Pope Francis Mario I Aguilar, 2014-05-29 Pope Francis His Life and Thought paints a compelling picture of a truly remarkable pope considering his life in detail until his election as Pope Francis in 2013 Cardinal Jorge Bergoglio was a highly unusual candidate for the papacy for two main reasons the pope from far away is the first non European to be elected and furthermore he began his career as a Jesuit one of God's soldiers Members of the order traditionally do not ascend the hierarchy of the Church and it took a personal request from Pope John Paul II for Bergoglio to leave the Society of Jesus and accept his appointment as bishop Bergoglio's theological principles have been profoundly shaped by these two factors However the author also reveals that the evolution of his thought was deeply affected by his simple Argentinean upbringing and his fearless work in the slums of Buenos Aires as a young Jesuit and as a senior member of the Church Bergoglio has consistently emphasised the importance of alleviating the suffering of the poor following the teaching of Vatican II and in keeping with his own unflinching morality This volume reveals Pope Francis as remarkably humble and altruistic man doctrinally conservative and engaged less in politics than in the struggle to re centre the Church at the margins of society It will be of great interest to any reader who wishes to know more about this inspiring individual

The Hope of Liberation in World Religions Miguel A. De La Torre, 2008 Liberation theology emphasizes the Christian mission to bring justice to the poor and oppressed As a part of Christian theology liberation theology has been most frequently associated with the Catholic Church in Latin America This groundbreaking work seeks to identify how the theological concepts of liberation theology might be manifested within other world faith traditions This is thus the first book that attempts to find a common ground for liberation theology across religions All of the contributors are scholars who share the religion or belief system they describe Throughout they endeavor to articulate liberationist concepts from the perspective of those who have been marginalized
