Element*

Rule and Ruin Geoffrey Kabaservice, 2012-01-02 The chaotic events leading up to Mitt Romney's defeat in the 2012 election indicated how far the Republican Party had rocketed rightward away from the center of public opinion Republicans in Congress threatened to shut down the government and force a US debt default Tea Party activists mounted primary challenges against Republican officeholders who appeared to exhibit too much pragmatism or independence Moderation and compromise were dirty words in the Republican presidential debates The GOP it seemed had suddenly become a party of ideological purity Except this development is not new at all In *Rule and Ruin* Geoffrey Kabaservice reveals that the moderate Republicans downfall began not with the rise of the Tea Party but about the time of President Dwight Eisenhower's farewell address Even in the 1960s when left wing radicalism and right wing backlash commanded headlines Republican moderates and progressives formed a powerful movement supporting pro civil rights politicians like Nelson Rockefeller and William Scranton battling big government liberals and conservative extremists alike But the Republican civil war ended with the overthrow of the moderate ideas heroes and causes that had comprised the core of the GOP since its formation In hindsight it is today's conservatives

who are Republicans in Name Only Writing with passionate sympathy for a bygone tradition of moderation Kabaservice recaptures a time when fiscal restraint was matched with social engagement when a cohort of leading Republicans opposed the Vietnam war when George Romney father of Mitt Romney conducted a nationwide tour of American poverty from Appalachia to Watts calling on society to listen to the voices from the ghetto Rule and Ruin is an epic deeply researched history that reorients our understanding of our political past and present Today following the Republicans loss of the popular vote in five of the last six presidential contests moderates remain marginalized in the GOP and progressives are all but nonexistent In this insightful and elegantly argued book Kabaservice contends that their decline has left Republicans less capable of governing responsibly with dire consequences for all Americans He has added a new afterword that considers the fallout from the 2012 elections

This Enthralling World of E-book Books: A Detailed Guide Revealing the Advantages of Kindle Books: A World of Convenience and Flexibility Kindle books, with their inherent portability and ease of availability, have liberated readers from the constraints of hardcopy books.
