Kabbalah and Literature Kitty Millet,2024-01-11 Focuses on a range of Jewish and non Jewish writers to examine the intersection of Kabbalah the Jewish mystical tradition and secular Jewish literatures Kabbalah and Literature shows how the Jewish mystical tradition contributes to the renewal of literature in a modern global and increasingly disconnected age Kitty Millet explores Kabbalah s conceptual underpinnings aesthetic principles tenets and signifiers to demonstrate how literature s absorption of kabbalistic material has altered its ontology function and the tasks it sets for itself Reading writers from Europe and the Americas Kitty Millet maps how the kabbalist s desire to recover Eden transforms into a latent messianic drive only intuited through text Thus it charts a journey of sorts a migration of Jewish mystical material embedded surreptitiously within text in order to shift ever so slightly at times the range of the literary to encompass an aesthetic vision not easily reducible to the literal the known the allegorical or even the philosophical In this way Kabbalah and Literature proposes a novel intuitive approach shifting focus away from the Jewish text s epistemological elements to embrace its secrets

Sacramental Letters Nina Butorac,2018-08-02 Sacramental Letters is a spirited exploration of the sacramental themes that underlie some of our more profound literature While it is a serious literary study it is also a religious journey into the meaning of the sacraments and the underlying grace that imbues our world From a uniquely Catholic perspective the author offers new and challenging insights into the works of Albert Camus Flannery O Connor Gerard Manley Hopkins Thomas Merton Graham Greene Annie Dillard and Richard Rodriguez Readers will explore the themes of sin guilt redemption grace suffering and sanctity as they are revealed through the sacraments of the church and in the creative craft of each writer Sacramental Letters challenges the Christian disciple to gain a new perspective a new way of seeing and to engage the world with compassion responding to the longing each one of us has to love the world as Christ loves us This is an indispensable itinerary for any spiritual traveler Catholic book club or religious classroom setting

The Law as Pedagogue Ignacio L. Götz,2023-04-03 The Law As Pedagogue Second Edition presents a view of the law as a dimension of human becoming It is a sustained argument for legal practitioners to model the beauty of the law Rather than emphasize the law as the rules and regulations of society or even as the sphere of the judiciary the goal is to understand the law as essential to a fully human life An effort is also made to show how this view can be fostered by the law itself and all its practitioners The obstacles to this view are A romantic vision of a mythic past without law The lure of anarchism The positivism prevalent among practicing attorneys and jurists The view that the most important thing is not to be lawful but moral Fundamentalists striving to re sacralize the law Against these views the book argues that

there is a deeply spiritual dimension of even secular law which we must appropriate to ourselves Given the social upheavals of the past few years this book carries an important message of reform as well as an encouragement to lead fully human lives within the law

Law's Violence Austin Sarat, Thomas R. Kearns, 2009-11-12 Seven diverse voices probe the use of violence to enforce law and the effect of this use of violence on law

Fullness of Dissonance Daniel C. Melnick, 1994 During the modern period the bond between music and literature constituted a crucial and influential idea for Conrad and Eliot Mann and Rilke and many other writers For modern novelists in particular this idea has provided the model and rationale for the experimental liberation of narrative form and its desired effect on the reader Critics later in the twentieth century have undertaken analyses of various contrapuntal sonata and other musical structures in fiction and some critics have studied the influence of various composers on novelists Fullness of Dissonance is concerned with the related matter of how the aesthetics of music influenced the writers and texts of modern fiction

Social Theory of Fear G. Skoll, 2010-09-13 A PDF version of this book is available for free in open access via the OAPEN Library platform www.oapen.org In the current crisis of the capitalist world system elites promote fear of crime and terrorism to keep and expand their privileges and control the masses This book offers an analysis of the crisis and strategies for rebellion This ebook is participating in an experiment and is available Open Access under the Creative Commons Attribution Non Commercial No Derivatives 3.0 Unported CC BY NC ND 3.0 licence Users are free to disseminate and reuse the ebook The licence does not however permit commercial exploitation or the creation of derivative works without specific permission To view a copy of this license visit <http://creativecommons.org/licenses/by-nc-nd/3.0/>

The Characteristic Theology of Herman Melville Bradley A. Johnson, 2011-11-03 What becomes of theology when we think of it aesthetically What becomes of aesthetics when we think of it theologically These are the guiding questions that inform both the method and the conclusions of this volume s exploration into the literary world of Herman Melville s characteristic theology Far from a specialist work that simply seeks to flesh out the religious disposition and myriad influences of one particular literary giant Johnson s focus in this volume is instead the identification of a philosophically robust aesthetic conception of theology at its most politically and contemporarily relevant By way of the *Masquerade* it sets in motion and in which it fully participates from its beginning to its very end this book uses Melville s fiction as vehicle for a radical aesthetic engagement with the theological bases of subjectivity and sovereignty Through this exploration Johnson conceives the creatively duplicitous character of a materialistic theology whose aim is nothing less than the fashioning of a new heaven and a new earth

