Carlton Books, Limited

Roots Of Violence In Indonesia:

Roots of Violence in Indonesia Freek Colombijn, J.Th. Lindblad, 2021-11-15 Jakarta Sambas Poso the Moluccas West Papua These simple geographical names have recently obtained strong associations with mass killing just as Aceh and East Timor where large scale violence has flared up again Lethal incidents between adjacent villages or between a petty criminal and the crowd take place throughout Indonesia Indonesia is a violent country Many Indonesia watchers both scholars and journalists explain the violence in terms of the loss of the monopoly on the means of violence by the state since the beginning of the Reformasi in 1998 Others point at the omnipresent remnants of the New Order state 1966 1998 former President Suharto's clan or the army in particular as the evil genius behind the present bloodshed The authors in this volume try to explain violence in Indonesia by looking at it in historical perspective *Roots of Violence in Indonesia* Carlton Books, Limited,

Anti-Chinese Violence in Indonesia, 1996-1999 Jemma Purdey, 2006-02-28 In this first book length study of anti Chinese hostility during the collapse of Suharto's regime Jemma Purdey presents a close analysis of the main incidents of violence during the transitional period between 1996 and 1999 and the unprecedented process of national reflection that ensued While ethnicity and prejudice are central to the explanation put forward Purdey concludes that politics economics and religion offer additional keys to understanding why such outbreaks occurred *The Roots of Terrorism in Indonesia* Solahudin, 2013-12-06 Available for the first time in English this groundbreaking book is an in depth investigation of the development of jihadism from the earliest years of Indonesian independence in the late 1940s to the terrorist bombings of the past decade The Indonesian journalist Solahudin shows with rare clarity that Indonesia's current struggle with terrorism has a long and complex history The Roots of Terrorism in Indonesia is based on a remarkable array of documentary and oral sources many of which have never before been publicly cited Solahudin's rigorous account fills many gaps in our knowledge of jihadist groups how they interacted with the state and events abroad and why they at times resorted to extreme violence such as the 2002 Bali bombings

Journalism and Conflict in Indonesia Steve Sharp, 2013 This book examines through the case study of Indonesia over recent decades how the reporting of violence can drive the escalation of violence and how journalists can alter their reporting practices in order to have the opposite effect and promote peace It discusses the nature of press freedom in Indonesia from 1966 onwards considers the relationship between the press and politicians and explores journalist's working methods It goes on to outline in detail the communal wars in eastern Indonesia in the period 1999 2000 arguing that communication as much as physical preparations for violence were key to bringing about the wars with journalist's rigid professional routines and newswriting conventions causing them to reproduce and enlarge the battle cries of those at war The book concludes by advocating a development communication approach to journalism in transitional settings in order to help journalists to counter the disintegrative tendencies of failing states and the communal strife that can result *Violent Internal Conflicts in Asia Pacific* Asvi Warman Adam, Dewi Fortuna Anwar, 2005 The last decade has seen an

