Monetization In An Atoll Society:

Kiribati ,2002 Kiribati Asian Development Bank,2002 This report aims to contribute to the expected formulation by the Kiribati government during 2003 of national development goals and strategies for the next three to five years It identifies key areas in which goals and strategies need to be formulated briefly states what the authors consider to be the most important issues to be addressed in each of those areas and suggests policy responses for potential incorporation in the government s development strategies *Kiribati's Political Economy and Capacity Development* Asian Development Bank,2009-12-01 This reports the result of an investigation into the social economic political and institutional factors that encourage or impede inclusive economic development in Kiribati and hamper the capacity development needed to overcome obstacles to that development Much of the information on which this report is based was collected in discussions in South Tarawa in January and April 2007 The institutional analysis and development framework of Ostrom et al 2001 served as the analytical framework for the investigation This framework which was developed by researchers from the Workshop in Political Theory and Policy Analysis at Indiana University in the United States is an effective way to explain group behavior that influences a country s economic development *Environment, Development and Change in Rural Asia-Pacific* John Connell,Eric Waddell,2006-12-05 This volume examines the economic political social and environmental challenges facing rural communities in the Asia Pacific region as global issues intersect with local contexts Such challenges from climatic change and volcanic eruption to population growth and violent civil unrest have stimulated local resilience amongst communities and led to evolving regional institutions and environment management practices changing social relationships and producing new forms of stratification Bringing together case studies from across mainland Southeast Asia and the Island Pacific an expert team of international contributors reveal how communities at the periphery take charge of their lives champion the virtues of their own local systems of production and consumption and engage in the complexities of new structures of development that demand a response to the vacillations of global politics economy and society Inherent in this is the recognition that development as we have come to know it is far from over Each chapter emphasizes the growing recognition that ecological and environmental issues are key to any understanding and analysis of structures of sustainable development Providing diverse multidisciplinary theoretical and empirical perspectives *Environment Development and Change in Rural Asia Pacific* makes an important contribution to the revitalization of development studies and as such will be essential reading for scholars in the field as well as those with an interest in Asia Pacific studies economic geography and political economy **Small Island Developing States** Stefano Moncada,Lino Briguglio,Hilary Bambrick,Ilan Kelman,Catherine Iorns,Leonard Nurse,2021-10-19 This book explores how vulnerable and resilient communities from SIDS are affected by climate change proposes and where possible evaluates adaptation activities identifies factors capable of enhancing or inhibiting SIDS people s long term ability to deal with climate change and critiques the discourses vocabularies

and constructions around SIDS dealing with climate change The contributions written by well established scholars as well as emerging authors and practitioners in the field include conceptual papers coherent methodological approaches and case studies from the communities based in the Caribbean Sea and the Indian Atlantic and Pacific Oceans In their introduction the editors contextualise the book within the current literature They emphasise the importance of stronger links between climate change science and policy in SIDS both to increase effectiveness of policy and also boost scholarly enquiry in the context of whose communities are often excluded by mainstream research This book is timely and appropriate given the recent commission by the Intergovernmental Panel on Climate Change IPCC of a Special Report that aims at addressing vulnerabilities especially in islands and coastal areas as well as the adaptation and policy development opportunities following the Paris Agreement Coupled with this there is also the need to support the policy community with further scientific evidence on climate change related issues in SIDS accompanying the first years of implementation of the United Nations Sustainable Development Goals

Migration and Transnationalism Helen Lee, Steve Tupai Francis, 2009-08-01 Pacific Islanders have engaged in transnational practices since their first settlement of the many islands in the region As they moved beyond the Pacific and settled in nations such as New Zealand the U S and Australia these practices intensified and over time have profoundly shaped both home and diasporic communities This edited volume begins with a detailed account of this history and the key issues in Pacific migration and transnationalism today The papers that follow present a range of case studies that maintain this focus on both historical and contemporary perspectives Each of the contributors goes beyond a narrowly economic focus to present the human face of migration and transnationalism exploring questions of cultural values and identity transformations in kinship intergenerational change and the impact on home communities Pacific migration and transnationalism are addressed in this volume in the context of increasing globalisation and growing concerns about the future social political and economic security of the Pacific region As the case studies presented here show the future of the Pacific depends in many ways on the ties diasporic Islanders maintain with their homelands *Kiribati Social and Economic Report 2008* Asian Development Bank, 2009-12-01 After two impressively peaceful decades there are signs of a dangerous degree of complacency in Kiribati's view of its domestic and external affairs Forms of cultural and political resistance to change have thus been encouraged and these are handicapping the nation's response to development risks Eight leading sources of development risk confronting Kiribati are identified and these require understanding and appropriate responses in the form of well formulated national development strategies Based on a thorough assessment of risks priorities and options by sector in the main report 16 policy actions are recommended as keys to the full range of responses that need to be formulated to cope with development risk

Integrating Sustainable Development Into National Frameworks Janet R. Strachan, Constance Vigilance, 2011 This book brings policy making for sustainable development into the mainstream of decision making at all levels of governance and in all sectors It builds on the 2005 internationally agreed Mauritius Strategy

which aims to implement the integration of sustainable development by small island developing states Designed as a handbook for policy makers and planners in government as well as business and civil society leaders it covers seven of the twenty issues that have been outlined in the Mauritius Strategy as being important for the sustainable development of SIDS disaster management marine resources freshwater resources land resources energy resources tourism resources and trade It brings together best practices policy options and development prospects that small states can pursue in order to achieve real progress in these fields It covers the progress and experiences of countries in the Caribbean region the Pacific region and the Atlantic Indian Ocean and Mediterranean region in their implementation of sustainable development in these areas It also provides a useful point of reference and stimulus to policy makers and their supporting colleagues from all sectors

Islands at Risk? John Connell, 2013 This book provides a wide ranging comparative analysis of contemporary economic social political and environmental change in small islands island states and territories through every ocean It focuses on those island realms conventionally perceived as developing rather than developed in the Caribbean Pacific and Indian Oceans John Connell examines the decline of agriculture and the rise of tourism the problems of urbanization and the particular role of migration and remittances within a culture of migration He seeks to balance economic challenges with environmental threats notably that of climate change and social changes with the survival of culture pointing to awkward and hybrid development futures This unique study comprehensively balances environmental social and economic changes to provide a more wide ranging assessment of sustainability that will be invaluable for academics and postgraduate students on environment and international development courses
