Pepys The Revolution:

Pepys and the Revolution Arthur Bryant, 1979 When Arthur Bryant's three volume study of Pepys first appeared it was received with unanimous acclaim by historians and literary critics alike Now forty years later as its second and third volumes are at present out of print Sir Arthur is republishing as a separate volume the story of Pepys and the Revolution of 1688 to which he has added an Epilogue about the great Secretary's and diarist's closing years **Samuel Pepys: Plague, Fire, Revolution**, 2016-02-02 The life career and world of Samuel Pepys lavishly illustrated and published to coincide with an exhibition at the National Maritime Museum Samuel Pepys 1633-1703 lived through one of the most exciting and troubled periods in English history He saw the people rise up in the name of liberty and execute their king During the plague of 1665 he endured months of terror and the following year he witnessed the Great Fire of London Toward the end of his life Pepys and the country suffered further upheaval when his patron the Catholic James II was ousted by the Protestant William III and Queen Mary in the Glorious Revolution of 1688 Published to coincide with an exhibition at the National Maritime Museum in Greenwich UK this engaging portrait explores the public and personal worlds of Pepys not only a famous diarist whose description of the Fire of London is unequalled but also an energetic and talented man who rose from modest beginnings to become the greatest naval administrator of the age An introduction by Pepys's award winning biographer Claire Tomalin engaging essays on every aspect of his life and world and illustrations that include a rich variety of paintings engravings and objects make this an unprecedented look at a remarkable man Pepys's Navy J. D. Davies, 2008-11-20 An extensively illustrated reference covering four tumultuous decades that gave birth to the modern Royal Navy Winner of the Samuel Pepys Prize and Latham Medal This reference book describes every aspect of the English navy in the second half of the seventeenth century from the time when the Fleet Royal was taken into Parliamentary control after the defeat of Charles I until the accession of William and Mary in 1689 when the long period of war with the Dutch came to an end This is a crucial era that witnessed the creation of a permanent naval service in essence the birth of today's Royal Navy Samuel Pepys whose thirty years of service did so much to replace the ad hoc processes of the past with systems for construction and administration is one of the most significant players and the navy that was by 1690 ready for a century of global struggle with the French owed much to his tireless work This major reference for historians naval enthusiasts and anyone with an interest in this colorful era of the seventeenth century covers naval administration ship types and shipbuilding naval recruitment and crews seamanship and gunnery shipboard life dockyards and bases the foreign navies of the period the three major wars fought against the Dutch in the Channel and the North Sea Davies writes clearly knows his subject extremely well organizes the material effectively and covers each topic thoroughly there's some new piece of revelatory detail on pretty much every page If you're at all interested in seventeenth century sailing ships especially English ships this is a truly fascinating and rewarding book Corsairs and Captives **Pepys's London** Stephen Porter, 2011-08-15 Everyday life in the

teeming metropolis during Pepys's time in the city c 1650-1703

The Financial Revolution 1660 - 1750 Henry G.

Roseveare, 2014-05-12 The financial revolution marked the end of medieval England and through the major institutions such as Lloyds and the Bank of England laid the foundations on which England's emergence as a world power was based. The subsequent changes radically altered English politics and this book aims to provide a concise guide to them. The series provides analysis of complex issues and problems in important A-level Modern History topics. Using supporting documents, the books aim to give students a clear account of historical facts and an understanding of the central themes and differing interpretations. It is aimed at A-level first year university students and those at polytechnics and colleges of higher education. It should also be of interest to the general public who have an interest in British history.

The Matter of Revolution John Rogers, 2018-09-05 John Rogers here addresses the literary and ideological consequences of the remarkable if improbable alliance between science and politics in seventeenth century England. He looks at the cultural intersection between the English and Scientific Revolutions, concentrating on a body of work created in a brief but potent burst of intellectual activity during the period of the Civil Wars, the Interregnum, and the earliest years of the Stuart Restoration. Rogers traces the broad implications of a seemingly outlandish cultural phenomenon: the intellectual imperative to forge an ontological connection between physical motion and political action.

