Neutrality And State Building In Sweden

Marc Cogen

Neutrality And State Building In Sweden:

Neutrality and Statebuilding in Sweden M. Malmborg, 2001-10-02 The successful maintenance of peace since 1814 made neutrality a widely popular doctrine in Sweden Rather than a security policy in the strict sense it has become a cornerstone of Swedish national identity Yet in the past decade the neutrality tradition has been called into question What is meant by neutrality Has Sweden ever been neutral This book analyses the emergence institutionalisation and reassessment of neutrality of the notion of peace as a national good from the sixteenth century to the present debate on NATO membership

Neutrality and Statebuilding in Sweden M. Malmborg, 2001-10-02 The successful maintenance of peace since 1814 made neutrality a widely popular doctrine in Sweden Rather than a security policy in the strict sense it has become a cornerstone of Swedish national identity Yet in the past decade the neutrality tradition has been called into question What is meant by neutrality Has Sweden ever been neutral This book analyses the emergence institutionalisation and reassessment of neutrality of the notion of peace as a national good from the sixteenth century to the present debate on NATO membership

Sweden: From Neutrality to International Solidarity Ryszard M. Czerwinski, 2018-04-27 This book presents the legal and political factors determining international relations including the processes of integration in all their complexity The overall structure of the book together with the composition of its separate chapters allows for some general assumptions identifying the main tendencies and placing them in a contemporary social context as well as establishing their relations with the practices of today The content is a compendium of basic information and data related to the international processes which occur within specific formal legal and political frames The book is divided into five parts featuring not only deep historical context but most of all presenting current information and analyses of the last few years Presented against the background and within the context of the Kingdom of Sweden's political system and its international environment the book brings into the foreground issues of particular importance for Sweden's continuing European integration process and describes its response to the developments in the international situation

Military Neutrality of Small States in the Twenty-First Century Jelena Radoman, 2021-08-28 This book explores the factors that account for military neutrality as a security strategy for small states Through comparing the cases of Serbia and Sweden who have both come to define their security policies in identical terms of military neutrality non alignment the book introduces a novel conceptual framework that is built against existing knowledge found in the small states and military neutrality literature Drawing on different theoretical frameworks the model explains why certain small states choose to stay outside of military alliances in the twenty first century The author then applies the new model to the two selected case studies

Neutrality and Neutralism in the Global Cold War Sandra Bott, Jussi M. Hanhimäki, Janick Schaufelbuehl, Marco Wyss, 2015-12-22 This book sheds new light on the foreign policies roles and positions of neutral states and the Non Aligned Movement NAM in the global Cold War The volume places the neutral states and the NAM in the context of the Cold War and demonstrates the links between the East the West and the so called

Third World In doing so this collection provides readers an alternative way of exploring the evolution and impact of the Cold War on North South connections that challenges traditional notions of the post 1945 history of international relations The various contributions are framed against the backdrop of the evolution of the Cold War international system and the decolonization process in the Southern hemisphere By juxtaposing the policies of European neutrals and countries of the NAM this book offers new perspectives on the evolution of the Cold War With the links between these two groups of countries receiving very little attention in Cold War scholarship the volume thus offers a window into a hitherto neglected perspective on the Cold War Via a series of case studies the chapters here present new viewpoints on the evolution of the global Cold War through the exploration of the ensuing internal and mainly external policy choices of these nations This book will be of much interest to students of Cold War Studies international history foreign policy security studies and IR in general

The Soviet Union and Cold War Neutrality and Nonalignment in Europe Mark Kramer,Aryo Makko,Peter

Ruggenthaler,2021-03-22 The Soviet Union and Cold War Neutrality and Nonalignment in Europe examines how the neutral European countries and the Soviet Union interacted after World War II Amid the Cold War division of Europe into Western and Eastern blocs several long time neutral countries abandoned neutrality and joined NATO Other countries remained neutral but were still perceived as a threat to the Soviet Union s sphere of influence Based on extensive archival research this volume offers state of the art essays about relations between Europe s neutral states and the Soviet Union during the Cold War and how these relations were perceived by other powers

The Oxford Handbook of Swedish Politics Jon Pierre,2016 The Handbook provides a broad introduction to Swedish politics and how Sweden s political system and policies have evolved over the past few decades

