**PENNINE WAY**, 2019      **Pennine Way** Damian Hall, 2016 To replace its previous two volume guide to the Pennine Way Aurum now publishes an entirely new one volume guide for the 21st century walker The Pennine Way is Britain's toughest long distance path running 268 miles from Derbyshire's Peak District up through the Yorkshire Dales Cumbria and Northumberland into the Scottish Borders Until now Aurum's Trail Guide has covered it in two volumes where our competitors publish one and those volumes have been bulked out with circular day walks which no one essaying the arduous task of walking even a stretch of the Path will realistically want to divert to do Now Damian Hall one of Country Walking's senior contributors has written a completely new guide giving all the information the modern walker requires GPS references gradients of each section public transport links extensive details of the wildlife and flora to be seen along the way and a guide for occasional walkers to the real highlight stretches of the path      Pennine Way Stephen Platt, 2020-07-08 The Pennine Way is a tough old walk It's about 270 miles long 435 km was the first National trail in England and is one of the most famous long distance walks I did it a couple of weeks before I should have during the Covid pandemic of 2020 when the guidelines encouraged outdoor exercise but advised against overnight stays away from home There was no accommodation or catering en route and few shops open I arranged two poste restante food drops at post offices in Alston and Hawes at approximately one third and two thirds of the way That meant I had to wild camp and carry food for a week Lockdown during the Covid pandemic was a great time to do the Pennine Way No one else was on the walk In fact hardly anyone had done it for months and nature had reclaimed the way and at times the path was almost indistinct The guidelines that everyone should stay at home meant that the villages and settlements I passed through were deserted It was like a sci fi movie when everyone has disappeared When I got back people asked me what was the best bit The problem is that so much happens in the 17 days of a walk like this so much that is singular and arresting But with the repetition of walking each day over similar ground it becomes difficult for the mind to encompass and remember Alfred Wainwright who devised the walk in 1938 said he wrote his pictorial companion for himself so he could relive the walk back in the comfort of home In part that's what motivated me But I also needed to make sense of what I'd done to map it out and to fit the parts together as a whole

**Pennine Way North** Tony Hopkins, 2010-06-01 The Pennine Way is the 256 mile 412 km National Trail stretching along the backbone of Britain This volume features the northern section of the Way following the Countryside Agency's acorn waymarks from Bowes across the rugged Durham moors past Hadrian's Wall to Kirk Yetholm a distance of 129 miles 207 km This is the complete official guide for the long distance walker or the weekend stroller All you need is this one book National Trail Guides are the official guidebooks to the fifteen National Trails in England and Wales and are published in association with Natural England the official body charged with developing and maintaining the Trails      **The Pennine Way - the Path, the People, the Journey** Andrew McCloy, 2016-07-31 This book presents a portrait of the Pennine Way Britain's

oldest and best known long distance footpath tracing its remarkable history through the experiences of walkers past and present As Andrew McCloy walks the 268 mile route from the Derbyshire Peak District to the Scottish borders he discovers how the Pennine Way set a benchmark for personal challenge and adventure and how reconnecting with wild places and the unhurried rhythm of the long walk continue to provide a much needed antidote to our busy modern age The resilience of the long distance walker is mirrored in the path s fascinating history the initial struggle for access battles to tame the bogs later challenges of path erosion and the fluctuating circumstances of the rural hostel Above all else however this is a book about Pennine Way people from crusading rambblers to resourceful B B landladies hard working rangers to fanatical trail walkers Their conversations and memories are woven into the narrative to give an account of the changing fortunes of the path and its special significance Personal thoughtful and often humorous The Pennine Way the Path the People the Journey is an exploration of our desire for challenge and adventure the stimulation of wild places and how a long journey on foot through our own country still resonates today It will appeal to people who have walked or are preparing to walk the Pennine Way as well as to those with an interest in the history and legacy of this iconic path     *Home Ground* Andrew Stachulski, 2012-08-08

The essence of *Home Ground* is a collection of twenty walks ranging from about five to fifteen miles in length situated in the North West of England The criterion for selection is that each walk must be situated in whole or in part on Ordnance Survey 1 50 000 Landranger map no 103 Blackburn and Burnley This was the map used by the author when he first began to explore the area almost fifty years ago and these long personal associations heightened by a long absence from the area make this truly his home ground Within this relatively small area there is a rich variety of beautiful scenery largely unsung all lying within some twenty miles of industrial East Lancashire From the suburbs of Blackburn to the fringe of the Yorkshire Dales from the sweeping fells of the Forest of Bowland to the wooded valleys and heights of Calderdale these walks have something to offer to walkers of practically all tastes Both the Forest of Bowland and the Pennine Way feature strongly on the map and in the book and extra sections discuss these features Especially the Forest of Bowland recognized as an area of outstanding national beauty but not a national park is introduced in some detail as its charm and many opportunities for the walker and day visitor are still little known The Pennine Way which features in three of the walks is mentioned more autobiographically as the author recalls his own experience of the Way and its wider relationship to Northern England