The Anatomy of Revolution Revisited Bailey Stone, 2013-11-25 This study aims to update a classic of comparative revolutionary analysis: Crane Brinton's 1938 study *The Anatomy of Revolution*. It invokes the latest research and theoretical writing in history, political science, and political sociology to compare and contrast in their successive phases the English Revolution of 1640-60, the French Revolution of 1789-99, and the Russian Revolution of 1917-29. This book intends to do what no other comparative analysis of revolutionary change has yet adequately done. It not only progresses beyond Marxian socioeconomic class analysis and early revisionist stresses on short-term accidental factors involved in revolutionary causation and process; it also finds ways to reconcile state-centered structuralist accounts of the three major European revolutions with postmodernist explanations of those upheavals that play up the centrality of human agency, revolutionary discourse, mentalities, ideology, and political culture.

London and the Seventeenth Century Margarette Lincoln, 2021-02-23 The first comprehensive history of seventeenth century London told through the lives of those who experienced it. The Gunpowder Plot, the Civil Wars, Charles I's execution, the Plague, the Great Fire, the Restoration, and then the Glorious Revolution: the seventeenth century was one of the most momentous times in the history of Britain, and Londoners took center stage. In this fascinating account, Margarette Lincoln charts the impact of national events on an ever-growing citizenry with its love of pageantry, spectacle, and enterprise. Lincoln looks at how religious, political, and financial tensions were fomented by commercial ambition, expansion, and hardship. In addition to events at court and parliament, she evokes the remarkable figures of the period, including Shakespeare, Bacon, Pepys, and Newton, and draws on diaries, letters, and wills to trace the untold stories of ordinary Londoners. Through their eyes, we see how the nation emerged from a

turbulent century poised to become a great maritime power with London at its heart the greatest city of its time

The Seaforth Bibliography Eugene Rasor,2009-04-17 This remarkable work is a comprehensive historiographical and bibliographical survey of the most important scholarly and printed materials about the naval and maritime history of England and Great Britain from the earliest times to 1815 More than 4 000 popular standard and official histories important articles in journals and periodicals anthologies conference symposium and seminar papers guides documents and doctoral theses are covered so that the emphasis is the broadest possible But the work is far far more than a listing The works are all evaluated assessed and analysed and then integrated into an historical narrative that makes the book a hugely useful reference work for student scholar and enthusiast alike It is divided into twenty one chapters which cover resource centres significant naval writers pre eminent and general histories the chronological periods from Julius Caesar through the Vikings Tudors and Stuarts to Nelson and Bligh major naval personalities warships piracy strategy and tactics exploration discovery and navigation archaeology and even naval fiction Quite simply no one with an interest and enthusiasm for naval history can afford to be without this book at their side

Revolutionary Politics and Locke's Two Treatises of Government Richard Ashcraft,2021-07-13 Richard Ashcraft offers a new interpretation of the political thought of John Locke by viewing his ideas especially those in the Two Treatises of Government in the context of his political activity Linking the implications of Locke s political theory with his practical politics Professor Ashcraft focuses on Locke s involvement with the radical Whigs who challenged the established order in England from the 1670s to the 1690s An equally important aim of the author is to provide a case study of a revolutionary movement that includes a discussion of its organization ideology socio economic composition and political activities Based upon a detailed examination of manuscripts diaries correspondence and newspapers Professor Ashcraft presents a wealth of new historical evidence on the political life of Restoration England This study represents an example of an approach to political theory that stresses the importance of authorial intentions and of the political social and economic influences that structure a particular political debate

The Bookman ,1906

Catalogue of Rare Books Ellis (Firm),1927

The Taste of Empire Lizzie Collingham,2017-10-03 A history of the British Empire told through twenty meals eaten around the world In *The Taste of Empire* acclaimed historian Lizzie Collingham tells the story of how the British Empire s quest for food shaped the modern world Told through twenty meals over the course of 450 years from the Far East to the New World Collingham explains how Africans taught Americans how to grow rice how the East India Company turned opium into tea and how Americans became the best fed people in the world In *The Taste of Empire* Collingham masterfully shows that only by examining the history of Great Britain s global food system from sixteenth century Newfoundland fisheries to our present day eating habits can we fully understand our capitalist economy and its role in making our modern diets

