People In Charge Creating Self Managing Workplaces:

People in Charge Robert Rehm, 1999 This handbook contains the tools for creating self managing workplaces using Participative Design Using examples the author shows how the reader can re design their work and create a more productive workplace **Handbook for Strategic HR - Section 4** OD Network, John Vogelsang PhD, Maya Townsend, Matt

Minahan, David Jamieson, Judy Vogel, Annie Viets, Cathy Royal, Lynne Valek, 2015-04-01 Thinking systemically and strategically means moving beyond a focus on the individual to understand the larger organizational and environmental systems and how the dynamics of those systems impact work performance and the readiness for change This section will explain how certain problems recur and are often made worse by quick solutions how one decision can impact many people and set in motion a situation that can create numerous unexpected outcomes for the organization and how to decide where best to begin

fostering change with individuals groups departments the organization policies practices culture etc or the external market community relationship *Team Coaching: Artists at Work* Helena Dolny, 2012-09-27 No company has ever succeeded simply because it has brilliant individuals in its ranks in fact many have failed because they have not succeeded in getting great talent to work together as a team Every single South African business lives or dies by its ability to get its people to work together in constantly changing teams towards achieving the common goals of the company *Team Coaching Artists at Work* shows how the right coaching interventions can build skills in individuals so that they can become effective team players in a variety of work situations The book is not surprisingly a team effort A group of top South African coaches got together to share everything they had used individually when coaching teams This pooling of best practice was so exciting the outcome so much more than anticipated that they decided to write this book together This is not a DIY manual nor is it a bible Corporate teams are often temporary and shifting in nature with continuous restructuring promotions new people moving in others resigning Flexibility and creativity are critical That s precisely where team coaching interventions come in to increase individual self awareness enhance people s ability to adapt to the styles of others and create cohesion and commitment of how to work together That s when the real people power of an organisation starts to make itself felt when talented individuals become effective team members Coaches are artists who bring their facilitation talents and tools to the team to make this happen This is a book for business and team leaders who would like to turn a collection of outstanding individuals into an unbeatable team Coaching is one of the fastest growing professions and this book contributes to wider understanding of what potential coaching offers not only for business teams but also for societal transformation