Entrepreneurship in the Polis Inga Narbutaitė Aflaki,Evangelia Petridou,2016-05-06 Dynamics of entrepreneurship have attracted growing attention from scholars of political science policy studies public administration and planning as well as more recently from the realms of international relations and foreign policy analysis Under the banner of political entrepreneurship this volume considers and maps out conceptual approaches to the study of entrepreneurship drawn from these fields discusses synergies envisages new analytical tools and offers contemporary empirical case studies illustrating the diverse political contexts in which entrepreneurship takes place in the polis Drawing upon an international cast of senior academics and cutting edge young researchers the volume takes a closer look at key aspects of political entrepreneurship such as defining political entrepreneurs how it relates to change decision making and strategies organizational arrangements institutional rules varying contexts and future research agendas By highlighting the political aspects of entrepreneurship the volume presents new exciting opportunities for understanding entrepreneurial activities at regional national and international levels The volume will be of particular relevance to scholars and students of political science policy studies public administration planning international relations and business studies as well as practitioners interested in the nexus and utility of entrepreneurship in the modern day political world

Greek

Maritime History, 2022-05-02 This volume presents Greek Maritime History and unravels the historical trajectory of a maritime nation par excellence in the Eastern Mediterranean At the core of the book lies the rise of the Greek merchant fleet and its transformation from a peripheral to an international carrier Following the evolution of Greek shipping for more than three centuries 17th 20th century the book traces a maritime nation in its making and provides proof of a different yet successful pattern of maritime development compared to other European maritime nations The chapters adopt a multidimensional and interdisciplinary approach spanning from shipping fishing and trade to piracy technology human resources and entrepreneurship and reflect the main directions of Greek maritime historiography over the last thirty years Contributors are Apostolos Delis Dimitris Dimitropoulos Zisis Fotakis Katerina Galani Gelina Harlaftis Evdokia Olympitou Gerassimos D Pagratis Alexandra Papadopoulou Socrates Petmezas Evrydiki Sifneos Anna Sydorenko Ioannis Theotokas and Katerina Vourkatioti

Neutral Europe and the Creation of the Nonproliferation Regime Pascal Lottaz, Yoko Iwama, 2023-11-03 Lottaz Iwama and their contributors investigate the role of neutral and nonaligned European states during the negotiations for the Treaty on the Nonproliferation of Nuclear Weapons NPT Focusing on the years from the Irish Resolution of 1958 until the treaty's opening for signatures ten years later the nine chapters written by area experts highlight the processes and reasons for the political and diplomatic actions the neutrals took and how those impacted the multilateral treaty negotiations The book reveals new aspects of the dynamics that lead to this most consequential multilateral breakthrough of the Cold War In part one three chapters analyze the international system from a bird's eye perspective discussing neutrality nonalignment and the nuclear order The second part features six detailed case studies on the politics and diplomacy of Ireland Sweden Finland Switzerland Austria and Yugoslavia Overall this study suggests that despite the volatile and dangerous nature of the early Cold War the balance of the strategic environment enabled actors that were not part of one or the other alliance system to play a role in the interlocking global politics that finally created the nuclear regime that defines international relations until today A valuable resource for scholars of nonproliferation the Cold War neutrality nonalignment and area studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Sweden in the Eighteenth-Century World Göran Rydén, 2016-03-09 Eighteenth century Sweden was deeply involved in the process of globalisation ships leaving Sweden's central ports exported bar iron that would drive the Industrial Revolution whilst arriving ships would bring not only exotic goods and commodities to Swedish consumers but also new ideas and cultural practices with them At the same time Sweden was an agricultural country to a large extent governed by self subsistence and for most wealth was created within this structure This volume brings together a group of scholars from a range of disciplinary backgrounds who seek to present a more nuanced and elaborated picture of the Swedish cosmopolitan eighteenth century Together they paint a picture of Sweden that is more like the one eighteenth century intellectuals

