The Things We Carry Courtney Adams Wooten, Jacob Babb, Kristi Murray Costello, Kate Navickas, 2020-10-01 Emotional labor is not adequately talked about or addressed by writing program administrators The Things We Carry makes this often invisible labor visible demonstrates a variety of practical strategies to navigate it reflectively and opens a path for further research Particularly timely this collection considers how writing program administrators work when their schools or regions experience crisis situations The book is broken into three sections one emphasizing the WPA s own work identity one on fostering community in writing programs and one on balancing the professional and personal Chapters written by a diverse range of authors in different institutional and WPA contexts examine the roles of WPAs in traumatic events such as mass shootings and natural disasters as well as the emotional labor WPAs perform on a daily basis such as working with students who have been sexually assaulted or endured racist sexist homophobic and otherwise disenfranchising interactions on campus The central thread in this collection focuses on preserving by acknowledging that emotions are neither good nor bad and that they must be continually reflected upon as WPAs consider what to do with emotional labor and how to respond Ultimately this book argues for more visibility of the emotional labor WPAs perform and for WPAs to care for themselves even as they care for others The Things We Carry extends conversations about WPA emotional labor and offers concrete and useful strategies for administrators working in both a large range of traumatic events as well as daily situations that require tactical work to preserve their sense of self and balance It will be invaluable to writing program administrators specifically and of interest to other types of administrators as well as scholars in rhetoric and composition who are interested in emotion more broadly

The Sense of Brown José Esteban Muñoz, 2020-08-24 The Sense of Brown is Jos Esteban Mu oz s treatise on brownness and being as well

as his most direct address to queer Latinx studies In this book which he was completing at the time of his death Mu oz examines the work of playwrights Ricardo Bracho and Nilo Cruz artists Nao Bustamante Isaac Julien and Tania Bruguera and singer Jos Feliciano among others arguing for a sense of brownness that is not fixed within the racial and national contours of Latinidad This sense of brown is not about the individualized brown subject rather it demonstrates that for brown peoples being exists within what Mu oz calls the brown commons a lifeworld queer ecology and form of collectivity In analyzing minoritarian affect ethnicity as a structure of feeling and brown feelings as they emerge in through and beside art and performance Mu oz illustrates how the sense of brown serves as the basis for other ways of knowing and being in the world

Hide/Seek Jonathan D. Katz, David C. Ward, 2010-11-02 An entirely new interpretation of modern American portraiture based on the history of sexual difference *Hide Seek Difference and Desire in American Portraiture* companion volume to an exhibition of the same name at the National Portrait Gallery Smithsonian Institution traces the defining presence of same sex desire in American portraiture through a seductive selection of more than 140 full color illustrations drawings and portraits from leading American artists Arcing from the turn of the twentieth century through the emergence of the modern gay liberation movement in 1969 the tragedies of the AIDS epidemic and to the present *Hide Seek* openly considers what has long been suppressed or tacitly ignored even by the most progressive sectors of our society the influence of gay and lesbian artists in creating American modernism *Hide Seek* shows how questions of gender and sexual identity dramatically shaped the artistic practices of influential American artists such as Thomas Eakins Romaine Brooks Marsden Hartley Georgia O Keeffe Charles Demuth Jasper Johns Robert Rauschenberg Andrew Wyeth Andy Warhol Robert Mapplethorpe and many more in addition to artists of more recent works such as Felix Gonzalez Torres Glenn Ligon Catherine Opie and Cass Bird The authors argue that despite the late nineteenth century definition and legal codification of the homosexual in reality questions of sexuality always remained fluid and continually redefined by artists concerned with the act of portrayal In particular gay and lesbian artists of but not fully in the society they portrayed occupied a position of influential marginality from which vantage point they crafted innovative and revolutionary ways of painting portraits Their resistance to society's attempt to proscribe them forced them to develop new visual vocabularies by which to code disguise and thereby express their subjects identities and also their own Bringing together for the first time new scholarship in the history of American sexuality and new research in American portraiture *Hide Seek* charts the heretofore hidden impact of gay and lesbian artists on American art and portraiture and creates the basis for the necessary reassessment of the careers of major American artists both gay and straight as well as of portraiture itself

ARLIS/NA Update ,1996 *Art Labor, Sex Politics* Siona Wilson,2015-02-01 Contrary to critics who have called it the undecade the 1970s were a time of risky innovative art and nowhere more so than in Britain where the forces of feminism and labor politics merged in a radical new aesthetic In *Art Labor Sex Politics* Siona Wilson investigates the charged relationship of sex and labor politics as it played out in the making of feminist art in 1970s Britain Her sustained exploration of works of experimental film installation performance and photography maps the intersection of feminist and leftist projects in the artistic practices of this heady period Collective practice grassroots activism and iconoclastic challenges to society's sexual norms are all fundamental elements of this theoretically informed history The book provides fresh assessments of key feminist figures and introduces readers to less widely known artists such as Jo Spence and controversial groups like COUM Transmissions Wilson's interpretations of two of the best known and infamous exhibitions of feminist art Mary Kelly's *Post Partum Document* and COUM Transmissions *Prostitution* supply a historical context that reveals these works anew Together these analyses demonstrate that feminist attention to sexual difference sex and psychic formation reconfigures received categories of labor and politics How and how much do sexual politics transform our approach to aesthetic debates What effect do the tropes of sexual difference and labor have on the very conception of the political within cultural practice These are the questions that animate *Art Labor Sex Politics* as it illuminates an intense and influential decade of intellectual and artistic experimentation
