Roots Of Western Culture Pagan Secular And Christian Options:

Roots of Western Culture Herman Dooyeweerd, 1979 *Historical Dictionary of the Reformed Churches* Robert Benedetto, Donald K. McKim, 2009-10-06 As its name implies the Reformed tradition grew out of the 16th century Protestant Reformation The Reformed churches consider themselves to be the Catholic Church reformed The movement originated in the reform efforts of Huldrych Zwingli 1484 1531 of Zurich and John Calvin 1509 1564 of Geneva Although the Reformed movement was dependent upon many Protestant leaders it was Calvin's tireless work as a writer preacher teacher and social and ecclesiastical reformer that provided a substantial body of literature and an ethos from which the Reformed tradition grew Today the Reformed churches are a multicultural multiethnic and multinational phenomenon The second edition of the *Historical Dictionary of the Reformed Churches* contains information on the major personalities events facts movements and beliefs of the Reformed churches This is done through a list of acronyms and abbreviations a chronology an introductory essay appendixes a bibliography and over 800 cross referenced dictionary entries on leaders personalities events facts movements and beliefs of the Reformed churches *The Doctrine of Creation* Bruce Riley Ashford, Craig G. Bartholomew, 2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition's rich resources on creation for systematic theology and the life of the church today **In the Phrygian Mode** Robert Sweetman, 2007 This volume has emerged from a small scholarly conference on the relationship between Christianity and Greco Roman civilization above all that civilization's characteristic patterns of philosophical thought The field of investigation is the neo Calvinist current within Dutch protestantism and the elaboration in the 1920s and 1930s of Calvinistic philosophy as one of its most distinctive effects this parish tale has more to recommend it than might appear at first blush For there is a good argument to be made why such a thoroughly local study can benefit a much broader segment of contemporary Protestantism *The Politics of Inclusive Pluralism* Bob Fu, 2020-12-16 Long live the red terror This and other political slogans were used by China's communist rulers as leverage for conflict and conflict management during 1949 China's Cultural Revolution movement understandably fueled anger fear and terror among Chinese citizens Currently contrary to the positive facade that China under the control of the Communist Chinese Party CCP tries to project regarding human rights a dark reality reveals a brutal authoritarian state with no concern for religious freedom What guiding philosophy could best help procure provide and protect religious freedom for all in a post communist Christianized democratic China Bob Fu argues that while various Christianity oriented theories may appear promising they fail to provide an adequate pluralistic foundation for protecting the religious freedoms of people of all faiths and none The predominant theory of political liberalism in the West likewise fails to prove sufficiently inclusive for all faiths and worldviews As an alternative the author defends Baorong Duoyuan inclusive pluralism his own contextualized

theory modeled after principled pluralism This model he believes has the potential to help ensure that religious freedom for all becomes a reality

Christianity And Democracy In Global Context John Witte, 2019-03-08 In the past Christianity has had both positive and negative influences on democracy Christian churches have served as benevolent agents of welfare and catalysts of political reform But they have also served as belligerent allies of repression and censors of human rights Christian theology has helped to cultivate democratic ideas of equality

A Cloud of Witnesses Joe M. Thomas, 2019-10-01 This interesting volume brings together a varied group of great theologians whose ideas have shaped and enriched the life and witness of the church Dr Thomas provides a readable exposition of their theological ideas by keeping an extraordinary practicality I recommend this work for both clergy and laity The Right Reverend Dr Bill Atwood Bishop International Diocese Anglican Church in North America The range of doctrines Dr Thomas deals with is important to all students of theology in their own intellectual preparation at seminaries I concur with the author that theological task as primary concern of the church is extremely important to strengthen its spiritual vision in an increasingly secular society I welcome this book Xavier Lakshmanan PhD Head of the Department of Theology Ministry Tabor College NSW Australia Dr Thomas has been a contributor to our journal Mission Today As its editor I have always welcomed his theological writings His capacity for reflecting creatively on theological issues that matter today is commendable His scholarly contributions have enriched our journal I support this new book Fr Dr Paul Vadakumpadan SDB Professor Systematic Theology Sacred Heart College Shilong India In this collection of thoughtful well informed essays Joe Thomas draws valuable insights from the work of a pleasingly broad range of well known theologians I recommend these very readable reflections to seminary students and to anyone else interested in exploring theological responses to issues confronting the Church in the modern world Patricia Harrison PhD MDiv ThM MA MSt MEd St Theological Educator and Member Australian College of Educators

The Power of the Church Michael R. Wagenman, 2020-11-20 It is fascinating that in all the media reports and discussions of the church's abuse of power in the early years of the twenty first century few if any seemed to notice that the accusation of the church's misuse of power presupposed a shared understanding of the positive use of power within the church that had been violated Rather than an interest in the sociological aspect of this question this book examines the more ontological and normative aspects of it That is it investigates and discerns the foundational theological framework of culture and society and the location and purpose of the church within them As a cultural force and societal institution what does the church constructively bring to the human community

Abraham Kuyper James D. Bratt, 2013-05-01 The definitive biography of Abraham Kuyper giant of Dutch Calvinism This is the first full scale English language biography of the highly influential and astonishingly multifaceted Abraham Kuyper 1837 1920 theologian minister politician newspaper editor educational innovator Calvinist reformer and prime minister of the Netherlands from 1901 to 1905 James Bratt is the ideal scholar to tell the story of Kuyper's remarkable life and work He expertly traces the origin and development of Kuyper's signature concepts common

grace Christian worldview sphere sovereignty Christian engagement with contemporary culture in the dynamic context of his life's story Based on voluminous primary and secondary Dutch sources Bratt's Abraham Kuyper Modern Calvinist Christian Democrat will prove to be the go to biography of this major figure whose ideas and influence extend far beyond his own time and place

Christian Philosophy J. Aaron Simmons, 2019 One of the marks of being a philosopher is participating in debates about what counts as philosophy Of particular note in such debates is the question of how to distinguish philosophy from theology Although a variety of answers to this question have been offered in the history of philosophy in recent decades the prominence of Christian philosophy has been heralded by many as a genuine triumph over the problematic narrowness of strong foundationalism positivism and scientism For others however it signals that philosophy continues to risk being replaced by confessional theology Wherever one comes down on such issues and however one interprets recent trends in philosophy of religion the idea of Christian philosophy continues to present pressing questions for those working in meta philosophy epistemology metaphysics hermeneutics and value theory In this volume established scholars representing a variety of cultural traditions religious perspectives and philosophical priorities all wrestle with how the idea of Christian philosophy should be understood appropriated and engaged in light of where philosophy is and where it is likely to go The volume includes classical essays that have deeply marked the field and also new essays that explore the relevance of Christian philosophy to issues in disability studies engaged pedagogy lived phenomenology the academic study of religion and the workings of social power Rather than offer a unified view that seeks to settle things the contributors demonstrate that Christian philosophy remains a topic of lively debate Wherever one comes down on the issues considered here this volume shows that Christian philosophy is neither merely of historical interest nor of interest only to Christians but instead remains a thoroughly philosophical topic worthy of serious consideration and substantive critique With a Foreword by Nicholas Wolterstorff Noah Porter Professor Emeritus of Philosophical Theology at Yale University Senior Research Fellow in the Institute for Advanced Studies in Culture at the University of Virginia and Honorary Professor of Australian Catholic University
