His achievements are well documented yet he once said I can only be understood from the inside. In this vivid and accessible living portrait O'Connor investigates the inner man including Karol Wojtyla's life before he became Pope and his friendships with men and women subtly analysing the Pope's own poems, plays and philosophical works for clues as to what made him tick. It also dramatically follows his life from his birth in Poland in 1920 through the losses that shaped his childhood, the assassination attempt in 1981 and his great public confrontations on the world stage right up until his death in April 2005.
