Seekers And Saviors:

Seekers and Saviors, 1986 **Seekers and Saviours** Time-Life Books, 1986 *Between East and West* Muge Galin, 1997-07-31 East and West applies Sufi thought to some of Doris Lessing's novels and studies the manifestations of Sufi influence on Lessing. Various Sufi-like characters and their unconventional lifestyles are evaluated and explicated for Western readers unfamiliar with Sufism. This book also evaluates the role of spirituality in Lessing's work and considers the implications of taking Lessing's Sufism seriously when reading her works or when doing Lessing criticism. It also impresses upon the reader the degree to which Lessing is seriously offering her space fiction utopias as plausible and even necessary alternatives to our present Western ways of life.

The Abyssal Menace G Minerva, 2025-09-04 The Abyssal Menace is a gripping thriller that plunges into the terrifying consequences of human technological ambition and nature's fierce retaliation. The story opens on a serene and popular beach where tranquility shatters with the sudden and horrifying attack of a colossal blue whale. Chaos erupts leaving many injured and several dead. The sheer unpredictability of the attack and the whale's mysterious disappearance leave everyone bewildered. After a temporary closure the beach eventually reopens attempting to return to normalcy. However the terror is far from over. The whale strikes again this time with even greater ferocity. This second assault galvanizes the authorities leading to the implementation of stringent surveillance. A determined team of heroes comprising both men and women delves deep into the mystery. Their relentless investigation uncovers a shocking truth hidden far beneath the ocean's surface lies a secret research laboratory. It is here that the blue whale was artificially created and specifically trained for these destructive attacks. This isn't a natural phenomenon it's a terrifying weapon crafted by human hands. The protagonist and their companions overcoming immense odds manage to eliminate the whale. But their mission doesn't end there. They realize the true danger isn't the whale itself but the clandestine laboratory behind it. Venturing into the ocean's depths they launch a perilous assault on the facility and after a fierce battle succeed in completely destroying it.