The Philosophy of the Limit Drucilla Cornell, 2016-01-08 In *The Philosophy of the Limit* Drucilla Cornell examines the relationship of deconstruction to questions of ethics justice and legal interpretation She argues that renaming deconstruction the philosophy of the limit will allow us to be more precise about what deconstruction actually is philosophically and hence to articulate more clearly its significance for law Cornell s focus on the importance of the limit and the centrality of the gender hierarchy allows her to offer a view of jurisprudence different

from both the critical social theory and analytic jurisprudence *Enchantments of the Clinic* Carl P. Ellerman, 2010-06-02 Reflecting on his experience in the clinical trenches a pragmatic existential therapist offers a provocative study of power erotic influence and illusion in the clinical relationship Written in a conversational style that makes a challenging subject accessible to specialists in the clinical professions teachers and students of the psychological disciplines and scholars in the humanities and social sciences *Enchantments of the Clinic* introduces readers to interesting ways in which language ideas and speech as well as illusions of the clinical station enable therapists to cast an unintentional spell that captivates and charms unsuspecting patients Exposing this suggestive underworld of clinical experience where the high stakes game of persuasive dialogical therapy is often won or lost critical attention is focused on the erotization of the clinic the erotization of the clinician and the erotization of clinical confession Using dramatic examples from clinical practice Carl P Ellerman challenges prevailing dogmas of the therapeutic to demonstrate his thesis that enchantments of the clinic facilitate psychological healing if managed well but if mismanaged these volatile erotic enchantments may undermine the struggle against emotional illness in the clinical trenches This ambitious study of the clinical relationship also addresses the disturbing fact that we are dwelling in a postmodern era in which clinical nihilism is flourishing Ellerman conceives the dialogical therapist as a potentially dangerous ethically vulnerable therapeutic artiste whose strategic encounters in the postmodern clinic may be likened to aesthetic experiences in which an education to reality and a love of truth are obsolete or irrelevant notwithstanding a clinical masquerade that reinforces in spellbound patients a blind trust in the phantastic therapist s honesty truthfulness and intellectual integrity Embracing the Socratic mystique Ellerman offers a vigorous philosophic critique of clinical nihilism *British Imperial Literature, 1870-1940* Daniel Bivona, 1998-06-13 *British Imperial Fiction 1870 1940* traces the gradual process by which the colonial bureaucratic subject was constructed in nineteenth and early twentieth century Britain Daniel Bivona s study offers insightful readings of a number of influential writers who were involved in promoting the ideology of bureaucratic self sacrifice the most important of whom are Stanley Kipling and T E Lawrence He examines how this governing ideology is treated in the novels of Joseph Conrad Joyce Cary and George Orwell By placing the complexities of individual texts in a much larger historical context this study makes the original claim that the colonial bureaucrat played an ambiguous but nonetheless central role in both pro imperial and anti imperial discourse his own power relationship with bureaucratic superiors shaping the terms in which the proper relationship between colonizer and colonized was debated ***Scraps Of The Untainted Sky*** Thomas Moylan, 2018-03-05 Dystopian narrative is a product of the social ferment of the twentieth century A hundred years of war famine disease state terror genocide ecocide and the depletion of humanity through the buying and selling of everyday life provided fertile ground for this fictive underside of the utopian imagination From the classical works by E M Forster Yevgeny Zamyatin Aldous Huxley George Orwell and Margaret Atwood through the new maps of hell in postwar science fiction and most recently in the dystopian turn of the 1980s and

1990s this narrative machine has produced challenging cognitive maps of the given historical situation by way of imaginary societies which are even worse than those that lie outside their authors and readers doors In *Scraps of the Untainted Sky* Tom Moylan offers a thorough investigation of the history and aesthetics of dystopia To situate his study Moylan sets out the methodological paradigm that developed within the interdisciplinary fields of science fiction studies and utopian studies as they grow out of the oppositional political culture of the 1960 and 1970s the context that produced the project of cultural studies itself He then presents a thorough account of the textual structure and formal operations of the dystopian text From there he focuses on the new science fictional dystopias that emerged in the context of the economic political and cultural convulsions of the 1980s and 1990s and he examines in detail three of these new critical dystopias Kim Stanley Robinson s *The Gold Coast* Octavia Butler s *The Parable of the Sower* and Marge Piercy s *He She and It* With its detailed documented and yet accessible presentation *Scraps of the Untainted Sky* will be of interest to established scholars as well as students and general readers who are seeking an in depth introduction to this important area of cultural production

