creation of Israel More than seventy years ago in 1948 the State of Israel came into being amidst great controversy How did the state arise What led to the founding of Israel This book sets out to give a chronological journey of the Jewish people from the time Abraham came out of the land of Ur three thousand years ago until six million of them died in the horror of the Holocaust under Hitler and his Nazi regime It recounts the many expulsions from the land in which they lived the suffering under Babylonians Greeks Persians the destruction of their temple in Jerusalem in 70 AD and finally genocide and the expulsion by the Romans in 132 AD creating a diaspora across the world The Jews would be charged with killing God and throughout the following centuries would be expelled from countries burned alive after being locked in synagogues or at the stake have all their property seized and get herded into ghettos All of this until that fatal Holocaust which attempted to wipe them from the face of the earth This book recounts their story to achieve a homeland using a wide range of historical documents to tell the story of humiliation suffering poverty and death It tells of religious persecution that would not let them rest and as their journey enters the twentieth century gives a behind the scenes look at how governments manipulated the Middle East and exacerbated divisions