upsurge in violent internal conflicts in southern Thailand southern Philippines Sri Lanka and a number of regions in Indonesia and the Pacific Like terrorism and nuclear proliferation violent internal conflicts are increasingly being seen as a global security issue From Rebellion to Riots Jamie Seth Davidson,2008 From Rebellion to Riots is a critical analysis of the roots of contemporary violence in one of Indonesia s most ethnically heterogeneous provinces West Kalimantan Since the late 1960s this province has suffered periodic outbreaks of ethnic violence among its Dayak Malay Madurese and ethnic Chinese populations Citing evidence from his research internal military documents and ethnographic accounts Jamie S Davidson refutes popular explanations for these flare ups The recurrent violence has less to do with a clash of cultures the ills of New Order led development or indigenous marginalization than with the ongoing politicization of ethnic and indigenous identity in the region Looking at key historical moments markedly different in their particulars Davidson reveals the important links between ethnic violence and subnational politics In one case army officers in Soeharto s recently established New Order regime encouraged anti Chinese sentiments To move against communist inspired rebellion they recruited indigenous Dayaks to expunge tens of thousands of ethnic Chinese from interior towns and villages This counter insurgent bloodshed inadvertently initiated a series of clashes between Dayaks and Madurese another migrant community Driven by an indigenous empowerment movement and efforts by local elites to control benefits provided by decentralization and democratization these low intensity riots rose to immense proportions in the late 1990s From Rebellion to Riots demonstrates that the endemic violence in this vast region is not the inevitable outcome of its ethnic diversity and reveals that the initial impetus for collective bloodshed is not necessarily the same as the forces that sustain it A comprehensive case study Essential reading for students of the West Kalimantan violence Dave McRae Indonesia Rethinking Histories of Indonesia Sadiya Boonstra,Bronwyn Anne Beech Jones,Katharine McGregor,Ken M.P. Setiawan,Abdul Wahid,2025-08-21 Rethinking Histories of Indonesia Experiencing Resisting and Renegotiating Coloniality provides a critical evaluation of histories of Indonesia from the formal period of colonisation to the present day The volume approaches Indonesian history through the lens of coloniality or the structures of power and control that underpin colonisation and which persist into the present Bringing together seventeen authors from across the world the volume offers an alternative conceptualisation of Indonesian history and lays bare the enduring legacies of and processes that reproduce coloniality This is a significant and exciting volume in terms of its scale the range of disciplines approaches and topics included and ultimately for its contribution to the field of Indonesian history and historiography and Indonesian studies and decolonial studies more broadly The contributors to this book do a great service to students of Indonesian history its cultures society and politics offering new sources voices approaches and perspectives Overall they provide a fresh and vital critique of not only Indonesia s colonial history but its continuing lived influences on present day Indonesia and beyond Jemma Purdey Australia Indonesia Centre Monash University **The State and Illegality in Indonesia** E. Aspinall,G. van Klinken,2011-01-01 The popular 1998

reformasi movement that brought down President Suharto's regime demanded an end to illegal practices by state officials from human rights abuse to nepotistic investments. Yet today such practices have proven more resistant to reform than people had hoped. Many have said corruption in Indonesia is entrenched. We argue it is precisely this entrenched character that requires attention. What is state illegality entrenched in and how does it become entrenched? This involves studying actual cases. Our observations led us to rethink fundamental ideas about the nature of the state in Indonesia especially regarding its socially embedded character. We conclude that illegal practices by state officials are not just aberrations to the state; they are the state. Almost invariably illegality occurs as part of collectively patterned, organized and collaborative acts linked to the competition for political power and access to state resources. While obviously excluding many without connections, corrupt behaviour also plays integrative and stabilizing functions. Especially at the lower end of the social ladder it gets a lot of things done and is often considered legitimate. This book may be read as a defence of area studies approaches. Without the insights that grew from applying our area studies skills we would still be constrained by highly stylised notions of the state which bear little resemblance to the state's actual workings. The struggle against corruption is a long-term political process. Instead of trying to depoliticize it, we believe the key to progress is greater popular participation. With contributions from Simon Butt, Robert Cribb, Howard Dick, Michele Ford, Jun Honna, Tim Lindsey, Lenore Lyons, John McCarthy, Ross McLeod, Marcus Mietzner, Jeremy Mulholland, Gerben Nooteboom, J. Danang Widoyoko and Ian Wilson, this book is the result of a series of workshops supported among others by the Australian Netherlands Research Collaboration (ANRC).

The Routledge History of Western Empires Robert Aldrich, Kirsten McKenzie, 2013-12-04. The Routledge History of Western Empires is an all new volume focusing on the history of Western Empires in a comparative and thematic perspective. Comprising of thirty three original chapters arranged in eight thematic sections, the book explores European overseas expansion from the Age of Discovery to the Age of Decolonisation. Studies by both well known historians and new scholars offer fresh accessible perspectives on a multitude of themes ranging from colonialism in the Arctic to the scramble for the coral sea, from attitudes to the environment in the East Indies to plans for colonial settlement in Australasia. Chapters examine colonial attitudes towards poisonous animals and the history of colonial medicine, evangelisation in Africa and Oceania, colonial recreation in the tropics and the tragedy of the slave trade. The Routledge History of Western Empires ranges over five centuries and crosses continents and oceans highlighting transnational and cross cultural links in the imperial world and underscoring connections between colonial history and world history. Through lively and engaging case studies contributors not only weigh in on historiographical debates on themes such as human rights, religion and empire and the taproots of imperialism but also illustrate the various approaches to the writing of colonial history. A vital contribution to the field.

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, Experience Loveis Journey in **Roots Of Violence In Indonesia** .