imagined and help to situate Sweden in histories of cosmopolitanism of the wider world *Arms Transfers, Neutrality and Britain's Role in the Cold War* Marco Wyss, 2012-10-12 Great Britain was neutral Switzerland's main supplier of heavy weaponry during the early Cold War Marco Wyss analyses this armaments relationship against the background of Anglo Swiss relations between 1945 and 1958 and thereby assesses the role of arms transfers neutrality and Britain as well as the two countries political economic and military relations By using multi archival research the author discovers traits of specialness in the Anglo Swiss relationship analyses the incentives for Berne's weapons purchases and London's arms sales sheds new light on the Cold War arms transfer system and the motivations of the participating states and questions the sustainability of neutrality during the East West conflict as well as Britain's role from a western neutral and small power perspective *An Introduction to European Intergovernmental Organizations* Marc Cogen, 2016-04-15 An Introduction to European Intergovernmental Organizations provides an up to date and accessible reference to European intergovernmental organizations other than the European Union The EU is so dominant that people often overlook the multitude of older and newer smaller and larger intergovernmental organizations rooted in the history of contemporary Europe which continue to help shape its future The specialized character of these organizations adds value to cooperation in Europe as a whole creates permanent channels of communication regardless of EU membership and allows the possibility for non European involvement through organizations such as the European Bank for Reconstruction and Development and NATO It also allows sub regional groups of states such as the Nordic countries or the Benelux countries to exist and express their own identity via their own organizations This book looks at the history of Non EU organizations their decision making characteristics membership policies legal powers actions and interactions with each other and the European Union A uniform scheme of analysis is used to make European intergovernmental organizations comparable and by studying them we gain a deeper understanding and insight into European affairs 200 Years of Peace Nevra Biltekin, Leos Müller, Magnus Petersson, 2022-07-18 Since 1814 Sweden has avoided involvement in armed conflicts and carried out policies of non alignment in peacetime and neutrality during war Even though the Swedish government often describes Sweden as a nation of peace in 2004 the 200 year anniversary of that peace passed by with barely any attention Despite its extraordinary longevity research about the Swedish experience of enduring peace is underdeveloped 200 Years of Peace places this long period of peace in broader academic and public discussions surrounding claimed Swedish exceptionality as it is represented in the nation's social policies expansive welfare state eugenics gender equality programs and peace *Stagg vs. Yost* John Kryk, 2015-07-16 Corruption scandals and reports of wrongdoing in college football are constantly in the news From Penn State's Joe Paterno to Ohio State's Jim Tressel we have come to learn that some of the most lauded coaches don't always live up to their saintly reputations Perhaps no era of college football was ever more emblematic of this than the early 1900s a time when coaches worked the system with merciless flair to recruit the best players and then keep them eligible to play even while other coaches were trying to

steal already enrolled players from rival universities Amos Alonzo Stagg of the University of Chicago and Fielding H Yost of the University of Michigan were no exception and their bitter rivalry is one for the ages In *Stagg vs Yost The Birth of Cutthroat Football* John Kryk brings to life a story that is both timeless and familiar to all football fans indeed to all sports fans one man's obsession to end the pain of a long losing streak to a hated rival This is the story of how Amos Alonzo Stagg covertly punted many of the principles he espoused in order to dismantle one of the most powerful machines the game has known Fielding Yost's Michigan Wolverines Kryk reveals the extent to which Stagg schemed to achieve victory against the Point a Minute Wolverines and the lengths Yost went to prevent that from happening In addition this book provides insight into college athletics corruption as a whole during this time from under the table payments to recruits to contracted loans from wealthy boosters and why the current NCAA rulebook contains page after page of recruiting and eligibility regulations Featuring never before published internal correspondences of UM athletic leaders Stagg's surviving letters and notes and reports from newspapers of the day *Stagg vs Yost* brings fresh insight into two legends of college football who would do almost anything to win This book is a noteworthy and fascinating narrative for football fans historians and anyone interested in seeing where cutthroat college recruiting and coaching all began *Margins for Manoeuvre in Cold War Europe* Laurien Crump, Susanna Erlandsson, 2019-11-28 The Cold War is conventionally regarded as a superpower conflict that dominated the shape of international relations between World War II and the fall of the Berlin Wall Smaller powers had to adapt to a role as pawns in a strategic game of the superpowers its course beyond their control This edited volume offers a fresh interpretation of twentieth century smaller European powers East West neutral and non aligned and argues that their position vis vis the superpowers often provided them with an opportunity rather than merely representing a constraint Analysing the margins for manoeuvre of these smaller powers the volume covers a wide array of themes ranging from cultural to economic issues energy to diplomacy and Bulgaria to Belgium Given its holistic and nuanced intervention in studies of the Cold War this book will be instrumental for students of history international relations and political science *An Age of Neutrals* Maartje Abbenhuis, 2014-06-12 *An Age of Neutrals* provides a pioneering history of neutrality in Europe and the wider world between the Congress of Vienna and the outbreak of the First World War The long nineteenth century 1815-1914 was an era of unprecedented industrialization imperialism and globalization one which witnessed Europe's economic and political hegemony across the world Dr Maartje Abbenhuis explores the ways in which neutrality reinforced these interconnected developments She argues that a passive conception of neutrality has thus far prevented historians from understanding the high regard with which neutrality as a tool of diplomacy and statecraft and as a popular ideal with numerous applications was held This compelling new history exposes neutrality as a vibrant and essential part of the nineteenth century international system a powerful instrument used by great and small powers to solve disputes stabilize international relations and promote a variety of interests within and outside the continent *The Europeanization of National Foreign Policies*

