**Beat Happening's Beat Happening** Bryan C. Parker, 2015-09-24 This is the album that sent a shockwave of empowerment through the nation's cultural underground. In 1985 Olympia Washington band Beat Happening released their eponymous debut of lo-fi pop songs on K Records and challenged every conception held about music. At the center of the group was the enigmatic Calvin Johnson and his revolutionary vision of artistic creation. His foresight and industriousness allowed him to recruit to the K Records roster other free spirited artists like Beck, Modest Mouse and Built to Spill long before they gained widespread acclaim. This book structured in abecedarian fashion breaks down the fundamental components that defined Beat Happening's self-titled album. With a foreword by Phil Elverum it's organized in a light hearted yet incisive format each of the book's chapters details a particular facet of the record band members historic shows recording sessions songs and ideologies parts reflecting the album as a whole. These alphabetic ingredients constitute a recipe book for feeding your creative spirit. Here is the story of a band that popularized do it yourself projects and home recording with four track tape machines decades before the digital revolution would extend an open hand to garage bands everywhere. This is the story of musical pioneers. This is Beat Happening.

**Murder Under Her Skin** Stephen Spotswood, 2021-12-07 A New York Times Book Review Editor's Choice Rex Stout meets Agatha Christie with a fresh twist in the new Pentecost and Parker Mystery a delightfully hardboiled high wire act starring two daring women sleuths dead set on justice as they set out to solve a murder at a traveling circus. A delight. It's a pleasure to watch Pentecost and Parker sifting through red herrings and peeling secrets back like layers of an onion. The New York Times Book Review Someone's put a blade in the back of the Amazing Tattooed Woman and Willow Jean Will Parker's former knife throwing mentor has been stitched up for the crime. To uncover the truth Will and her boss world famous detective Lillian Pentecost travel to the circus where they find a snake pit of old grudges small town crime and secrets worth killing for. Will called Hart Halloway's Traveling Circus and Sideshow home for five years and Ruby Donner the circus's tattooed ingenue was her friend. To make matters worse the prime suspect is Valentin Kalishenko the man who taught Will everything she knows about putting a knife where it needs to go. To uncover the real killer and keep Kalishenko from a date with the electric chair Will and Ms Pentecost join the circus in sleepy Stoppard Virginia where the locals like their cocktails mild the past buried and big city detectives not at all. The two swiftly find themselves lost in a funhouse of lies as Will begins to realize that her former circus compatriots aren't playing it straight and that her murdered friend might have been hiding a lot of secrets beneath all that ink.

Multimedia Information Retrieval Stefan Rueger, 2022-05-31 At its very core multimedia information retrieval means the process of searching for and finding multimedia documents the corresponding research field is concerned with building the best possible multimedia search engines. The intriguing bit here is that the query itself can be a multimedia excerpt. For example when you walk around in an unknown place and stumble across an interesting landmark would it not be great if you

could just take a picture with your mobile phone and send it to a service that finds a similar picture in a database and tells you more about the building and about its significance for that matter This book goes further by examining the full matrix of a variety of query modes versus document types How do you retrieve a music piece by humming What if you want to find news video clips on forest fires using a still image The text discusses underlying techniques and common approaches to facilitate multimedia search engines from metadata driven retrieval via piggy back text retrieval where automated processes create text surrogates for multimedia automated image annotation and content based retrieval The latter is studied in great depth looking at features and distances and how to effectively combine them for efficient retrieval to a point where the readers have the ingredients and recipe in their hands for building their own multimedia search engines Supporting users in their resource discovery mission when hunting for multimedia material is not a technological indexing problem alone We look at interactive ways of engaging with repositories through browsing and relevance feedback roping in geographical context and providing visual summaries for videos The book concludes with an overview of state of the art research projects in the area of multimedia information retrieval which gives an indication of the research and development trends and thereby a glimpse of the future world Table of Contents What is Multimedia Information Retrieval Basic Multimedia Search Technologies Content based Retrieval in Depth Added Services Multimedia Information Retrieval Research Summary

Unvarnished Punk The New York Times King Cat Classix collects material from the first fifty issues of John Porcellino s King Cat Comics as they appeared in self published handmade zines throughout the 1990s These strips span Porcellino s dynamic evolution from saturated punk drawings to his characteristic refined minimalism revealing his work as nothing short of a catalyst that has inspired artists like Chris Ware in the emerging literary comics scene In the inky drawings featuring beloved pets awkward teenage one night stands and everyday blunders we see a nascent style steeped in truth and transparency one that continues to ring true today Porcellino s mind is spread out on the page with an uninhibited id running wildly about dreams and sexual fantasies not unlike the gritty stabbing pen strokes of Julie Doucet He sketches fragmented moments and

glimpses of interaction that seem to reflect the very manner in which we process memory we are made up of a stream of consciousness captured in fleeting mental images and Porcellino externalizes that messy internal reality Follow along the path of Porcellino's dynamic evolution and relish in the inspirational power of this groundbreaking collection *From Small Screen to Vinyl* Bob Leszczak, 2015-06-25 From its infancy television networks and studios explore others avenues to increase their revenues Conveniently enough several film studios and production companies MGM MTM Columbia Screen Gems Talent Associates Warner Brothers had their own record label divisions The obvious benefit was cross promotion a television series could be plugged on the record and the record could be promoted on the TV show Though few and far between several television performers went on to become major recording stars Ricky Nelson started as a child actor on *The Adventures of Ozzie and Harriet* before dominating rock and pop charts Johnny Crawford of *The Rifleman* Walter Brennan of *The Real McCoys* and even Bruce Willis of *Moonlighting* all scored Top Ten hit singles But these were just the standouts from the hundreds of TV actors who recorded songs and the stories behind their records are simply fascinating In *From Small Screen to Vinyl* A Guide to TV Stars Who Made Records 1950-2000 author Bob Leszczak offers a look at hundreds of stars who performed double duty as a television performer as well as a recording artist He looks not only at the show and the performer but the behind the scenes dramas that unfolded as each attempted to tackle the two different mediums Through his interviews with many of these multitaskers the author has uncovered new and mostly never before known facts about those who sought to conquer the world of vinyl As Leszczak stresses most eagerly embraced the opportunity to record while others saw it as a necessary evil the result of contractual obligations or industry pressures Entries are listed alphabetically from Nick Adams of *The Rebel* to Efrem Zimbalist Jr of *77 Sunset Strip* Also included are over 80 photos of these rare releases taken from the author's private collection For a new look at your old favorites *From Small Screen to Vinyl* will let you see that just because one is a TV star does not mean that he or she does not have the ability to expand beyond their acting prowess Baby boomers fans of classic hits radio and devotees of classic TV programs will find *From Small Screen to Vinyl* a treasure trove of TV and record trivia and no TV or music library can be considered complete without it *The Rotarian*, 1962-08 Established in 1911 *The Rotarian* is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine *A Listing of Bluegrass LP's*, 1971 **Billboard**, 1960-09-26 In its 114th year *Billboard* remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends **SPIN**, 1992-04 From the concert stage to the dressing room from the recording studio to the digital realm *SPIN* surveys the modern musical landscape and the culture around it with authoritative reporting provocative interviews and a
