Quests of Difference George Douglas Atkins, 2021-11-21 In this eminently readable book G Douglas Atkins continues the efforts undertaken in *Reading Deconstruction* Deconstructive Reading to open eighteenth century texts to the insights of recent critical theory Through close readings of most of Pope's major poems Atkins demonstrates how the powerful theoretical movement known as deconstruction enriches challenges and significantly modifies our understanding of the work of the greatest poet of the eighteenth century The first full scale deconstructive study of Augustan poetry *Quests of Difference* at once offers a fresh and compelling reading of Pope and makes an important contribution to constructive criticism Though it will be of particular interest and importance to specialists in both eighteenth century studies and criticism and theory *Quests of Difference* is written with the general reader in mind All readers will appreciate the intelligence and balance of Atkins approach as well as the clarity informality and grace that distinguish his writing

Oldfield, 2010-01-20 This exciting interdisciplinary volume featuring contributions from a group of leading international scholars reflects on the long history of representations of transatlantic slaves and slavery encompassing a broad chronological range from the eighteenth century to the present day The English

Poetic Epitaph Joshua Scodel, 1991 Readers interested in English literary history cultural poetics comparative literature the history of attitudes toward death and the relationship between literature and the visual arts will find *The English Poetic Epitaph* a fascinating reading **The Dunciad in Four Books** Valerie Rumbold, 2014-06-11 *The Dunciad in Four Books* of 1743 was the culmination of the series of *Dunciads* which Alexander Pope produced over the last decade and a half of his life It comprises not only a poem but also a mass of authorial annotation and appendices and this authoritative edition is the only one available which gives all the verse and the prose in a clearly laid out form with a full modern commentary Accessibly presented on the same page as Pope's text are explanatory notes written in a style adapted to the needs of undergraduate readers but still comprehensive enough to address the interests of scholars The many books and pamphlets to which Pope refers have been examined in detail and the commentary takes advantage of the fifty years scholarship on literary bibliographical cultural and political aspects of the period which has accumulated since James Sutherland's *The Dunciad* volume five of the *Twickenham Edition* A substantial introduction offers a stimulating and helpful approach to the work and the bibliography includes extensive suggestions for further reading *The Oxford Handbook of Eighteenth-century Satire* Paddy Bullard, 2019 This handbook is a guide to the kinds of satire written in English during the long eighteenth century and it focuses on texts that appeared between the restoration of the Stuart monarchy in 1660 and the outbreak of the French Revolution in 1789 The Literary and Cultural Spaces of Restoration London Cynthia Wall, 1998 In September 1666 the Great Fire destroyed four fifths of the ancient City of London within three days All that had been familiar settled known was suddenly and entirely swept away Londoners faced an emptiness that was not only physical but also historical social financial

and conceptual The Literary and Cultural Spaces of Restoration London is the first study to situate the literature of Restoration and early Augustan England within the historical and cultural contexts of the rebuilding of London after the Great Fire Cynthia Wall relates the marked topographical specificity of plays poems and novels to a wider cultural network of responses to changing perceptions of urban space and she shows how the literatures of the period along with the surveying mapping rebuilding and official redescribing of the city attempt to reinvest the city with comprehensible meaning and create new spaces for new genres

Poetry and Jacobite Politics in Eighteenth-Century Britain and Ireland Murray G. H.

Pittock,2006-11-02 The project of this book is to question and rewrite assumptions about the nature of the Augustan era through an exploration of Jacobite ideology Taking as its starting point the fundamental ambivalence of the Augustan concept the author studies canonical and non canonical literature and uncovers a new four nations literary history of the period defined in terms of struggle for control of the language of authority between Jacobite and Hanoverian writers This struggle is seen to have crystallized Irish and Scottish opposition to the British state The Jacobite cause generated powerful popular literature and the sources explored include ballads broadsides and writing in Scots Irish Welsh and Gaelic The author concludes that the literary history we inherit is built on the political outcome of the Revolution of 1688

Falling Towers

John A. Richardson,1992 The similar casts of the imagination shared by these three poems can be traced back to the similar cultural conditions under which the poets wrote Each stood in and indeed stood for a cultural tradition that was exhausted and dying Skelton was arguably the last medieval poet Pope the last Renaissance poet and Eliot the last romantic One important pattern of conflict that can be seen in all three poems is between age and youth Each poet speaks with an aged voice Skelton s parrot is a very old bird and the poet himself is not very far behind him Pope is present behind The Dunciad in the character he publicly cultivated in the 1730s of the wise old philosopher and Eliot s speaker in The Waste Land who is probably much like Eliot himself is implicitly aged The speakers worlds are dominated by youth a motif that is quite marked in each of the poems

Milton in the Long Restoration Blair Hoxby,Ann Baynes Coiro,2016-08-25

Milton criticism often treats the poet as if he were the last of the Renaissance poets or a visionary prophet who remained misunderstood until he was read by the Romantics At the same time literary histories of the period often invoke a Long Eighteenth Century that reaches its climax with the French Revolution or the Reform Bill of 1832 What gets overlooked in such accounts is the rich story of Milton s relationship to his contemporaries and early eighteenth century heirs The essays in this collection demonstrate that some of Milton s earliest readers were more perceptive than Romantic and twentieth century interpreters The translations editions and commentaries produced by early eighteenth century men of letters emerge as the seedbed of modern criticism and the term neoclassical is itself unmasked as an inadequate characterization of the literary criticism and poetry of the period a period that could brilliantly define a Miltonic sublime even as it supported and described all the varieties of parody and domestication found in the mock epic and the novel These essays which are written by a team of

leading Miltonists and scholars of the Restoration and eighteenth century cover a range of topics from Milton's early editors and translators to his first theatrical producers from Miltonic similes in Pope's *Iliad* to Miltonic echoes in Austen's *Pride and Prejudice* from marriage to slavery to republicanism to the heresy of Arianism. What they share in common is a conviction that the early eighteenth century understood Milton and that the Long Restoration cannot be understood without him.
