Medieval Literary Politics Shapes Of Ideology:

Medieval Literary Politics Sheila Delany, 1990 **Handbook of Medieval Studies** Albrecht Classen, 2010-11-29 This interdisciplinary handbook provides extensive information about research in medieval studies and its most important results over the last decades The handbook is a reference work which enables the readers to quickly and purposely gain insight into the important research discussions and to inform themselves about the current status of research in the field The handbook consists of four parts The first large section offers articles on all of the main disciplines and discussions of the field The second section presents articles on the key concepts of modern medieval studies and the debates therein The third section is a lexicon of the most important text genres of the Middle Ages The fourth section provides an international bio bibliographical lexicon of the most prominent medievalists in all disciplines A comprehensive bibliography rounds off the compendium The result is a reference work which exhaustively documents the current status of research in medieval studies and brings the disciplines and experts of the field together **Manmade Marvels in Medieval Culture and Literature** S. Lightsey, 2007-08-06 This book examines marvels as tangible objects in the literary courtly and artisanal cultures of medieval England but these clever devices neither wholly semiotic nor purely positivist objects are imbued with diverse cultural significance that illuminates in new ways the familiar literature of the Ricardian period **The Medieval British Literature Handbook** Daniel T. Kline, 2009-08-25 One stop resource for courses in medieval literature providing students with a comprehensive guide to the historical and cultural context major texts and movements reading primary and critical texts key critics concepts and topics major critical approaches and directions of new research **Allegory and Sexual Ethics in the High Middle Ages** N. Guynn, 2007-03-05 Guynn offers an innovative new approach to the ethical cultural and ideological analysis of medieval allegory Working between poststructuralism and historical materialism he considers both the playfulness of allegory and its disciplinary force *Troping the Body* Gwendolyn Audrey Foster, 2000 *Troping the Body* Gender Etiquette and Performance is an interdisciplinary study of etiquette texts conduct literature and advice books and films Gwendolyn Audrey Foster analyzes the work of such women authors as Emily Post Christine de Pizan Hannah Webster Foster Emily Bront Frances E W Harper and Martha Stewart as well as such women filmmakers as Lois Weber and Kasi Lemmons Specifically Foster notes I was interested in the possibility of locating power and agency in the voices of popular etiquette writers Her investigation led her to analyze etiquette and conduct literature from the Middle Ages to the present Within this wide scope she redefines the boundaries of conduct literature through a theoretical examination of the gendered body as it is positioned in conduct books etiquette texts poetry fiction and film Drawing on Bakhtin Gates Foucault and the new school of performative feminism to develop an interdisciplinary approach to conduct literature and literature as conduct Foster brings a unique perspective to the analysis of ways in which the body has been gendered raced and constructed in terms of class and sexuality Even though women writers have been actively writing conduct and etiquette texts since the

medieval period few critical examinations of such literature exist in the fields of cultural studies and literary criticism Thus Foster s study fills a gap and does so uniquely in the existing literature In examining these voices of authority over the body Foster identifies the dialogic in the texts of this discipline that both supports and disrupts the hegemonic discourse of a gendered social order

Women and Comedy Peter Dickinson, Anne Higgins, Paul Matthew St. Pierre, Diana Solomon, Sean Zwagerman, 2014-03-27 *Women and Comedy History Theory Practice* presents the most current international scholarship on the complexity and subversive potential of women s comedic speech literature and performance Earlier comedy theorists such as Freud and Bergson did not envision women as either the agents or audiences of comedy only as its targets Only more recently have scholarly studies of comedy begun to recognize and historicize women s contributions to and political uses of comedy The essays collected here demonstrate the breadth of current scholarship on gender and comedy spanning centuries of literature and a diversity of methodologies Through a reconsideration of literary theatrical and mass media texts from the Classical period to the present *Women and Comedy History Theory Practice* responds to the historical marginalization and or trivialization of both women and comedy The essays collected in this volume assert the importance of recognizing the role of women and comedy in order to understand these texts their historical contexts and their possibilities and limits as models for social engagement In the spirit of comedy itself these analyses allow for opportunities to challenge and reevaluate the theoretical approaches themselves