Seventeenth Century Practical Mathematics Paul Hughes,2021-09-28 This exciting Greenville Collins biography is about seventeenth century navigation focusing for the first time on mathematics practised at

sea This monograph argues the Restoration kings Charles II and James II promotion of cartography for both strategy and trade It is aimed at the academic cartographic and larger market of marine enthusiasts Through shipwreck and Arctic marooning and Dutch and Spanish charts Collins evolved a Prime Meridian running through Charles s capital After John Ogilby s successful Britannia Charles set Collins surveying his kingdom s coasts and James set John Adair surveying in Scotland They triangulated at sea Subsequently Collins persuaded James to sustain his dead brother s ambition This the British coast s first survey took six years After James s flight and William III s invasion Collins lead the royal yacht squadron for six years more garnering funds to publish Great Britain s Coasting Pilot The Admiralty and civic institutions subsidised what became his own pilot Collins aided Royal Society members in their investigations and his new guide remained vital to navigators through the century following Charles s cartographic promotion bloomed the most spectacularly in the atlases of Ogilby Collins and John Flamsteed for roads harbours and stars *British Literature 1640-1789* Robert DeMaria,

Jr.,2015-12-21 Spanning the period from the British Civil War to the French Revolution the fourth edition of this successful anthology increases its coverage of canonical writings plays and of the development of British Literature in the American colonies A thoroughly updated new edition of this popular anthology which focuses firmly on the eighteenth century without neglecting the seventeenth century Contains new texts including the play *Rover* by Aphra Behn and *Beggars Opera* by John Gay increased canonical works including works by Dryden Pope and Johnson and historical contextual materials with particular attention to the Americas Features updated introductions throughout taking into account recent critical works and editions Includes useful resources such as an alternative list of contents by theme and a chronolgy of literary and political events providing valuable historical and cultural context **Restoration** Tim Harris,2006-01-26 The late

seventeenth century was a period of extraordinary turbulence and political violence in Britain the like of which has never been seen since Beginning with the Restoration of the monarchy after the Civil War this book traces the fate of the monarchy from Charles II s triumphant accession in 1660 to the growing discontent of the 1680s Harris looks beyond the popular image of Restoration England revelling in its freedom from the austerity of Puritan rule under a merry monarch and reconstructs the human tragedy of Restoration politics where people were brutalised hounded and exploited by a regime that was desperately insecure after two decade of civil war and republican rule *Perspectives on English Revolutionary*

Republicanism Dirk Wiemann,2016-05-13 *Perspectives on English Revolutionary Republicanism* takes stock of developments in the scholarship of seventeenth century English republicanism by looking at the movements and schools of thought that have shaped the field over the decades the linguistic turn the cultural turn and the religious turn While scholars of seventeenth century republicanism share their enthusiasm for their field they have approached their subject in diverse ways The contributors to the present volume have taken the opportunity to bring these approaches together in a number of case studies covering republican language republican literary and political culture and republican religion to paint a lively picture

of the state of the art in republican scholarship The volume begins with three chapters influenced by the theory and methodology of the linguistic turn before moving on to address cultural history approaches to English republicanism including both literary culture and practical political culture The final section of the volume looks at how religion intersected with ideas of republican thought Taken together the essays demonstrate the vitality and diversity of what was once regarded as a narrow topic of political research *Dwight's Journal of Music* ,1880 English/British Naval History to 1815 Eugene L. Rasor,2004-10-30 The English British have always been known as the sailor race with hearts of oak the Royal Navy as the Senior Service and First Line of Defense It facilitated the motto The sun never set on the British Empire The Royal Navy has exerted a powerful influence on Great Britain its Empire Europe and ultimately the world This superior annotated bibliography supplies entries that explore the influence of the English British Navy through its history This survey will provide a major reference guide for students and scholars at all levels It incorporates evaluative qualitative and critical analysis processes the essence of historical scholarship Each one of the 4 124 annotated entries is evaluated assessed analyzed integrated and incorporated into the historiographical scholarship *Transactions of the Devonshire Association for the Advancement of Science, Literature and Art* Devonshire Association for the Advancement of Science, Literature and Art,1876 List of members in each volume

The Enigmatic Realm of **Pepys The Revolution**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
