Poppies And Roses A Story Of Courage:

Poppies and Roses Marjorie Seldon, 1985-01-01 *Public Schools and The Great War* Anthony Seldon, David Walsh, 2013-10-30 A sweeping riveting history that manages to capture the essence of the conflict as well as the contributions of particular schools and individuals HMC Insight Magazine In this pioneering and original book Anthony Seldon and David Walsh study the impact that the public schools had on the conduct of the Great War and vice versa Drawing on fresh evidence from 200 leading public schools and other archives they challenge the conventional wisdom that it was the public school ethos that caused needless suffering on the Western Front and elsewhere The Authors argue that in general the young officers public school education imbued them with idealism stoicism and a sense of service While this helped them care selflessly for the men under their command in conditions of extreme danger it resulted in their death rate being nearly twice the national average This poignant and thought provoking work covers not just those who made the final sacrifice but also those who returned and whose lives were shattered as a result of their physical and psychological wounds It contains a wealth of unpublished detail about public school life before and during the War and how these establishments and the country at large coped with the devastating loss of so many of the brightest and best Seldon and Walsh conclude that 100 years on public school values and character training far from being concepts to be mocked remain relevant and that the present generation would benefit from studying them and the example of their predecessors Beyond Happiness Anthony Seldon, 2015-04-16 As Britain's best known headmaster Sir Anthony famously introduced happiness or well being lessons at his school Wellington College In 2011 he co founded Action for Happiness a body to raise awareness of the discovery of happiness and reduction of depression whose influence is growing rapidly in Britain and across the world In this book Anthony Seldon distinguishes between pleasure happiness and joy and offers an original 8 step approach on how to make our lives far more meaningful and rewarding The pursuit of happiness can all too easily become a trap which seduces us into thinking there is no more to life than being happy In fact the author is highly critical of positive psychology and other dominant schools of thought In fact we need to reach beyond this if we are to access the deepest levels of human experience open to us and find our own unique path in life The author offers a further 5 steps which point the way to accessing these deeper levels of experience which alone result in the joyful life which is our birthright Paradoxically as this book demonstrates stepping off the happiness treadmill will ultimately make for a happier and more fulfilled life It is time to go beyond happiness **Relational Practice: New Approaches to Mental Health and Wellbeing in Schools** Sahaja Timothy Davis, Tom Billington, Mary Chilokoa, Claire-Marie Whiting, 2024-10-01 A clear and compelling text written by teachers psychologists and educationalists Relational Practice New Approaches to Mental Health and Wellbeing in Schools proposes a dynamic and relational approach to supporting the mental health needs of children and young people within education Contributing authors advocate a movement away from the deficit medicalised model of mental health and instead

encourage readers to embrace a relational approach considering philosophical and spiritual dimensions as well as the wider everyday contexts that shape the mental health of individuals groups and school communities Filled with case studies intervention strategies and CPD activities this essential guide bridges the gap between theory research and practice to offer evidence based resources for practical application within schools Areas covered include but are not limited to Supporting neurodivergent and LGBT students to thrive Creating and actioning an anti racist approach Multi agency interventions Relationships in SEND settings Creating a supportive culture to enhance staff wellbeing Appreciative inquiry Staff perceptions of Building Relational Schools BRS The role of intersubjective processes and the impact they have on relationships in educational settings Providing a comprehensive introduction to relational practice within education this is an indispensable resource for anyone working in education who wishes to support the mental health and wellbeing of their school community