Counsel and Strategy in Middle English Romance Geraldine Barnes, 1993 Barnes contends that rule by counsel is central to the ethos of Middle English romance By examining the development of Middle English romance against its background of 13th and 14th century royal baronial conflict this book assumes a new historical perspective Friction between Plantagenet kings and dissident barons contributed to the development of the problem of counsel both as an actuality and as a topos in the literature of the period Rule by counsel an ideal which informs medieval English government at every level is the author argues central to the ethos of Middle English romance The procedural formula of counsel and strategy is tested against a number of romances *Yvain and Gawain Havelok Gamelyn Athelston* a selection of nine romances from the Auchinleck manuscript and *Sir Gawain and the Green Knight* By selecting these narratives Geraldine Barnes is able to approach the question of counsel from a number of different angles This is a book which will stimulate considerable interest among scholars of medieval literature

Chaucer, Gower, and the Vernacular Rising Lynn Arner, 2015-01-14 *Chaucer Gower and the Vernacular Rising* examines the transmission of Greco Roman and European literature into English during the late fourteenth and early fifteenth centuries while literacy was burgeoning among men and women from the nonruling classes This dissemination offered a radically democratizing potential for accessing interpreting and deploying learned texts Focusing primarily on an overlooked sector of Chaucer s and Gower s early readership namely the upper strata of nonruling urban classes Lynn Arner argues that Chaucer s and Gower s writings

engaged in elaborate processes of constructing cultural expertise These writings helped define gradations of cultural authority determining who could contribute to the production of legitimate knowledge and granting certain socioeconomic groups political leverage in the wake of the English Rising of 1381 Chaucer Gower and the Vernacular Rising simultaneously examines Chaucer's and Gower's negotiations often articulated at the site of gender over poetics and over the roles that vernacular poetry should play in the late medieval English social formation This study investigates how Chaucer's and Gower's texts positioned poetry to become a powerful participant in processes of social control

Drama and the South African State Martin Orkin, 1991 Drawing on recent post structuralist and cultural materialist concepts Orkin English Witwatersrand U South Africa examines how South African drama over the past several decades has constructed the subject and the landscape presented the body and sometimes sought to define a national culture He considers both individual playwrights and theatre companies Distributed in Anglo America by St Martin's Paper edition unseen 16 95 Annotation copyrighted by Book News Inc Portland OR

The End of the Century Party Steve Redhead, 1990 This book offers an alternative perspective on popular music and youth culture in the 1980s and beyond Based on interviews with disc jockeys record label owners musicians producers and fans it describes and analyses the shift from New Pop in the early 1980s to what it calls Political Pop in the mid late 1980s From synopsis

Chaucer's Comic Providence Janet Thormann, 2023 Chaucer's Comic Providence presents readings of five of Chaucer's Canterbury Tales that dramatize sexual division and the lack of rapport between the sexes These readings are founded on the psychoanalytic thinking of Jacques Lacan in his rereading of Freud and are motivated by Thormann's conviction that Chaucer understood what psychoanalysis would come to study as an unconscious operating in the subject that is independent of conscious control and desire For psychoanalysis the subject is interminably engaged with unconscious sexual difference and with what Lacan saw as the absence of sexual rapport Chaucer's Comic Providence analyzes Chaucer's plots of sexual adventures mishaps and surprise to show how the five tales dramatize the lack of symmetry and absence of accord between the sexes Ultimately Thormann's interest here is in the ways these five narratives represent and deal with sexual division in their means of handling what in any case cannot be avoided or mastered Consequently the resolutions of the narratives sponsor an ethics of desire they affirm sexual pleasure and acknowledge misprision and limitation but they do not compromise close down or finish with incompatibility contraction and limitation Her reading then claims that Chaucer's poetry already reveals the unconscious that Freud is credited with discovering As well Chaucer not only anticipates Lacan's pronouncement that the unconscious is structured like a language but also his emphasis on unconscious sexual difference and the absence of rapport between the sexes With few exceptions while there has been much consideration of gender in Chaucer's stories contemporary criticism of Chaucer has remained inimical or at the least largely indifferent to psychoanalysis yet because it considers both difference and continuity change and perpetuation and because it incorporates psychic processes motives

functions and dynamics operating outside of conscious awareness psychoanalysis offers a wider range for analysis of Chaucer's tales than does gender theory alone Chaucer's Comic Providence also addresses the unexpected surprising and providentially comic resolutions of Chaucer's tales the concomitant abeyance of sexual conflicts and the links between emergence and abeyance which issue in the hope of a beneficent future

