State of New York Supreme Court , *Sentries* Gary Paulsen,2012-05-22 Nuclear disaster and human vulnerability interweave in the lives of four young people an Ojibway Indian an illegal Mexican migrant worker a rock musician and a sheep rancher s daughter with the lives of three veterans of past wars They are four different people with four separate lives Sue a young woman distanced from her native roots David a traveler in search of a dream Laura a student seeking her parents understanding and Peter a rock star struggling to create the perfect sound One looming fate threatens them all And everything they love may be taken away in one fleeting second **The Measure of Life** Herbert Marder,2001 This elegantly written and richly detailed biography tells the story of Virginia Woolf s last ten years from the creation of her great visionary novel *The Waves* to her suicide in 1941 Herbert Marder looks closely at Woolf s views on totalitarianism and her depictions of Britain under siege to create a remarkable portrait of a mature and renowned writer during a time of rising fascist violence An awareness of personal danger Marder says colored Woolf s actions and consciousness in the years leading up to World War II She practiced her art with intense dedication and was much admired for her wit and vivacity But she had previously tried to kill herself and she asserted her right to die if her manic depressive illness became intolerable *Waves* and water haunted her imagination visions of drowning recurred in her work *The Measure of Life* suggests that Woolf anticipated her suicide and indeed enacted it symbolically many times before the event Marder s account of her death emphasizes the importance of her relationship with her doctor and distant cousin Octavia Wilberforce Wilberforce s letters about Woolf s last months including some previously unpublished passages appear in the appendix Staying close to the spirit of Woolf s own writing Marder traces her evolving social consciousness in the 1930s connecting her growing concern with politics and social history with the facts of her daily life He stresses her endurance as a working writer and explores her friendships her complex relations with servants and her activities at the Hogarth Press *The Measure of Life* illuminates the unspoken quarrels and obscure acts of courage that provide a key as Woolf herself believed to the hidden roots of our existence By letting the reader see events as Virginia Woolf saw them Marder s compelling narrative captures both her unique comic spirit and her profound seriousness **Supreme Court** , **The Backyard Sheep** Sue Weaver,2013-07-05 Raise a flock of sheep in your backyard Even with a limited amount of space you can enjoy homegrown fleece and fresh milk as well as the endearing company of these family friendly animals Sue Weaver provides all the instructions you need for selecting a breed housing and feeding harvesting fleece and milking With simple recipes for making cheese and yogurt and tips on processing fleece for wool you ll enjoy the varied and numerous rewards of keeping sheep **British Columbia-Yukon Sternwheel Days** Art Downs,1992 Over 300 sternwheelers plied the BC Yukon waters a record in North America In icy northern lakes rivers and the open sea these flat bottomed steamers served for 100 years Ripped open by rapids gutted by fire crushed by

Food Britannia Andrew Webb, 2012-08-31 British food has not traditionally been regarded as one of the world's great cuisines and yet Stilton cheese Scottish raspberries Goosnargh duck and Welsh lamb are internationally renowned and celebrated And then there are all those dishes and recipes that inspire passionate loyalty among the initiated Whitby lemon buns and banoffi pie for example pan haggerty and Henderson's relish All are as integral a part of the country's landscape as green fields rolling hills and rocky coastline In *Food Britannia* Andrew Webb travels the country to bring together a treasury of regional dishes traditional recipes outstanding ingredients and heroic local producers He investigates the history of saffron farming in the UK tastes the first whisky to be produced in Wales for one hundred years and tracks down the New Forest's foremost expert on wild mushrooms And along the way he uncovers some historical surprises about our national cuisine Did you know for example that the method for making clotted cream that stalwart of the cream tea was probably introduced from the Middle East Or that our very own fish and chips may have started life as a Jewish Portuguese dish Or that Alfred Bird invented his famous custard powder because his wife couldn't eat eggs The result is a rich and kaleidoscopic survey of a remarkably vibrant food scene steeped in history but full of fresh ideas for the future proof if proof were needed that British food has come of age
