**Penile Augmentation** Nam Cheol Park, Sae Woong Kim, Du Geon Moon, 2016-03-21 This book presents state of the art knowledge on penile augmentation with a view to providing a guide that will be highly relevant to clinical practice The coverage is wide ranging with clear descriptions of penile anatomy patient selection and counselling preoperative preparation girth enhancement and penile lengthening techniques postoperative care and the approach to the pediatric patient Experienced surgeons describe operative procedures from traditional fat transfer to the penile disassembly technique and reconstruction of the amputated penis while the newest tissue engineering techniques are presented by leading researchers with reference to high quality data In addition the role of auxiliary medical devices is explained The text is supported by numerous full color illustrations Only recently have the requisite medical skills and techniques been developed to allow safe and reliable penile augmentation and now the procedure is considered comparable to the use of mammoplasty for breast augmentation in women for cosmetic and psychological reasons Penile Augmentation will be of value for all who are involved or interested in the procedure *Penis Enlargement Methods* Gary M. Griffin, 1996 *Manhood* Mels van Driel, 2010-01-30 In *Manhood* van Driel presents the history of the male sexual organ from medical psychological and cultural perspectives

**Personal Stories of "How I Got Into Sex"** Bonnie Bullough, 1997 The whimsical title belies the serious content within this collection of 48 autobiographical essays sharing the lives and loves of sex educators researchers therapists prostitutes criminologists and clergy The contributors stories examine childhood sexual discovery and tragedy teen struggles *The Secret Part* Mels van Driel, 2001 This book gives food for thought about past conquests sexual success or failure and the unrelenting approach of death The tone is light hearted ironic and above all laconic the best way to deal with mortality and impotence Impotence is a tiresome complaint that sometimes has physical causes but often finds its origin in psychological factors a Dutch urologist has written a clear and informative book about it Drawing on his medical knowledge and experiences and on his wide reading of the literature he gives a varied view of male impotence At the crossroads of cultural history psychology literature and medical science he offers an overview of what impotence means for the man and his partner what causes have been sought and what solutions are available He indicates soberly that life without an erection can be enjoyable and argues with fervour that male failure is denounced very sharply by some feminists

**Geheime delen** Mels van Driel, 2011-05-31 In *Geheime delen* worden de mannelijke geslachtsorganen vanuit verschillende perspectieven cultuurhistorische geneeskundige psychologische en literaire bekeken De Groningse uroloog en seksuoloog Mels van Driel geeft een overzicht van typische mannenkwalen bespreekt actuele ontwikkelingen op het gebied van kunstmatige bevruchting ivf ICSI en zaaddonorschap en gaat verder onder meer in op ongewenste kinderloosheid de werking van viagra rituele circumcisie eunuchen in de 21ste eeuw Lance Armstrong computerseks en Elvis voorkeur voor fellatio De geslachtsorganen treden in dit boek op als zelfstandige bijvoeglijke en onwelvoeglijke naamwoorden en figureren

in kleurrijke of platte verhalen en gedichten Alles wat je altijd al over de mannelijke seksualiteit wilde weten heeft de auteur hier beschaafd lichtvoetig ter zake kundig en smakelijk op schrift gesteld Geheime delen is een geactualiseerde en met hoofdstukken over teelballen en prostaat uitgebreide versie van het boek dat in 1997 onder de titel Het geheime deel is verschenen [Forthcoming Books](#) Rose Army,1994-02 *The Advocate* ,1991 **Paperbound Books in Print 1995** Reed Reference Publishing,R5ference Reed,1995-12 **Penis Size and Enlargement** Gary M. **All You Wanted to Know About Penis Enlargement** J. D.

Rockefeller,2016-10-11 There is probably no guy in this world who hasn't wished he was bigger Almost every guy feels that he would be a lot happier if and only if his penis was just an inch or two longer This is probably why there is a huge market for penis enlargement products Pills devices supplements surgery the list just goes on and on Every few days a new product is launched promising to increase your penis size But the question is Do these products actually work Some do but most don't Many of the products on the market are just ways to get your money and that's all In fact many of them can actually cause serious problems such as erectile dysfunction So does that mean there is nothing you can do to increase your size That's also not true There is a lot that you can do to increase the size of your penis You can try exercises You can try herbs There are certain vitamins and minerals you can include in your diet You could also try a few devices available in the market that promise to increase your size And if nothing really works you could consider surgery as a last option Let's discuss some of the natural methods for penis enlargement