Gender, Writing, and Performance Helen J. Swift, 2008-02-28 This book explores the poetics of literary defences of women written by men in late medieval and early modern France It fills an important lacuna in studies of this polemic in imaginative literature by bridging the gap between Christine de Pizan and a later generation of women writers and male Neo Platonist writers who have recently all received due critical attention Whereas male authored defences composed between 1440 and 1538 have previously been dismissed as insincere or mere intellectual games Swift formulates reading strategies to overcome such critical stumbling blocks and engage with the particular rhetorical and historical contexts of these works Edited and as yet unedited texts by Martin Le Franc Jacques Milet Pierre Michault and Jean Bouchet catalogues of women allegorical narratives and debate poems are brought together and analysed in detail for the first time in order to explore for example how such works address the misogynistic spectre of Jean de Meun's Roman de la rose The book seeks to understand the contemporary popularity of the case for women la querelle des femmes as literary subject matter It investigates the publication history across this period from manuscript to print of Le Franc's Le Champion des dames Swift further aims to show how these texts hold interest for modern audiences A nexus of theoretical concerns centred on performance Judith Butler's gender performativity Derrida's reworking of Austin's linguistic performativity through spectrality and dramatic performance is enlisted to articulate the interpretative engagement expected by querelle writers of their audience The reading strategies proposed foster a nuanced and enriched perspective on the question of a male author's sincerity when writing in defence of women

Fleshly Things and Spiritual Matters Nicole Nyffenegger, Katrin Rupp, 2011-01-18 This book offers fresh insights into the plethora of medieval bodies and the multiple perspectives that can be assumed in their discussion The ten essays by internationally renowned scholars and young academics encompass diverse approaches to the body such as the function of gestures the gendered gaze the body's spatial and geographical positioning the dis integrity of the body or the connection between linguistic uses of body and physical bodies While most of the

contributions of this collection are in the field of medieval English literature they underline the value of interdisciplinary approaches which connect them with neighbouring disciplines such as modern literature and arts history theology and gender studies Contributors Katharina Berger Meister Guillemette Bolens Leslie Dunton Downer Laurie Finke Angelina Keller Andy Kelly Fabienne Michelet R Allen Shoaf Lotta Sigurdsson and Paul Taylor *The Making of the Middle Ages* Marios Costambeys, Andrew J. Hamer, Martin Heale, 2007-01-01 Liverpool was founded in the Middle Ages and as the city approaches its eight hundredth anniversary this book takes stock of Liverpool's scholarly contributions to modern understanding of the period From the eighteenth century to the twenty first scholars from Liverpool have made pioneering advances in fields as diverse as Celtic philology and manuscript collecting By focusing on a local perspective this volume presents a microcosmic view of the different building blocks of the modern construction of the Middle Ages while offering fresh insights into more universal elements of medieval culture such as pageantry and mystery plays **Feminizing Chaucer** Jill Mann, 2002 An investigation of Chaucer's thinking about women assessed in the light of developments in feminist criticism Women are a major subject of Chaucer's writings and their place in his work has attracted much recent critical attention *Feminizing Chaucer* investigates Chaucer's thinking about women and reassesses it in the light of developments in feminist criticism It explores Chaucer's handling of gender issues of power roles of misogynist stereotypes and the writer's responsibility for perpetuating them and the complex meshing of activity and passivity in human experience Mann argues that the traditionally female virtues of patience and pity are central to Chaucer's moral ethos and that this necessitates a reformulation of ideal masculinity First published as *Geoffrey Chaucer in the series Feminist Readings* this new edition includes a new chapter *Wife Swapping in Medieval Literature* The references and bibliography have been updated and a new preface surveys publications in the field over the last decade JILL MANN is currently Notre Dame Professor of English University of Notre Dame *Christine de Pizan and the Moral Defence of Women* Rosalind Brown-Grant, 2003-09-18 Christine de Pizan's *Livre de la Cit des Dames* 1405 is justly renowned for its full scale assault on the misogynist stereotypes which dominated the culture of the Middle Ages Rosalind Brown Grant locates the *Cit* in the context of Christine's defence of women as it developed over a number of years and through a range of different texts Arguing that Christine tailored her critique of misogyny according to the genre in which she was writing and the audience she was addressing this study shows that Christine's case for women nonetheless had an underlying unity in its insistence on the moral if not the social equality of the sexes Whilst Christine may not have been a radical in modern feminist terms she was able to draw upon the cultural resources of her day in order to construct an intellectual authority for herself that challenged the prevailing orthodoxy of the day