A Politics of the Ordinary Thomas L. Dumm, 1999-07-01 In *A Politics of the Ordinary* Thomas Dumm dramatizes how everyday life in the United States intersects with and is influenced by the power of events on the one hand and forces of conformity and normalcy on the other Combining poststructuralist analysis with a sympathetic reading of a strain of American thought that begins with Emerson and culminates in the work of Stanley Cavell *A Politics of the Ordinary* investigates incidents from everyday life political spectacles and popular culture Whether juxtaposing reflections about boredom in rural New Mexico with Emerson s theory of constitutional amendment Richard Nixon s letter of resignation with Thoreau s writings to overcome quiet desperation or demonstrating how Disney s *Toy Story* allegorizes the downsizing of the American white collar work force Dumm s constant concern is to show how the ordinary is the primary source of the democratic political imagination

Global Terrorism Issues and Developments Rene A. Larche, 2008 Terrorism is usually described as violence or the perception or threat of imminent violence Terrorism has been used by a broad array of political organisations in furthering their objectives both right wing and left wing political parties nationalistic and religious groups revolutionaries and ruling governments Those labelled terrorists rarely identify themselves as such and typically use other generic terms or terms specific to their situation such as separatist freedom fighter liberator revolutionary vigilante militant paramilitary guerrilla rebel jihadi or mujaheddin or fedayeen or any similar meaning word in other languages Sadly it has become a global profession which has come to colour all aspects of life from travel to office locations to pervasive fear This new book presents important issues and ideas dealing with terrorism

Beyond Accommodation Drucilla Cornell, 1999-09-01 This new edition of Drucilla Cornell s highly acclaimed book includes a substantial new introduction by the author which situates the book within current feminist debates In *Beyond Accommodation* Drucilla Cornell offers a highly original vision of what feminist theory can give contemporary women She challenges essentialist and naturalist accounts of feminine sexuality

arguing that any attempt to affirm woman's value and difference by either emphasizing her maternal role or repudiating the feminine only entraps women once again in a container that curtails feminine sexual difference legitimates the masculine fantasy of woman and reinstates rather than dismantles the gender hierarchy In response to these movements Beyond Accommodation strives to broaden the scope of feminist theory by articulating a platform under the concept of relative universalism which proposes the idea that women are not a unified and homogenous group although they are positioned as women in patriarchy Cornell's theory allows for differences in women's situations without giving up on the idea that women are fighting a common phenomenon called patriarchy

In Sheep's Clothing George Yancy, Bill Bywater, 2023-11-20 From Megyn Kelly's claim that Jesus is white to former President Trump's claim that he is the chosen one or the King of Israel there is serious trouble in paradise Contemporary manifestations of white Christian nationalism are deeply entangled in political issues from women's political rights over their own bodies to the rejection of Critical Race Theory CRT Carrying Christian signs and crosses protestors at the Capitol insurrection on January 6th were not only fighting with a sense of white nationalist duty but fighting with a religious zeal making this a pressing moment in the current time to which this volume speaks This edited collection invites scholars share frustration anger interrogation and conceptual clarity with readers regarding this toxic form of Christianity that fights not in the name of love but in the name of political domination and out of deep fear and hatred Attention is also brought to Christianity's counter voice one predicated upon love and its effectiveness to resist not just deep political pro white forces at work but also its capacity to focus emphasis upon Christian love The text is designed to speak to the contemporary moment with respect to the explicit and implicit ways in which white nationalism and white Christianity continue to be entangled and reinforce one another Contributors are asked to articulate what is behind this racially politically ideologically psychically charged whiteness of Christianity in the US and to articulate what is beyond the whiteness of Christianity for both Christians and non Christians alike concerned with the rise of white Christian nationalism

Moral Mazes Robert Jackall, 2010 This updated edition of a classic study of ethics in business presents an eye opening account of how corporate managers think the world works and how big organizations shape moral consciousness Robert Jackall takes the reader inside a topsy turvy world where hard work does not necessarily lead to success but sharp talk self promotion powerful patrons and sheer luck might This edition includes a new foreword linking the themes of Moral Mazes to the financial tsunami that engulfed the world economy in 2008

Ignite the flame of optimism with is motivational masterpiece, Find Positivity in **Penal Colony Stories And Short Pieces** . In a downloadable PDF format (PDF Size: *), this ebook is a beacon of encouragement. Download now and let the words propel you towards a brighter, more motivated tomorrow.
