*People in Quandaries* Wendell JOHNSON,1976      People in Quandaries: the Semantics of Personal Judgement Wendell JOHNSON,1946      What Do You Mean and How Do You Know? Nicholas Johnson,2009 We are the only species able to talk ourselves into difficulties that would not otherwise exist from divorce to war Here s a book full of practical suggestions on how to use our language to improve our lives      *Social Rules* David Braybrooke,2018-03-05 This collection is a pioneering effort to bring together in fruitful interaction the two dominant perspectives on social rules One shared by philosophers lawyers anthropologists and sociologists directly invites formalization by a logic of rules The other originating with economists emphasizes cost considerations and invites mathematical treatment often in game theoretical models for problems of coordination models that some philosophers have taken up as well Each perspective is represented by new and recent work that moves this important topic toward increased conceptual precision and deeper insight As a whole the collection strikes a balance between historical illustrations and theoretical argument offering in both a rich body of suggestions for further work      **Word versus Deed** Duane Litfin,2012-04-30 The Bible teaches that the church is called to a balanced ministry of both preaching the gospel in words and showing it with deeds Yet the church has often found it difficult to find and maintain this balance Today some are emphasizing deeds at the expense of words while others hold fast to talking and forsake the doing This is an imbalance that must be righted Standing at the helm of a leading Christian college Duane Litfin has had a first hand look at the issues students and alumni are talking about Many Christians are excited to debate the importance of social justice and evangelism now more than ever before Seeking to level the balance Litfin steers the conversation toward the biblical harmony of word and deed pointing out the church s tendency to overcorrect either cutting out the preaching of the gospel or forgetting the application of action An elder statesmen in the church Litfin s training in communication theory and in detailed exegesis is brought to bear on this important subject bringing verbal proclamation in sync with the witness of one s actions      **The Journal of Speech Disorders** ,1946      *Etc* ,1996      **Monthly Bulletin** San Francisco Public Library,1919      Logic on the Track of Social Change David Braybrooke,Bryson Brown,Peter K. Schotch,1995 The book sets out a new logic of rules developed to demonstrate how such a logic can contribute to the clarification of historical questions about social rules The authors illustrate applications of this new logic in their extensive treatments of a variety of accounts of social changes analysing in these examples the content of particular social rules and the course of changes in them      **New Outlook** ,1955      *Man's Place in Nature* Charles Francis Hockett,1973      **A Global Encyclopedia of Historical Writing** D.R. Parish,2016-11-11 The caste system fascinates Western scholars because it forms the basis for South Asian society but how does it affect its participants      **Profiles in Communication** Max McElwain,1991      *The Breakup 2.0* Ilana M.

Gershon,2010-12-15 A few generations ago college students showed their romantic commitments by exchanging special objects rings pins varsity letter jackets Pins and rings were handy telling everyone in local communities that you were spoken for and when you broke up the absence of a ring let everyone know you were available again Is being Facebook official really more complicated or are status updates just a new version of these old tokens Many people are now fascinated by how new media has affected the intricacies of relationships and their dissolution People often talk about Facebook and Twitter as platforms that have led to a seismic shift in transparency and over sharing What are the new rules for breaking up These rules are argued over and mocked in venues from the New York Times to lamebook com but well thought out and informed considerations of the topic are rare Ilana Gershon was intrigued by the degree to which her students used new media to communicate important romantic information such as it s over She decided to get to the bottom of the matter by interviewing seventy two people about how they use Skype texting voice mail instant messaging Facebook and cream stationery to end relationships She opens up the world of romance as it is conducted in a digital milieu offering insights into the ways in which different media influence behavior beliefs and social mores Above all this full fledged ethnography of Facebook and other new tools is about technology and communication but it also tells the reader a great deal about what college students expect from each other when breaking up and from their friends who are the spectators or witnesses to the ebb and flow of their relationships The Breakup 2 0 is accessible and riveting
