

A lot of people like lollipops. I don't like lollipops. To me, a lollipop is hard candy plus garbage. I don't need a handle. Just give me the candy.

People Are Like Lollipops:

People Are Like Lollipops Annie Fox, 2013-01-17 When children first start school they begin to notice that all people don't all look or dress or talk alike With simple words and delightful illustrations that shine a light on those differences *People Are Like Lollipops* helps kids understand that in spite of all these superficial differences when it comes right down to it all people are just people And that's something to smile about *People are Like Lollipops* Ann Larris, 1971 Explains the wisdom of an old man's statement that people are like lollipops *Parables of Salvation* David Williams, 2002-09-16 The author's wife has frequently reminded him that there is a sermon in everything The parables of Jesus demonstrate clearly to us that spiritual truths can be readily communicated with the aid of everyday objects Just as Jesus used real life situations such as sowing or lost coins so the attempt is made here to draw spiritual lessons from objects met every day The emphasis in this book is on familiar objects such as will be met frequently in life Thus while it is a good and valid technique to add visual material to a talk by means of a picture a word or a series of letters this is not done here The emphasis is on the object and the message gleaned from that rather than on an attempt to visualize the message Those wanting inspiration for children's talks that will not bore them or illustrations to liven up a sermon will find a wealth of ideas here No time consuming making of pictures and posters but just the use of ordinary objects found in every home ***The Sweet Little Kingdom of Lollipops* Susan H.