Towards Latin America Lorena Ruano, 2013 Who shapes the European Union's policy towards Latin America How has this EU policy modified individual member states' relations with the region This book provides a comparative account of seven member states' bilateral links with Latin America since 1945 in the context of their EU membership and based on the concept of Europeanization It illustrates how and why the main architects of this EU policy have been Spain and Germany In contrast Poland Sweden and Ireland which had little previous interaction with Latin America have developed their current relations with that region virtually as a result of their EU membership The United Kingdom and France lie in the middle they have been influential in certain policy areas and key periods in history while they have adapted to what is done at the EU level in others Practitioners established academic experts as well as emerging scholars in the field bring to bear a novel combination of pioneering research and cutting edge conceptual analysis on this important but neglected area of the EU's foreign relations

Notions of Neutralities Pascal Lottaz, Herbert R. Reginbogin, 2018-11-16 Neutrality serves different purposes during times of war and peace *Notions of Neutralities* portrays those historical challenges that neutrals faced and are still facing to maintain some form of economic stability and political order as chaos and wars rage Neutrals are exposed to existential issues and questions of civil society international politics and morality in a world defiant to principles of universal peace Every age has its own armed conflicts and while the questions they raise are often the same the answers are different because the international world order changes Is neutrality justifiable even when the humanity of civilization is at risk as in the Second World War or the wars of the post Cold War era Can those who refuse the call to arms still act by providing humanitarian services to contain the impact of war or on the contrary are neutrals shut off from global politics mere weaklings that suffer what they must This book addresses such questions through an interdisciplinary scholarship by some of the world's foremost experts on neutrality Twelve chapters tackle different but profound aspects of the concept over a span of five hundred years They succinctly show the evolution of international norms in the context of war and peace What is more the essays portray fundamental categories of thinking about a variety of neutralities that the international system has produced in the past and present The authors discuss the complexities of neutrality providing a new and refreshing understanding of international relations and security for the past as well as for the multipolar world of the twenty-first century

Small and Medium Powers in Global History Jari Eloranta, Eric Golson, Peter Hedberg, Maria Cristina Moreira, 2018-09-03 This volume brings together a leading group of scholars to offer a new perspective on the history of conflicts and trade focusing on the role of small and medium or weak and often neutral states Existing historiography has often downplayed the importance of such states in world trade during armed conflicts and as important agents in the expanding trade and global connections of the last 250 years The country studies demonstrate that these states played a much bigger role in world and bilateral trade than has previously been assumed and that this role was augmented by the emergence of truly global conflicts and total war In addition to careful country or comparative studies this book provides new

data on trade and shipping during wars and examines the impact of this trade on the individual states economies It spans the period from the late 18th century to the First and Second World Wars and the Cold War of the 20th century a crucial period of change in the concept and practice of neutrality and trade as well as periods of transition in the nature and technology of warfare This book will be of great interest to scholars of economic history comparative history international relations and political science

This Enthralling World of Kindle Books: A Thorough Guide Unveiling the Benefits of E-book Books: A Realm of Convenience and Flexibility E-book books, with their inherent portability and simplicity of availability, have freed readers from the constraints of hardcopy books. Neutrality And State Building In Sweden Introduction

In today's digital age, the availability of Neutrality And State Building In Sweden books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Neutrality And State Building In Sweden books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Neutrality And

State Building In Sweden books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Neutrality And State Building In Sweden versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Neutrality And State Building In Sweden books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Neutrality And State Building In Sweden books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Neutrality And State Building In Sweden books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Neutrality And State Building In Sweden books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Neutrality And State Building In Sweden books and manuals for download and embark on

your journey of knowledge?

FAQs About Neutrality And State Building In Sweden Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality?
