Faith and Leadership Michael P. Riccards,2012-04-19 This study is a comprehensive history of the papacy the oldest elective office in the world and how it has managed over the centuries the most complex voluntary association of faith The book argues that in fact through most of its existence the papacy has adapted managerial models of the secular world and applied them to the Catholic Church Since its emergence from the Jewish synagogues to a persecuted minority in the Roman Empire to becoming the established religion of the West the Church and the papacy engaged the world on its own terms It is only after the Council of Trent did the Church become somewhat more divorced and estranged from the environment around it This book focused on those changes and on the great popes across the centuries who reformed and altered Catholicism Special attention is directed to Gregory I Innocent I Innocent III Pius IX Leo XIII Pius XI Pius XII John XXVII Paul VI and John Paul II The conclusion is that the persistence of the Catholic Church for so many centuries was due to its ability to preserve the faith but re establish its forms and managerial class *My Years in Vatican Service* Edward Idris Cassidy,2009 Cardinal Cassidy a retired Vatican diplomat who shepherded ecumenical and interreligious dialogue during the crucial papacy of Pope John Paul II reflects on a half century of serving the Church around the world and fostering relationships between Christianity and other faiths He provides anecdotal chapters on his time bringing the Vatican s message and especially the spirit of Vatican II to diverse countries in Africa Asia Latin America and Europe before returning to the Vatican to concentrate especially on relations with other Christian communities and Jews Book jacket **A History of California Literature** Blake Allmendinger,2015-05-19 This History explores the historical periods literary genres and cultural movements of California
