Penguin Dictionary Of Twentieth Century History 1900 1982:

The A to Z of the Russo-Japanese War Rotem Kowner, 2009-08-20 Every war leaves an imprint in history but few have had such a pervasive impact in so many respects as the Russo Japanese War of 1904 1905 Politically it fatally weakened the Russian Empire while allowing Japan to follow more dangerous paths Diplomatically it shook the power balance in Europe and reshaped it in the form of two coalitions leading to World War I With regard to the art of warfare it emphasized the use of trench warfare and machine guns on land and the deployment of battleships and the use of torpedoes at sea Yet despite its importance at the time it has become very much a forgotten war The A to Z of the Russo Japanese War provides considerable breadth and depth of coverage based on Japanese Russian and Western sources The breadth is accomplished through a wide ranging introduction a detailed chronology and an extensive bibliography The depth comes in the hundreds of entries on military and political leaders major battles and lesser encounters tactics and strategy as well as the weaponry and of course the causes and consequences The result is the first major reference work on the Russo Japanese War in English and the largest in any language

Historical Dictionary of the Russo-Japanese War Rotem Kowner, 2017-04-06 The Russo Japanese War was fought for 19 months 8 February 1904 5 September 1905 between the empires of Japan and the Russia over the southern part of Manchuria and the Korean Peninsula While essentially a colonial conflict the war became a major engagement both in scale and innovation unseen until then In recent years there has been a growing awareness that this event marks a historical juncture far more important than it was usually taken to be This second edition of the Historical Dictionary of the Russo Japanese War offers a major revision of the highly praised first edition which by all accounts has been the standard work on this conflict in any language during the last decade The book contains a chronology an introduction appendixes and an extensive bibliography Moreover the dictionary section has some 800 new or fully revised cross referenced entries on the battles weaponry and major personalities of the war as well as various international events and conflicts agreements schemes and projects that led to the war This book is an excellent resource for students researchers and anyone wanting to know more about the Russo Japanese War

Collins Atlas of Twentieth Century World History Michael L. Dockrill, 1991

Re-Envisioning Global Development Sandra Halperin, 2013-04-17 Re Envisioning Global Development offers an original conceptualisation of capitalist development from its origins to the present day Most approaches to understanding contemporary development assume that industrial capitalism was achieved through a process of nationally organised economic growth and that in recent years its organisation has become increasingly trans local or global However Halperin shows that nationally organised economic growth has rarely been the case it has only recently come to characterise a few countries and for only a few decades This innovative text elaborates an alternative ontology and way of thinking about global development during the last two centuries one linked not to nations and regions but to a set of essentially trans national relations and connections It argues that capitalist development has everywhere and from the start

involved not whole nations or societies but only sectors or geographical areas within states By bringing this aspect of historically normal capitalist development into clearer focus the book clarifies the specific conditions and circumstances that enabled European economies to pursue a more broad based development following World War II and what prevented a similar outcome in the contemporary third world It also clarifies the nature spatial extent and circumstances of current globalising trends Wide ranging and provocative this book is required reading for advanced level students and scholars in development studies development economics and political science History Today Peter Quennell,1984 **War and Social Change in Modern Europe** Sandra Halperin,2004 This book focuses on the interrelationship of social forces industrial expansion and conflict in Europe between 1789 and 1945 *Lifetimes of Commitment* Molly Andrews,1991-05-31 Explores the ways in which political belief is developed and sustained throughout the course of a lifetime Through interviews it focuses on the lives of 15 British men and women aged between 70 and 90 who have dedicated half a century or longer to working for social change and justice *Contested Social Orders and International Politics* David Skidmore,1997 Political scientists historians economists and sociologists who are concerned with international relations will find this a challenging and welcome addition to the theoretical literature that will shed new light on many longstanding debates within the field

British Foreign Policy, 1918-1945 Sidney Aster,1991 An invaluable guide with information to help researchers understand the nature and significance of sources so they can determine where to focus how to allot time and how best to approach materials in the archives Current information on public and private archives libraries research institutes *The English Crime Play in the Twentieth Century* Beatrix Hesse,2015-08-02 This is the first comprehensive study of the English crime play presenting a survey of 250 plays performed in the London West End between 1900 and 2000 The first part is historically orientated while the second one establishes a tentative poetics of the genre The third part presents an analysis of some 20 plays adapted from detective fiction **Atlas of Twentieth Century World History** Michael L.
