**You are the Weather** Roni Horn, 1997 Roni Horn Nora Burnett Abrams, Jarrett Earnest, Anne Carson, Roni Horn, 2025-09-09 A comprehensive look at the celebrated work of contemporary artist Horn whose innovative exploration of water as a medium and metaphor has established her as a vital voice in the discourse on identity perception and the environment This book is a captivating exploration of Horn's decades long fascination with water both as a material and a metaphor Known for her provocative approach to perception identity and the mutability of form Horn uses water to mirror human experience and emotion Born in 1955 in New York Horn has spent decades pushing the boundaries of art to explore the complexities of identity perception and nature Horn's body of work spans photography cast glass and installation consistently returning to the theme of fluidity Her iconic series You Are the Weather 100 photographs of Icelandic artist Margr t Haraldsd ttir Bl ndal submerged in water reveals how water can both obscure and define identity Similarly her liquid glass sculptures play with the tension between solidity and fluidity their colors ranging from turquoise to black In an era marked by climate change and water scarcity Horn's works pose urgent questions about water as a shared resource and a symbol of impermanence and survival This volume not only offers a retrospective of her water centered works but also connects them to broader global challenges with critical and poetic texts by Nora Burnett Abrams Jarrett Earnest Anne Carson and the artist herself

**This is a Portrait If I Say So** Anne Collins Goodyear, Jonathan Frederick Walz, Kathleen Merrill Campagnolo, Dorinda Evans, 2016-01-01 The first in depth exploration of the rise and evolution of abstract symbolic and conceptual portraiture in American art This groundbreaking book traces the history of portraiture as a site of radical artistic experimentation as it shifted from a genre based on mimesis to one stressing instead conceptual and symbolic associations between artist and subject Featuring over 100 color illustrations of works by

artists from Charles Demuth Marcel Duchamp Marsden Hartley and Georgia O Keeffe to Janine Antoni Felix Gonzalez Torres  
 Roni Horn Jasper Johns and Glenn Ligon this timely publication probes the ways we think about and picture the self and  
 others With particular focus on three periods during which non mimetic portraiture flourished 1912 25 1961 70 and 1990 the  
 present the authors investigate issues related to technology sexuality artist networks identity politics and social media and  
 explore the emergence of new models for the visual representation of identity Taking its title from a 1961 work by Robert  
 Rauschenberg a telegram that stated This is a portrait of Iris Clert if I say so this book unites paintings sculpture  
 photography and text portraits that challenge the genre in significant often playful ways and question the convention as well  
 as the limits of traditional portrayal Art Since 1989 (World of Art) Kelly Grovier,2015-12-07 An extensive accessible guide  
 to the most groundbreaking and influential art from 1989 to the present The years since the collapse of the Berlin Wall in  
 November 1989 have seen the rise of a new freedom to define art Who makes it Where can it be found What is its commercial  
 value and consequently the reevaluation of art s place in society Kelly Grovier surveys the dynamic developments in art  
 practice worldwide since 1989 focusing on artists whose fresh visual vocabulary and innovation reflect these past turbulent  
 decades The book s ten chapters examine the key themes in contemporary art portraiture in the age of face transplants and  
 facial recognition software political activism science and religion to name a few by artists including Jeff Koons Louise  
 Bourgeois Damien Hirst George Condo Marlene Dumas Sean Scully Cindy Sherman Banksy Ai Weiwei Antony Gormley  
 Christo and Jean Claude Jenny Holzer Chuck Close and Cornelia Parker A chapter length timeline at the end of the book  
 traces the evolution of art from 1989 to today by closely examining one key artwork from each year Illustrated with the work  
 of over 200 key artists Art Since 1989 is a lucid and engaging look at what may prove to be one of the more tempestuous eras  
 in human history if not the history of art American/Medieval Goes North Gillian R. Overing,Ulrike Wiethaus,2019-10-07  
 One of the great virtues of American Medieval Goes North is its wide range of contributors with fascinatingly diverse  
 relationships to the main terms of analysis There are academic scholars poets filmmakers tribal elders teachers at various  
 levels there are Indigenous people people from settler colonial cultures expats immigrants Their analytic and imaginative  
 encounters with the North catch at the intensely symbolic and political charge of that locus At a time when Medieval Studies  
 cannot afford to ignore the period s popular uptake cannot continue with business as usual in the face of white supremacists  
 brazen appropriations of the Middle Ages this volume points to new possibilities for grappling with the uneasy relationships  
 between the American and the medieval Prof Carolyn Dinshaw New York University *Proximity and Distance in Northern  
 Landscape Photography* Darcy White,Chris Goldie,2020-07-02 Northern landscapes are both real places and representations  
 imagined spaces notions which are bound to collide in landscape photography In this book photographers academics curators  
 and archivists from Germany Finland Scandinavia the US and the UK address urgent questions about environmental  
 degradation globalization consumerism and the role of new technologies of representation in relation to landscape Wide

ranging case studies examine the interpretation experience and appropriation of landscape in northern Europe northern England Scotland and the Nordic countries The book explores tensions in landscape photography between an emphasis on proximity and the embodied experience of place and space and an advocacy of distance and critical engagement and a questioning of the primacy of direct experience     Poetry in Painting Helene Cixous,2012-04-04 The first book by Helene Cixous on painting and the contemporary arts These 11 chapters bring together Helene Cixous writings about specific contemporary artists and artworks Neither simply art criticism nor critical essays Cixous responds to these     Color Scheme Edith Young,2021-10-26 Change the way you see color forever in this dazzling collection of color palettes spanning art history and pop culture and told in writer and artist Edith Young s accessible inviting style From the shades of pink in the blush of Madame de Pompadour s cheeks to Prince s concert costumes Color Scheme decodes the often overlooked color concepts that can be found in art history and visual culture Edith Young s forty color palettes and accompanying essays reveal the systems of color that underpin everything we see allowing original and at times even humorous themes to emerge Color Scheme is the perfect book for anyone interested in learning more about or rethinking how we see the world around us

**The Grove Encyclopedia of American Art** Joan M. Marter,2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries
