Brinkmeyer, Jr.,2009-01-01 In the 1949 classic *Killers of the Dream* Lillian Smith described three racial ghosts haunting the mind of the white South the black woman with whom the white man often had sexual relations the rejected child from a mixed race coupling and the black mammy whom the white southern child first loves but then must reject In this groundbreaking work Robert H Brinkmeyer Jr extends Smith s work by adding a fourth ghost lurking in the psyche of the white South the specter of European Fascism He explores how southern writers of the 1930s and 1940s responded to Fascism and most tellingly to the suggestion that the racial politics of Nazi Germany had a special problematic relevance to the South and its segregated social system As Brinkmeyer shows nearly all white southern writers in these decades felt impelled to deal with this specter and with the implications for southern identity of the issues raised by Nazism and Fascism Their responses varied widely ranging from repression and denial to the repulsion of self recognition With penetrating insight Brinkmeyer examines the work of writers who contemplated the connection between the authoritarianism and racial politics of Nazi Germany and southern culture He shows how white southern writers both those writing cultural criticism and those writing imaginative literature turned to Fascist Europe for images analogies and metaphors for representing and understanding the conflict between traditional and modern cultures that they were witnessing in Dixie Brinkmeyer considers the works of a wide range of authors of varying political stripes the Nashville Agrarians W J Cash Lillian Smith William Alexander Percy Thomas Wolfe William Faulkner Katherine Anne Porter Carson McCullers Robert Penn Warren and Lillian Hellman He argues persuasively that by engaging in their works the vital contemporary debates about totalitarianism and democracy these writers reconfigured their understanding not only of the South but also of themselves as southerners and of the nature and significance of their art The magnum opus of a distinguished scholar *The Fourth Ghost* offers a stunning reassessment of the cultural and political orientation of southern literature by examining a major and heretofore unexplored influence on its development **New Directions in Policy History** Julian E. Zelizer,2010-11-01 History, Politics, and the American Past Ari Helo,2020-02-25

History Politics and the American Past assesses the connection between historiography and politics in America on the basis of an important methodological distinction between the past and the history written about it. While necessarily interpreting the past, professional historians and those with a general interest alike remain tempted, consciously or not, to make American history serve their own political and moral views. There is a tendency to impose our present values on the past and sometimes go so far as to believe the past can be changed by present action. In this volume Ari Helo analyzes examples of this including metahistorical narratives, presidential speeches, and the occasionally vague rhetoric of the Confederate statue campaigns before diagnosing the source of doing so and suggesting how we might avoid it. Taking America as its example, the book illuminates essential methodological issues related to history writing while deciphering the complicated relationship of history and politics. The book will be of interest to scholars and students of American history, historiography, American studies, and cultural studies, providing a vivid account of how to make sense of American history. **Trailing Clouds** David G.

Cowart, 2018-07-05. We stand to learn much about the durability of or changes in the American way of life from writers such as Bharati Mukherjee (born in India), Ursula Hegi (born in Germany), Jerzy Kosinski (born in Poland), Jamaica Kincaid (born in Antigua), Cristina Garcia (born in Cuba), Edwidge Danticat (born in Haiti), Wendy Law Yone (born in Burma), Mylene Dressler (born in the Netherlands), Lan Cao (born in Vietnam), and such Korean-born authors as Chang-rae Lee, Theresa Hak Kyung Cha, and Nora Okja Keller. Writers who in recent years have come to this country and in their work contributed to its culture. David Cowart. In *Trailing Clouds*, David Cowart offers fresh insights into contemporary American literature by exploring novels and short stories published since 1970 by immigrant writers. Balancing historical and social context with close readings of selected works, Cowart explores the major themes raised in immigrant writing: the acquisition of language, the dual identity of the immigrant, the place of the homeland, and the nature of citizenship. Cowart suggests that the attention to first-generation writers, those whose parents immigrated, has not prepared us to read the fresher stories of those more recent arrivals whose immigrant experience has been more direct and unmediated. Highlighting the nuanced reflection in immigrant fiction of a nation that is ever more diverse and multicultural, Cowart argues that readers can learn much about the changes in the American way of life from writers who have come to this country, embraced its culture, and penned substantial literary work in English. *Directory of American Scholars: History*.-v. 2. *English, speech & drama*.-v. 3. *Foreign languages, linguistics & philosophy*.-v. 4. *Philosophy, religion & law*.
