Politics and Philosophy Mikko Lahtinen,2009 Louis Althusser s interpretation of Niccol Machiavelli has never really been studied in any detail as an analysis of political action and intervention The same is also true for Althusser s notion of aleatory materialism Instead these have conventionally been studied from the viewpoint of a philosophical perspective in which politics is excluded The objective of the present book thus runs against many of the prevailing views on Althusser Here the emphasis is placed on Althusser s advancement of a theory of materialist politics The main argument put forward is that for Althusser it was essential to reflect on how the conjunctural understanding of history and reality could offer a theoretical starting point for a subversive political strategy **Erotic Transference and Countertransference** David

Roland Furious Donna Heddle, 2007-11-30 The poetry of John Stewart of Baldynneis one of James VI's soi-disant Castalian Band is a relatively unknown phenomenon of the Renaissance period This book is a critical edition of his epic poem *Roland Furious* supposedly a translation of Ludovico Ariosto's *Orlando Furioso* into Scots but actually a brilliantly original poem which directly follows guidelines given by James VI for the creation of such literature in the Scottish vernacular A fully annotated version of the text is given along with a critical induction discussing the main European influences on Stewart's work notes to the text an appendix of proper and personal names and a full glossary This book provides an important link in the history of Scottish poetry Brill's Texts and Sources in Intellectual History vol 4