**Penis Enlargement** Edwin Carlisle,2017-05-13 How would your life be if you had a thicker longer and stronger Penis What about out of this world Stamina Sure your confidence in yourself and your relationships with women would be much different If you would want all of this things and much more continue reading I can see you reading the words and wondering if there's some easy way to improve your performance Well I have news for you To be able to give a girl what she most craves for you have to put in the effort particularly if you weren't born with a natural ability to use what you have to advantage You're not alone and what you may not realize is that even men with average sized penises can have a supernatural sex life provided that they put in their homework and prepare themselves for the ride of their lives You may wonder what kind of guy writes a book like this but the fact is that I was brought up with brothers and also came into contact with many men during the course of my college years who fired blanks when it came to performance They just didn't have what it takes or did they I saw guys actually comparing sizes in the locker room but when I suggested to them that their performance wasn't all about circumference or length they scoffed the idea I have to be honest While I was enjoying a very healthy sex life and giving girls exactly what it was that they wanted these were the same guys who continued to be losers because they were not prepared to take any responsibility for their performance If you were one of them hey buddy it's now or never You can increase the size of your penis You can improve your thrust but most of all you can enjoy extended lovemaking without disappointing either yourself or the lady you are lucky enough to be sharing your bed with My lady would happily give you a testimony because she knows I learned a very long time ago what makes a difference Suffer from anxiety in bed Have no fear I have you covered in this book which shows you methods that you can employ to get over those performance issues and be confident that you have what it takes to please her I have included details even for those men who have difficulties following prostate problems The exercises are easy are well explained and comprehensive and you will find that in no time at all you will have upped your game and will be able to give her what it is that she wants from the relationship So if you are ready to change your performance in bed from mediocre to screaming level step this way

because the lady you have chosen to share your manhood with deserves the best you can give her It isn't all about you and when you begin to accept that fact and get off your macho high horse you can actually give yourself reason to be able to brag even if it's only in the privacy of the bedroom Here Is A Preview Of What You'll Learn Learn Time Tested Exercises for Growing Your Penis Naturally Learn the Only technique That Can Make You Last Longer Daily Effective Exercise Routines Jelqing Squeezes and Much Much More Take Action Today and Take your Sex Life To a Whole New Level No Nonsense Hard Work Penis Enlargement Gustav Gilmore, 2015-03-06 This book is dedicated to all the women interested in penis enlargement Young ladies old ladies soft ladies and harder ladies in the hope that the results of the methods in it will make their lives better This title not only unveils the most concealed secrets of the adult movie industry either using your hands in intense penis stretching or using weights penis stretching for faster penis enlargement results but reveals a large set of self help techniques that will assist you to have the right state of mind to succeed in the penis enlargement project of your life The techniques will empower you to be most of the time your very best When modern medicine needs to increase the size of living tissue WITHOUT surgery It turns to physical stretching for a solution For example when stretching limb bones Native tribes in the rain forest of South America Africa and Asia many times enlarge different parts of their bodies using tissue stretching as a method of body modification There are many examples such as the enlargement of the necks of Indonesian women the lips of Brazilian native tribal members and the enlargement of the penis itself by the African Karamojong or the Indian Sadhus by means of heavy stretching with weights rocks All those methods are ancient and all you need to check if they work is to type the right keywords in any Internet search engine and read all about them and watch the photographs Just to balance the big picture keep in mind that a penis is normal if it is over 3 inches long and some women will need only smaller penises for a normal sexual life If you are reading this it means that you at least suspect that you may be better off with a larger penis Women feel more confident with a bigger dick Some of them need a huge organ to satisfy their womanly big fantasy A humongous dick of 10 11 or more inches will make them real happy even if the erection is sometimes less than perfect Others need a real man with an 8 inch long penis with a big head and always an iron erection and nothing else will do No matter how much you want to gain penis stretching is for you Because there are many different kinds of penis stretching and not all of them are recommended as truly useful safe and fast enough we will discuss them separately The fact that a method is popular does not mean that you should choose it because sometimes the mass will prefer an easy trick that looks promising to the truly effective method that needs harder work Because the manufacturers and marketers of the popular methods have a big economic interest in making you believe that their method is better than the hard work they have invested heavily in internet content that advocates their products such as penis pills penis pumps penis extenders etc and tries to scare you away from hard work penis enlargement In order to succeed in your penis enlargement quest you need to overcome any kind of fear and trust your common sense and your guts The most concealed secret about penis stretching is

that only real hard penis stretching will create the necessary tissue stress that will induce the tissue cells to multiply and increase penis mass with and outcome both in tissue length and girth The secret is in the intensity of the stretch Obviously the intensity and timing of the stretching routines needs to be spelled out Our solutions include everything from extended information to required hardware for hard penis stretching both hand stretching and weights penis stretching Some of it is completely free Check out our website [www.penis](http://www.penis)
