**The Pegnitz Junction** Mavis Gallant, 2014-12-16 A devastating collection exploring the wake of mankind's greatest conflict World War II exerted a psychic toll on Europe that is still evident today The Pegnitz Junction is Mavis Gallant's look at how Europe handles that collective pain In the title novella of this sharply written collection a girl rides the train with her boyfriend and his son in postwar Europe Onboard she encounters all manner of personalities each person burdened by the weight of what he or she has just experienced openly bleeding from the emotional wounds of a terrifying global conflict A wife must come to terms with her husband's mistakes and find reconciliation in herself as she meets the refugee he had an affair with A soldier must reintegrate himself into civilian life no matter how difficult it is An unlikely friendship between an actress and a police commissioner begins to form No matter where or when Gallant's stories are set each one is a small enchantment anchored by the insights of a master of her craft

**Transient Questions**, 2021-09-20 Mavis Gallant has been a leading literary figure in Canada since her first short story published in 1951 and has grown to be considered internationally as a modern master of the genre Her writing is nuanced sensitive gifted deep and concise She leaves everything open for the hidden potential that can always be discovered Times change society history politics may develop out of recognition Cultures metamorphose Literary landscapes and theories are renewed But the classics of our time stay where they are pillars of that which is solidly about us Mavis Gallant's work is of that calibre her writing will remain interesting and relevant no matter what else happens This book is an exploration of what Gallant's readers are thinking now where they place her in the panorama of literature and what meaning she has for them now Scholars continue to probe into the stories their characters the capsules of history they present and continue to find them challenging As with Shakespeare no amount of scrutiny will yield the final answer That is how complex Gallant's writing is Especially now when the positioning of her characters is a more prominent condition in general we need to review Gallant's artistic insights As Francine Prose says in Harper's Magazine Gallant's cast of characters are a motley assortment of refugees fugitives and travelers and displaced persons scrambling on the margins of a society they will never belong to This is the modern condition As with other great writers Gallant shows herself to be prophetic in cutting down to the roots of the sensibility of our era We are reading her work and we are thinking about it and talking about it This book is part of that large conversation Contributors are Neil Besner Di Brandt Nicole C t John Lent Gerald Lynch Maria No lle Ng Peter Stevens Simone Vauthier Per Winther

And I wanted to live on it and in it ,** *A History of Canadian Literature* William H. New, William Herbert New, 2003 New offers an unconventionally structured overview of Canadian literature from Native American mythologies to contemporary texts Publishers Weekly A History of Canadian Literature looks at the work of writers and the social and cultural contexts that helped shape their preoccupations and direct their choice of literary form W H New explains how from early records of oral tales to the writing strategies of the early twenty first century writer reader literature and society are interrelated New discusses both Aboriginal and European mythologies looking at pre Contact narratives and also at the way Contact experience altered hierarchies of literary value He then considers representations of the real whether in documentary fantasy or satire historical romance and the social construction of Nature and State and ironic subversions of power the politics of cultural form and the relevance of the media to a representation of community standard and individual voice New suggests some ways in which writers of the later twentieth century codified such issues as history gender ethnicity and literary technique itself In this second edition he adds a lengthy chapter that considers how writers at the turn of the twenty first century have reimagined their society and their roles within it and an expanded chronology and bibliography Some of these writers have spoken from and about various social margins dealing with issues of race status ethnicity and sexuality some have sought emotional understanding through strategies of history and memory some have addressed environmental concerns and some have reconstructed the world by writing across genres and across different media All genres are represented with examples chosen primarily but not exclusively from anglophone and francophone texts A chronology plates and a series of tables supplement the commentary **Figuring Grief** Karen Elizabeth Smythe, 1992 Karen Smythe's theoretical study is concerned largely with the works of two of the best short story writers in the English language Mavis Gallant and Alice Munro Although Gallant and Munro have received increasing attention in recent years most critics have taken a general approach to their works usually discussing the themes of memory and loss In contrast Smythe focuses specifically on the importance of elegy in these fictions and on the role the reader plays in reading them

The Found Voice Denis Sampson,2016-05-12 The Found Voice Writers Beginnings uses the means of literary biography and criticism to do something rarely attempted to understand how a key creative period establishes the authoritative voice of a unique artist The essays which explore this hidden process of the writer writing focus on some of the major writers of recent times V S Naipaul J M Coetzee Alice Munro William Trevor and Mavis Gallant The focus of investigation is a single work by each author and many of them identify the book in which this turning point was reached The writers have a somewhat different sense of what the voice is a true voice the voice in the mind the writing voice etc yet all of them accept the phrase finding a voice as a decisive and necessary process towards a unique style and vision their raison d tre as artists These essays allow each one to define his or her sense of the process of writing and their style is exploratory Nevertheless certain patterns emerge of migration and cultural displacement of linguistic self consciousness of memory and a reimagining of the first home of absorbing and rejecting mentors and models Crucially the essays rely not just on what led up to the moment of creation but on a sense of the career that emerged from it Most of the writers have written retrospectively in memoirs interviews or essays about the pivotal work and its foundational significance They are the best witnesses to the process although their silence or their commentary is understood in terms of the many strands of the narrative that each essay presents

**Telling Stories** ,2021-11-15 The present volume is a highly comprehensive assessment of the postcolonial short story since the thirty six contributions cover most geographical areas concerned Another important feature is that it deals not only with exclusive practitioners of the genre Mansfield Munro but also with well known novelists Achebe Armah Atwood Carey Rushdie so that stimulating comparisons are suggested between shorter and longer works by the same authors In addition the volume is of interest for the study of aspects of orality dialect dance rhythms circularity and trickster figure for instance and of the more or less conflictual relationships between the individual character or implied author and the community Furthermore the marginalized status of women emerges as another major theme both as regards the past for white women settlers or the present for urbanized characters primarily in Africa and India The reader will also have the rare pleasure of discovering Janice Kulik Keefer s Fox her version of what she calls in her commentary displaced autobiography or creative non fiction Lastly an extensive bibliography on the postcolonial short story opens up further possibilities for research
